REPORT OF POLICE DEPARTMENT

To the Board of Selectmen of Wenham:

Gentlemen: I wish to submit my report of the Police Department for the year ending December 31, 1936.

Total number of arrests for the year were 7 and are divided as follows:

Female	1
Male	6

All were adults and citizens. Four were residents and three non-residents.

OFFENSES

Drunk	5
Driving under influence of liquor	2
Allowing improper person to operate	1
Larceny	3
Non-support	1

Total number of complaints investigated 185

Attendance in Police Court by Wenham officers 4

Automobile licenses and registrations revoked or suspended during the year 1936 by Frank A. Goodwin, Registrar of Motor Vehicles:

Licenses suspended	5
Registrations revoked	3

Number of notices of intended transfer or sale of motor vehicles issued by the Wenham Police during 1936, forms supplied by the Registrar of Motor Vehicles 35

MISCELLANEOUS

Concerning dogs as reported to Chief of Police:

Dogs lost or stolen	3
Dogs killed	5
Summons served for out-of-town officers	22
Warrants served for out-of-town officers	4
Numbers of Jurors drawn	3
Accidents reported	6
Matron services	2

There is no reimbursement to the town treasury from fines imposed on cases prosecuted by the Wenham Police Department as the law governing these fines has been changed.

The net cost for operating the Police Department for 1936 is $843.34.

Respectfully submitted,

DONALD J. KILLAM,
Chief of Police.

REPORT OF FIRE DEPARTMENT

To the Honorable Board of Selectmen:

The Board of Engineers respectfully submit the following report. The Department has answered a total of 40 alarms—buildings 2, automobiles 2, out of town 1, chimney 1, grass 12, woods 7, State highway bombs 2, dumps 2, sawdust on Cedar Street 2, swampland 7, stills 2.

We have purchased 400 feet of 1½-inch hose. We are short of 2½-inch hose owing to the capacity of the new pumps. We are buying double jacket hose. A lot of our single jacket is 10 years old or more.

Our fire loss has been less than $500 this year. Our payroll has been larger this year on account of some difficult fires in the meadows and swamps.

The following is the property of the Fire Department:

1 combination pumper	1 keg of soda
1 combination chemical	3 gals. sulphuric acid
4 axes	12 prs. rubber boots
2 crowbars	12 rubber coats
3 fire hooks	2100 ft. fire hose
1 stone hammer	600 ft. 1½ in. hose
1 30-ft. extension ladder	12 galvanized pails
1 35-ft. extension ladder	1 Diaphone whistle
2 16-ft. roof ladders	1 roll top desk
4 shovels	4 electric lanterns
3 Foamite tanks	1 hose expander
3 Engineers' helmets	1 battery charger
1 Siamese connection	1 gas mask

Cisterns: One on Walnut Street, near Hale estate; one on Maple Street, near Burley Street; one at West End Schoolhouse; one at junction of Cedar Street; one on Porter Street, opposite Perkins Street; one on Larch Row, near H. A. Prince's house; one at the junction of Larch Row and Walnut Street; one on Larch Row, near the W. P. Dodge estate; one near the house of Fred Batchelder, Main Street; one near the house of Frank Tarr, Main Street; one opposite the Town Hall, Main Street; one at the junction of Main Street and Larch Row; one near the Gordon Prince house, Main Street, one near the junction of Grapevine Road and Hull Street; one on the property formerly owned by the Street Railway, which can be used; one near the James H. Perkins house, Main Street; one on Arbor Street, near School Street; one on School Street, near schoolhouse.

Chemicals, located as follows: Two at Addison Williams' house; two at Town Hall; one at Harry Pulsifer's house; five at Center Schoolhouse, and thirteen at Engine House.

Respectfully submitted,

HORACE A. KILLAM, *Chief,*
THOMAS J. LUXTON, *Asst. Chief,*
ARTHUR B. KNOWLTON, *Clerk.*

Mothers' Aid	300 00
Soldiers' Relief	300 00
Interest	1,000 00
School House Note	2,000 00
County Hospital Note	1,000 00
Moth Work	800 00
Tree Warden	500 00

Incidentals	8,000 00
Snow Removal	4,000 00
Fire	2,000 00
Cemetery	700 00
Library	1,500 00
Parks	250 00
	$71,150 00

* Of the Highway appropriation the sum of $1,000.00 to be spent for permanent sidewalks.

Voted—That the Assessors, with the approval of the Tax Commissioner, be authorized to use Free Cash in the treasury in determining the tax rate of 1936.

ARTICLE FOUR

"HIRING MONEY"

Voted—That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1936, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

ARTICLE FIVE

"STATE AND MILITARY AID"

Voted — That a sufficient sum be appropriated from the Treasury for this purpose.

ARTICLE SIX

"MEMORIAL DAY"

Voted—That the sum of $200.00 be appropriated from the amount raised for Incidentals for the expenses of Memorial Day, the same to be spent under the direction of the soldiers and sailors of Wenham.

ARTICLE SEVEN

"MONEY FOR THE AMERICAN LEGION"

Voted—That the sum of $75.00 be appropriated from the amount raised for Incidentals for the maintenance of the quarters of Norman Prince Post No. 182, American Legion.

ARTICLE EIGHT

"CEMETERY TRUST FUNDS"

Voted—As no funds were received in 1935, that no action be taken.

ARTICLE NINE

"MOSQUITO CONTROL WORKS"

Voted—That the sum of $75.00 be raised and appropriated for the purpose of maintaining, during the ensuing year, the Mosquito Control Works, as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

ARTICLE TEN

"MONEY TO BE USED IN CONNECTION WITH WPA FEDERAL OR UNEMPLOYMENT FUNDS"

Voted—That the sum of $1000.00 be raised and appropriated to be used in connection with WPA Federal or Unemployment Funds which may be allotted to the Town.

ARTICLE ELEVEN

"MONEY TRANSFERRED FROM OVERLAY SURPLUS TO RESERVE FUND"

Voted—That the sum of $2,000.00 be transferred from the Overlay Surplus to the Reserve Fund, as provided in Chapter 40, Section 6, General Laws.

ARTICLE TWELVE

"STREET LIGHTING CONTRACT"

Voted—That the Town ratify the action of the Board of Selectmen in making a five-year contract for Street Lighting with the Beverly Gas & Electric Company.

ARTICLE THIRTEEN

"ANNUAL TOWN MEETING"

Voted—That the Town hold the Annual Town Meeting on the first Monday in March of each year and that the meeting be called by posting attested copies of the warrant in four sections of the Town at least seven days before the time of holding said meeting, at such points as the Selectmen may designate.

ARTICLE FOURTEEN

"MISCELLANEOUS"

On motion of Lester E. Libby

Voted—That:

As a small but sincere expression of our appreciation for the earnest and continuous efforts and coöperation with others for nine years, to maintain and improve the standard of our

schools, we extend to Mrs. Minnie E. Ashworth, our hearty thanks and best wishes.

Also voted:

That a copy of the above be spread upon the Town Records and a copy sent to Mrs. Ashworth.

(Unanimous by a Standing Vote)

A rising vote of thanks was tendered the Wenham Village Improvement Society for the dinner so generously provided to the Voters.

A motion that the Annual Town Meeting for 1937 have the Polls open from 1.00 P. M. to 6.00 P. M. adjourning then to 7.15 P. M. for the business meeting, was defeated by a vote of 35 in the affirmative and 66 in the negative.

Voted—That this meeting be dissolved.

ROSCOE B. BATCHELDER,
Town Clerk.

REPORT OF PARK COMMISSION

To the Citizens of the Town of Wenham:

The Park Commission submits this report.

There was no new work of great importance undertaken in 1936 by the Commission.

The regular upkeep of the Soldiers' Monument lot, Peters' Monument lot, Pingree Park, Car Barn lot, and Mounds was accomplished.

The Commission recommends that the wall on easterly side of Pingree Park be removed. This would eliminate the danger of loose rocks which are continually found on the sidewalk, also less expensive than rebuilding.

Respectfully submitted,

J. F. LYNCH, *Chairman,*
P. J. PERKINS, *Clerk,*
T. J. LUXTON.

TREASURER'S REPORT

Mary Q. Cole, Treasurer, in account with the Town of Wenham:

AUDITOR'S REPORT

The accounts of all officers of this Town intrusted with the receipt or expenditure of money have been examined and the cash balance December 31, 1936, has been verified by actual count and by reconciliation of bank balances.

W. ARTHUR TROWT,
Auditor.

Wenham, Mass., Feb. 6, 1937.

Essex, ss.

Then personally appeared W. Arthur Trowt and made oath that the above statement is true.

ARTHUR D. PRINCE,
Justice of the Peace.

SELECTMEN'S REPORT

With nearly all of the departments making their own reports and some of them in much detail, there seems to be but little need of anything more to be written.

All of the department heads have tried hard to keep their expenses within their appropriation and we appreciate the excellent spirit of coöperation which prevails, and this makes it so much easier to carry on for the best interests of the town.

The town of Hamilton is building their part of Chestnut Street and knowing that this was their plan the Wenham end was constructed during the summer. The expense of this work was taken from the regular highway appropriation.

The permanent sidewalk this year was constructed on Arbor Street, School Street and Linden Street.

You will recall that in the report of the State Audit last year it was recommended that the Incidental Account be divided, as many of the items were large enough for a department. In accordance with this policy, a beginning will be made and Town Officers and Police will carry an appropriation of their own in 1937.

The fence on Cedar Street at the ice house property is only temporary and the Salem and Beverly Water Supply Board will later clear up their land at this point and build a permanent fence, but not exactly following the line of the temporary one.

By way of suggestion, if the owners of land along the highway could arrange to keep the grass and bushes mowed along their property it will add so much more to the neat appearance of the town.

The report of W. P. A. projects follows.

Respectfully submitted,

SAMUEL S. CONARY
ARTHUR D. PRINCE
ELMER E. CLARKE
Selectmen.

W. P. A.

At the beginning of the year twenty-three men were employed on the construction of permanent sidewalk from the Beverly line to a point near the property of Mr. Frank H. Tarr on Main Street, where it joined that already laid by the town.

This project was sponsored and supervised by the State, and payrolls amounting to $2,753.84 were paid, with no contribution from the town.

The severe snowstorm of January 19th caused this work to be suspended and after a few days of "Emergency Snow Removal" the same group of men were assigned to a "fire lane" project in Wenham Swamp, cutting and clearing a strip of woodland fifty feet wide from the Pumping Station of the Salem and Beverly Water Board to Fowler's Island.

This work lasted from January 24th to March 23rd at a cost to the Federal Government of $2,103.52 and contribution from the town of $204.75 for use of trucks, and $17.75 for equipment. This project met with instant approval of the Federal W. P. A. as a worth-while undertaking.

From April 1st to May 20th the men were re-assigned to a "moth" project for the eradication of browntail moths and other insects in parts of the town heavily infested with the pests, and this work was continued until it was no longer practical owing to the weather. Federal payrolls totaled $1,169.27 and town contribution was $103.55, which includes use of truck and materials. While the moth project was in operation another group of six men under the supervision of the State Department of Conservation, supplemented this work, cutting down dead trees where infestation of the gypsy moth was prevalent. This project was operated for several months at no expense to the town.

During the last of April a few men were taken from the moth project and assigned to the finishing of Porter Street, a job which had to be suspended in the late fall of 1935. Federal payrolls on this operation totaled $1,112.55, while the total cost to the town for Porter Street was $645.78, including materials, trucks, and tools, and work was completed May 13th, when all the men were re-assigned to finish the State sidewalks on Main Street, and were thus employed until July when a project for the re-surfacing of Perkins Street was approved with a generous allotment and every indication that the work could be completed before cold weather.

Owing to the fact that the District Office was obliged to reduce quotas in all cities and towns, our number was cut about 50%, leaving but ten men available for the work. Much was accomplished, but it was impossible to finish it, however, and when the project was suspended, payrolls of $3,192.76 had been paid and the contribution by the Town amounted to $452.39, including credit allowed for use of trucks, tractor, tools, etc. It is expected that the Perkins Street work will be re-opened in the early spring when the road surface will be treated with tarvia and sidewalks completed on both sides of the street.

For the men dropped from the list when the quota was cut, four weeks' employment opened immediately on the repairs to Topsfield Road, Route No. 97, sponsored by the State Department of Public Works at a cost of $918.70 and no expense to the town. The same group of men were later assigned to the roadside beautification work in Hamilton, another State project and is still in operation.

A sewing project employing six women has operated without interruption during the year and payrolls including wages of a janitor for six months totaled $4,470.50 in addition to all materials which have been supplied by the Federal Government.

Until it was necessary to remove the unit to the basement of the Centre School, there was but a minimum cost to the town, but in order to comply with the requirements of the Safety Division of the District Office it was necessary to expend $147.66 on the sewing room which now provides wholesome and comfortable quarters in which to carry on their work.

Shirts for men and boys are made here, and delivered to the Commissary for distribution therefrom.

Transportation to and from the Commissary is paid by the town as a part of the Sponsor's Pledge.

During the year there have been but three accidents, which is considered a good record by the Safety Department.

In several instances men have left the W. P. A. rolls to take private employment, but with few exceptions found but temporary jobs, and were therefore obliged to return to the lists. In addition to those at work on local projects, there are two W. P. A. workers employed out of town but charged to our quota.

Not having the specified number of cases to obtain a Federal paid clerk, it has been necessary during the past year for the Selectmen to hire someone to care for the ever-increasing volume of detail in connection with the administration of W. P. A.

Surplus commodities distributed by the government to each community according to their percentage of need, have been abundant in quantity and excellent in quality, and both food and clothing have been gratefully received by worthy recipients.

It can be truthfully said that there has been no lack of co-operation among the W. P. A. officials, the workers, and the Board of Selectmen, the latter at all times having the interest of the taxpayers and the welfare of the workers uppermost in their minds, as well as due respect for the mandates of those in authority.

Criticism is easier than comprehension of such major movements, but it is to be hoped that the benefits of all the projects may eventually exceed the cost.

Respectfully submitted,

MARY Q. COLE,
Sponsor's Clerk.

COMMODITIES RECEIVED AND DISTRIBUTED

Food

25	bu. apples	3894	lbs. grapefruit
1620	lbs. canned beef	336	cans evaporated milk
400	lbs. beans	700	lbs. onions
216	lbs. butter	680	lbs. dried peas

REPORT OF BOARD OF HEALTH

An epidemic of measles which spread throughout the town during the final month of the year brought a total of 38 cases of that disease for the year. Other infectious and contagious diseases reported during the year included 11 chicken pox, four mumps, two whooping cough and one scarlet fever.

Our milk inspection program was continued this year with a local man serving as inspector, a full report of his activities being printed at the conclusion of this report. In connection with the activities of the Board in this important function, there was established as an emergency regulation from March 23 to March 28 inclusive, that all milk sold in town be pasteurized, this being done as a precaution against the spread of any disease which might have resulted from the spring floods in the Merrimac Valley. When the situation in that region was found to be less menacing than at first believed, the local restriction was removed.

The Board wishes to call attention to the state regulations governing the reporting of infectious and contagious diseases, the laxity of some in this matter being responsible in great measure for the rapid spread of the recent measles epidemic. Section 109 of the State laws relating to public health declares: "A householder who knows that a person in his family or house is sick of smallpox, diphtheria, scarlet fever, or any other infectious or contagious disease declared by the department dangerous to the public health shall forthwith give notice to the Poard of Health of the town where he dwells. . . . Whoever violates this shall be punished by a fine of not more than one hundred dollars."

WARRANT FOR THE ANNUAL TOWN MEETING

March 1st, 1937

Essex, ss.

To either of the Constables of the Town of Wenham in said County. Greeting.

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of said Town qualified to vote in Elections and Town Affairs, to meet at the Town Hall in said Town on Monday the first day of March next at Six O'clock, in the forenoon, then and there to act on the following Articles:

Election of Officers by Official Ballot from Six A. M. to Eleven A. M.

Article One. To bring in their ballots for Moderator, Town Clerk, three Selectmen and members of Public Welfare Department, Town Treasurer, Tax Collector, Auditor, Tree Warden, three Constables, all for one year; one Assessor, one member of the Board of Health, one member of the School Committee, one Cemetery Commissioner, one Park Commissioner, one Water Commissioner, two Trustees of the Public Library, all for three years.

Article Two. To act on the Reports of the Selectmen, School Committee, Trustees of the Public Library, Cemetery Commissioners and other Town Officers.

Article Three. To raise such sums of money as may be

necessary to defray the Town Expenses for the ensuing year, make appropriations for the same, and determine the manner of collection.

Article Four. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1st, 1937, and to issue a note or notes therefor, payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article Five. To see if the Town will vote to raise and appropriate a sufficient sum of money to pay the State and Military Aid for the current year.

Article Six. To see if the Town will vote to raise and appropriate the sum of two hundred dollars ($200.00) for the expense of Memorial Observance, the same to be spent under the direction of the soldiers and sailors of Wenham.

Article Seven. To see if the Town will vote to raise and appropriate the sum of seventy-five dollars ($75.00) for the expense of maintaining the quarters of Norman Prince Post, No. 182, American Legion.

Article Eight. To see if the Town will vote to accept the Cemetery Trust Funds received since January 1st, 1936, as printed in the Town Report.

Article Nine. To see if the Town will vote to raise and appropriate the sum of fifty dollars ($50.00) for the purpose of maintaining during the ensuing year the Mosquito Control works as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

Article Ten. To see if the Town will vote to raise and appropriate the sum of one thousand dollars ($1,000.00) for the purchase of materials and supplies, etc., to be spent in conjunction with the funds allotted to the Town by the Federal Work Relief Administration.

Article Eleven. To see if the Town will vote to transfer the sum of two thousand dollars ($2,000.00) from the Overlay Surplus Account to a Reserve Fund as provided in Chapter 40, Section 6, of the General Laws.

Article Twelve. To see if the Town will vote to raise and appropriate the sum of two thousand dollars ($2,000.00) for the extension of the Permanent Highway on Topsfield Road, providing the Commonwealth of Massachusetts and County of Essex will jointly appropriate the sum of eighteen thousand dollars ($18,000.00) for the same purpose.

Article Thirteen. To see if the Town will vote to raise and appropriate a sum of money to be used by a committee in preparation of the observance of our Tercentenary in 1943 or act anything thereon.

Article Fourteen. To act on any other business that may legally come before said meeting.

And you are directed to serve this Warrant by posting attested copies thereof, one at the Bulletin Board on Main Street, one at the Chapel at Mapleville, one near the Wenham Neck Church, and one near the residence of Addison Williams in the eastern part of the Town seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk at the time and place of the meeting aforesaid.

Given under our hands this first day of February in the year nineteen hundred and thirty-seven.

SAMUEL S. CONARY,
ARTHUR D. PRINCE,
ELMER E. CLARKE,
Selectmen of Wenham.

RECOMMENDATIONS OF THE FINANCE AND ADVISORY COMMITTEE

Under Article 3 the following amounts are recommended to be raised and appropriated for the several departments.

Schools	$26,994 38
Highways	9,000 00
Street Lighting	5,300 00
Public Welfare	3,000 00
Old Age Assistance	4,500 00
Town Officers	4,200 00
Police	800 00
Mothers' Aid	600 00
Soldiers' Relief	300 00
Interest	850 00
Schoolhouse Note	2,000 00
County Hospital Note	1,000 00
Moth Work	800 00
Tree Warden	500 00
Incidentals	4,000 00
Snow Removal	2,500 00
Fire	2,000 00
Cemetery	600 00
Library	1,500 00
Parks	250 00
	$70,694 38

Of the Highway appropriation it is recommended that $1,000 00 be spent for permanent sidewalks.

It is recommended that the Assessors, with the approval of the Tax Commissioner, be authorized to use Free Cash in the treasury in determining the tax rate for 1937.

Under Article 4 it is recommended that the Town Treasurer, with the approval of the Selectmen, be authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1937, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Under Article 5 it is recommended that a sufficient sum be appropriated from the treasury to pay the State and Military Aid for the current year.

Under Article 6 it is recommended that the sum of $200.00 be appropriated from the sum raised for Incidentals for the expenses of Memorial Day, the same to be spent under the direction of the soldiers and sailors of Wenham.

Under Article 7 it is recommended that the sum of $75.00 be appropriated from the sum raised for Incidentals for the maintenance of the quarters of Norman Prince Post, No. 182, American Legion.

Under Article 8 it is recommended that the town accept the Cemetery Trust Funds which have been received since January 1, 1936.

Under Article 9 it is recommended that the sum of $50.00 be raised and appropriated for the purpose of maintaining during the coming year the Mosquito Control Works as estimated and certified by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

Under Article 10 it is recommended that the sum of $1,000.00 be raised and appropriated, to be used in connection with W. P. A. Federal or Unemployment Funds which may be allotted to the town.

Under Article 11 it is recommended that the sum of $2,000.00 be transferred from the Overlay Surplus to the

Reserve Fund, as provided in Chapter 40, Section 6, of the General Laws.

Under Article 12 it is recommended that the sum of $2,000.00 be raised and appropriated for the construction of a section of permanent highway on Topsfield Road beginning at the junction of Topsfield Road with Cherry and Maple Streets and extending toward the Beverly line: provided that the Commonwealth of Massachusetts and the County of Essex will jointly appropriate the sum of $18,000.00 for this work.

Under Article 13 it is recommended that a committee of six be appointed, to be known as the Wenham Tercentenary Committee to make plans and suggestions as to the proper observance of the three hundredth anniversary of the incorporation of the town which occurs in 1943, three members of this committee to be appointed by the Moderator of the town meeting and three by the Historical Association of the Wenham Village Improvement Society. It is recommended that the sum of $200.00 be raised and appropriated for the use of the committee. It is further recommended that this committee serve until after the observance of the Tercentenary and that additions be made to the committee as may be needed.

ARTHUR D. PRINCE,
Clerk.

Fifty-second Annual Report

OF THE

Trustees of the Public Library

OF THE

Town of Wenham, Mass.

FOR THE

YEAR ENDING DECEMBER 31, 1936

SALEM, MASS.
NEWCOMB & GAUSS CO., PRINTERS
1937

REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY

To the Citizens of the Town of Wenham:

Your Board of Trustees of the Wenham Public Library herewith presents its annual report.

Due to a great shortage of shelf room Miss E. Louise Jones of the State Department of Education, Division of Public Libraries, was asked to come and revise the shelf list, eliminating old titles. In this way the Library is kept up to date and the shelves clear of unused, worthless books. At the same time Miss Jones looked over the reference corner and gave very sound advice on the elimination of unused volumes and rearrangement of the retained ones. Space was made, thereby, adjacent to the magazine rack for the back numbers of the magazines making for greater accessibility by the public as well as the librarians.

During the winter months a series of story hours was held on successive Saturday afternoons beginning in January and continuing through March.

At the Center School Mrs. Edna Hurlburt of the staff of the Beverly Public Library gave another of her most interesting and instructive courses in "The Use of the Library." This course is given to the boys and girls of the three upper grades once every three years and is of great value.

Children's Book Week was celebrated in November with a large selection of new books and an attractive display of figures of book characters for the smaller children.

The Library hours were extended to eleven to nearer approach the hours which are considered standard for towns of Wenham's population.

The Trustees wish to express their appreciation not only of the regular work of Mrs. Burton and Miss Duffy, but also their interest and effort in preparing special exhibits.

ANNUAL REPORT

OF THE

SCHOOL COMMITTEE

OF THE

TOWN OF WENHAM

FOR THE

YEAR ENDING DECEMBER 31, 1936

SALEM, MASSACHUSETTS
NEWCOMB & GAUSS CO., PRINTERS
1937

REPORT OF SCHOOL COMMITTEE

To the Citizens of Wenham:

As taxpayers of the town of Wenham, you are entitled to a general account of business transacted by your School Board during the year. In this report we have attempted to tell you about things accomplished and of expense of operation.

The details of school management will be found in the reports of the Superintendent and Principal.

In February the following resolution was adopted:

Resolved: That the non-retiring members of the Wenham School Committee, Edmund S. Cogswell and Harold A. Sturges, together with Superintendent Whittier greatly regret that Mrs. Minnie Ashworth has decided not to be a candidate for reëlection, and that her retirement will be a serious loss to the Committee and to the teachers and pupils in the Wenham School; and they wish to express their deep appreciation of the untiring efforts which Mrs. Ashworth has given to the betterment and improvement of the Wenham School during the nine years that she has been a member of the Committee.

In March Mr. Harold Sturges was elected Chairman; Mrs. Helen Horner, Secretary; Mrs. Ethel Gatchell, Financial Clerk; Dr. John Corcoran, School Physician; Mr. Donald Kilham and Superintendent Whittier, Attendance Officers, and Miss Katherine Duffy, Census Enumerator.

At the Union Meeting in Hamilton in April, routine business was transacted. Principal Pierce of Beverly High School was the speaker.

All of the teaching staff were reëlected, and all except two returned. Miss Keyes was granted a year's leave of absence to travel and Miss Helen Stone was elected as a substitute for the year. Miss Ruth Moulton replaced Miss Teague, who resigned to accept a position at Beverly High School.

The school building is covered with fire insurance as follows:

Salem Mutual Fire Insurance Co.	$5,000 00
Home Insurance Co., Lester E. Libbey, Agt.	10,000 00
Various mutual companies, W. Arthur Trowt, Agt.	26,000 00
Norfolk Mutual Fire Insurance Co.	5,000 00
	$46,000 00
Furniture, Home Insurance Co.	$5,000 00

Boiler Insurance, Travelers' Insurance Co.

A request was granted of the Selectmen to allow the E. R. A. sewing project to use the Domestic Science room during the summer. Later a corner was partitioned off in the basement, where the ladies are working at the present time.

Transportation was requested and granted for children living on the estate of Mrs. Harold G. Cutler on Larch Row. Transportation was requested and not granted for children living on Pleasant Street and Topsfield Road; the reason being that these children walk only 5/10 to 8/10 of a mile to the bus and that there is no safe place to turn around.

In November a different type of parents' meeting was held at the school. During the early evening the teachers were in their respective classrooms for consultations with the parents; later Principal Pierce from Beverly High School spoke on "Education from Within and Without." This was followed by refreshments in the Domestic Science room. There were only sixty parents present. It is very much hoped that every family will be represented at such meetings, in the future, in order that we may have the closest possible coöperation between home and school.

The Domestic Science room has a new G. E. refrigerator which was very much needed. Very few people realized that

up to this time there has been no place to keep food. This room should be screened this year. With 50-60 pupils bringing their lunches every day and many more on stormy days, it becomes apparent that a more cheerful place to eat in is much to be desired. It may be advisable to consider running a cafeteria in the near future.

Bids were asked for new toilets in the boys' basement. Burnham & Dodd were the lowest bidders. The work has been done and found to be satisfactory.

The water pump which has been in service for many years finally failed to function properly. Robert Robertson Co. were the lowest bidders for a new pump. A new Burke No. 755 turbine type pump has been installed.

With the first cold weather in the fall, it became apparent that there was something definitely wrong with the heating system. After various repairs had been made without finding the source of the trouble, the situation became of such extreme importance from the point of view of safety that it became necessary to make a very thorough search for the troubles and this entailed unforeseen expense. The boiler has been inspected by a representative of the American Radiator Co. (who installed the plant) and by the Travelers' Insurance Co. To the best of our knowledge the boiler is now in good working order. School was closed for one and one-half days, but one day was used as a teachers' visiting day.

Because of the greatest economy in the use of supplies, the saving on one substitute teacher's salary, less than the estimated number of High School pupils and the purchase of less fuel and using up the reserve supply of coal, your Committee were able to pay these extra expenditures out of the regular appropriation.

For the past two years, the School Committee has in its Annual Report called attention to the advisability of painting

the outside of the school house and this was suggested as an E. R. A. project. This has not been done and it now becomes absolutely necessary to have two coats this summer.

There should be some changes in lighting, as a survey shows our present system insufficient. The Assembly Hall needs refinishing and when this is done all the major inside work will be complete.

The expenditures for 1936 were as follows:

General Expense	
Superintendent's Salary	$880 00
Other Expense	382 46
Expense of Instruction	
Teachers' salaries	13,350 00
Textbooks	377 59
Supplies	405 29
Expense of Operation	
Janitor	1,500 00
Fuel	492 64
Miscellaneous	596 66
Maintenance	
Repairs	1,147 93
Auxiliary Agencies	
Health	517 00
Transportation in town	1,800 00
Transportation outside town	900 00
Tuition	3,463 05
Vocational Tuition	125 80
Vocational Transportation	73 70

Outlay		
New equipment	266 45	
Other payments—insurance	378 65

Other payments—insurance	255 38	
		$26,994 38

In closing this report the School Committee wish to thank all who have coöperated with them during the past year in their work for the Wenham school.

HAROLD A. STURGES, *Chairman*
EDMUND S. COGSWELL
HELEN T. HORNER, *Secretary*

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee,

Dear Madam and Sirs:

My fourteenth annual report is submitted for your consideration.

Enrollment

The enrollment of pupils was as follows at the close of schools in December.

Grade 1	16
Grade 2	13
Grade 3	12
Grade 4	22
Grade 5	20
Grade 6	21
Grade 7	20
Grade 8	15
Grade 9	13
Total	152

Tuition Pupils

Beverly High School

	College Prep.	Civic Training	Gen. Bus.	Vocational	Total
Sophomore	4	2	3	0	9
Junior	6	3	2	0	11
Senior	3	1	2	1	7
Post Graduate	0	0	1	0	1
Total	13	6	8	1	28

Hamilton High School

	General Course	Total
Junior	1	1

Essex County Agricultural School

	Agricultural Dept.	Total
Senior	1	1

Total number for whom the town provides educational advantages:

In town	152
Out of town	30
Grand Total	182

Our grand total enrollment is eight more than last year.

Salaries

A recent bulletin of the State Department of Education shows that Wenham ranks fifteenth in average salary paid teachers in elementary schools and fourth in average salary paid teachers in junior high schools.

Wenham is listed in Group IV—towns of less than 5,000 population and not maintaining high schools, of which there are 123 towns in the State. This is a most creditable record and proves that your committee realizes it is necessary to pay salaries commensurate with the high standard of work desired of teachers.

Educational Courses

A study of all educational courses pursued by the several teachers over the last ten-year period disclosed some very interesting facts.

Only five teachers have failed to pursue courses while employed in town. Our records show that all teachers employed at present have pursued from one to ten courses depending largely upon the number of years employed. The majority of courses pursued were such as to be of definite assistance to the teacher in her classroom work. The number and type of courses teachers have taken are an indication that we are employing teachers who are desirous of using the most up-to-date methods.

The scholastic records of our pupils are an indication that our schools have been benefitted because of our teachers maintaining a high professional standard for themselves as well as for their pupils.

Our salary schedule is proof that the school committee recognizes the high quality of work required in our school.

High School

Enrollment cards show that forty-three per cent of our pupils choose the college course; twenty per cent choose the civic training course; thirty per cent choose the general business course; and six per cent choose the vocational course.

It is very evident that the choice of a course is not made in order to have an easy time while at High School. The choice is made in most cases that pupil may be prepared for his future career in so far as completion of a High School course can be of direct help.

Rank cards show that pupils received ratings in High School as follows: A's, nine per cent; B's, fifty-three per cent; C's, twenty-eight per cent; D's, seven per cent; E's, one per cent.

Louise Waite, a sophomore, and Mary Batchelder, a senior, both pursuing the college course, have received "Second Honors."

Courses pursued and ranks received are an indication of the preparation given our pupils in the Center School.

Educational Tours

With the use of the school bus, loaned by Mr. Prince, with Mr. Wildes as driver, it was possible to take pupils of grades one through eight on educational trips. Grades one and two were taken to the Zoo at Spot Pond. Grades three and four were taken to the Peabody Museum, and Franklin Park; grades five and six were taken to the Charlestown Navy Yard, Bunker Hill, and the Aquarium; grades seven and eight were taken to the Charlestown Navy Yard, Bunker Hill, and Franklin Park. These excursions, arranged and conducted by the teachers, have proven most beneficial.

The excursions conducted during the past years have convinced me that they should be considered an important part of our education program.

Dental Clinic

A dentist will conduct a clinic during the school year as in the past for a thorough examination of pupils' teeth and will do whatever work parents desire to have attended to at a cost of sixty cents an operation. Much pride has been built up among the pupils in the care of their teeth, through instruction in the school, with the result that many look forward to the opportunity of having fillings, extractions, and cleanings made by the dentist.

School Lunches

Approximately fifty per cent of our pupils regularly bring their noon lunch. On stormy days the number is greater. For several years hot cocoa has been provided for those who have brought their lunch.

Thinking that many parents might wish their children to purchase a part or whole of a lunch at school it seems advisable to offer warm nourishing food on one or two days weekly. If the demand for the warm lunch is sufficiently great, arrangements will then be made to provide the same daily.

It is anticipated that the lunch room will be self-supporting when once equipped with the few necessary dishes and other utensils.

Spelling

The "Word List" used in the schools for the past several years has been replaced by providing "My Word Book" for use in grades two to six inclusive. Doubtless the words and number of the same may not greatly differ from those found in the "Word List," however, there is found in the new texts a great variety of learning exercises. Each exercise is given for a distinct purpose and the text cannot be used without carrying out the work as outlined.

The texts are most interesting to the pupils because of the variety of methods used, the frequent tests, the opportunity provided for mastering difficult words and the chart recording progress.

By adoption of these texts for school use we have raised spelling out of the "drudgery classification" and placed it on the "opportunity shelf."

Although the text has been in use but a short time I predict results obtained in spelling will show a decided improvement in due time.

Horace Mann Centennial Observance

It is most fitting that due recognition be given this year through the public schools and all affiliated organizations in

suitably observing the one hundredth anniversary of Horace Mann's assuming the position as first Secretary of the Massachusetts Board of Education.

The schools of Wenham will devote the necessary time to the study of the life of Horace Mann and to the state school system which he became a power in founding. It is anticipated that public exercises will be held as a fitting climax to the work carried out in the schools.

Conclusion

In conclusion may I express to the teachers, supervisors, school committee and citizens of the town my appreciation for their support in making it possible for the pupils of Wenham to enjoy the fullest possible educational opportunities.

Respectfully submitted,

JOHN D. WHITTIER.

February 1, 1937.

PRINCIPAL'S REPORT

To the Superintendent of Schools,

Dear Sir:

I herewith submit my fourteenth annual report of the Wenham Center School.

As Miss Keyes' request for a year's leave of absence was granted, a vacancy was left in our fifth and sixth grades. This position was filled by Miss Helen M. Stone, a teacher of experience, who is putting forth much effort to develop a proper school spirit in her room and prepare the pupils for the work of the next grade.

I feel pleased to report that the other teachers, longer in the system, show more concern than ever in the accomplishments of the children, and in their attitude toward their work.

The value of the coach group is this year very evident. One pupil has entered the regular eighth grade, several are doing creditably seventh grade work, and we trust that a number of the younger group will, with the individual assistance given, be able to resume studies with their respective grades next year.

The units, around which the work of the lower grades centered this fall were, I think, well chosen. In the first two grades, during September and October, all work as far as possible had to do with pets. Such a project was, of course, of interest to each child of that age. The toy shop, which followed, readily provided material for lessons in number, language, spelling and reading. The Indians and Pilgrims were selected, in grades three and four, as the basis of work. This unit terminated in a playlet given at Thanksgiving, called "Little White Cloud." In grades five and six, successful room activities have been developed, each child actively participating.

In the Junior High School our club program has passed through a complete change. The Debating Club has given place to a Mythology Club directed by Miss Bullis. From month to month, it is gratifying to note the increasing interest on the part of the pupils in Greek and Roman myths.

The Arts and Crafts Club, as its name suggests, provides for varied activities, as painting, weaving, knitting and the like. This is under the guidance of Mrs. Joslin and Miss Ash.

Many of the boys joined the Bicycle Club, led by Mr. Bezanson. Trips taken to various places of interest in the surrounding towns have appealed to the members. During the months that bicycles cannot be used, a program of winter sports is being planned.

On April twenty-third our school play, "Correspondence Courtship," was staged. Mrs. Joslin spent an unusual amount of time in coaching the production and deserves credit for her efforts. We appreciate the attendance of the parents and friends who helped to make the evening a success financially.

Current topics on governmental questions were the themes of our Anderson Essay papers last spring. The contest with Hamilton was held on the twentieth of May. Our speakers were Gardner Burton, Virginia Cracknell, Dean Harwood, Austin Batchelder and Franklin Trowt. We were proud of the work done by the group, who once more won the cup for our school, yet we are not allowing ourselves to be perfectly satisfied with only the third, fourth and fifth prizes. We shall set our goal high in the future and strive to overcome some of our weak points.

One large edition of the Breeze was edited and printed last year. It was surely a credit to both the English and printing departments, but as so much extra time is necessary for the printing of such a magazine, it has been decided to publish

only such a paper this year as can be completed by the boys of the printing classes during school hours.

Of an experimental nature to both teachers and pupils is the working out of a system by which we hope to improve upon our school spirit. As a beginning a code was drawn up and accepted by the pupils. It sets forth the aims of our school and the characteristics that need to be developed by each child to make our school an outstanding one. After much thought and planning on the part of the teachers, a council of five pupils has been chosen to represent the children in the applying of this code as a part of our daily school life. This council, meeting with its faculty adviser weekly, discusses problems of playground and building, the solving of which would tend toward the betterment of the school. Of course, we realize that it is impractical and would be unwise to attempt to have pupils aid in the settling of many problems, but we do hope that their participation in the government of their school will develop not only a better feeling, but also many worthwhile qualities of character and leadership.

We, as teachers, feel strongly that we need the coöperation of you, as parents, on the subject of home study. In the Junior High School an increasing amount of home work is essential each year. When a child has reached the ninth grade, he should study between one and two hours outside of school daily. Spare periods do not provide sufficient time to learn assigned lessons and accomplish the work as it should be done. Our pupils too often come with lessons not thoroughly prepared, having spent too little time on them. This is due, we believe, to various causes. We are putting forth every effort to see that all school time is spent profitably, and ask your coöperation on home work. We realize that it is almost impossible for parents to tell when a child's assignments are well done, but we trust that you will aid us, as far as you can, in

seeing that outside interests and radio do not call so loudly that the child hurries through his work failing to check it, or to spend enough time for the mastery of it.

In closing, I wish to thank the parents for the support which they have given me during the past year, the teachers for their loyalty, and the superintendent and school committee for their guidance and coöperation.

Respectfully submitted,

BESSIE M. BUKER,

January 14, 1937. *Principal.*

REPORT OF SCHOOL NURSE

To the Superintendent of Schools,
Wenham, Massachusetts.

Dear Sir:

I herewith submit my annual report to you as School Nurse in the Town of Wenham:

Total enrollment	150
Result of physical examination by Dr. John G. Corcoran:	
Number examined	150

Defects:		Corrections:	
Tonsils	16	Tonsils	8
Posture	59	Eyes	7
Heart	3	Glasses changed	10
Eyes	11	Received Dental Care	25
Teeth	132	Received Dental Certificates	68
		Found correct at time of Clinic	11
		Total having dental work	104

Pupils found 10% or more underweight	20

The Dental Clinic this year was carried on by Dr. Edmund Tobin of Boston.

Examination of ears will be taken care of later by using the testing machine (audiotometer).

Number classroom inspections	127
Number home calls	200
Number first-aid dressings	496
Number of clerical work hours	135
Number pupils immunized against diphtheria	15

Only nine families of the school population have refused immunization.

Number of contagious diseases to date:

Measles	14	Poison oak	10
Mumps	6	Impetigo	12
Chicken pox	26	Ivy	15
Dogwood	8		

The follow-up work on the Chadwick Clinic has not been done yet this year.

Number of pupils for follow-up—X-ray and physical.. 6

Respectfully submitted,

FLORENCE L. STOBBART, R. N.

December 30, 1936. *School Nurse.*

CLASS ODE

Tune: Auld Lang Syne

We bid farewell to Wenham School
And to the teachers true;
And to our classmates and our friends
We all will bid adieu.

Refrain

And evermore we'll gladly sing
These words as years go by,
For "Labor conquers everything"
To those who always try.

And when we leave our Junior High,
We'll sing this song to you;
To thank you for the things you've done
To help us all be true.

JUNIOR HIGH HONOR ROLL

The following pupils were on the Honor Roll during the entire year 1935-1936:

Lois Waite
Marian Jones
Barbara Underhill
Phoebe Herlihy
Thelma Nielsen

SCHOOL SAVINGS

Salem Savings Bank

Deposits during 1936	$217 24	
Withdrawals	8 45	
Balance, January 1, 1937		$208 79
Number of depositors		96

SCHOOL CENSUS

As of October 1, 1936

	Boys	Girls
Number between five and seven years of age	13	10
Number between seven and fourteen years of age	82	63
Number between fourteen and sixteen years of age	19	11
Totals	114	84
Total Census		198

AGE OF ADMISSION

Pupils entering school in September must have been at least five years of age on April 1st preceding entrance in September.

VACCINATION

Children who have not been vaccinated will not be admitted to school in September unless they present a certificate from a regular practicing physician, stating that they are not fit subjects for vaccination. Parents are requested to attend to this matter during the summer vacation, as certificates of vaccination or exemption must be presented at the opening of school to entitle children to admission.

MEMBERSHIP BY AGE AND GRADE, OCTOBER 1, 1936.

	AGE

* Of the Highway Appropriation the sum of $1,000.00 to be spent for permanent sidewalks.

Voted — That the Assessors, with the approval of the Tax Commissioner, be authorized to use Free Cash in the treasury in determining the tax rate of 1937.

ARTICLE FOUR

"HIRING MONEY"

Voted — That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1937, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

ARTICLE FIVE

"STATE AND MILITARY AID"

Voted — That a sufficient sum be appropriated from the Treasury for this purpose.

ARTICLE SIX

"MEMORIAL DAY"

Voted — That the sum of $200.00 be appropriated from the amount raised for Incidentals for the expenses of Memorial Day, the same to be spent under the direction of the soldiers and sailors of Wenham.

ARTICLE SEVEN

"MONEY FOR THE AMERICAN LEGION"

Voted — That the sum of $75.00 be appropriated from the amount raised for Incidentals for the maintenance of the quarters of Norman Prince Post No. 182, American Legion.

ARTICLE EIGHT

"CEMETERY TRUST FUNDS"

Voted — That the Town accept the Cemetery Trust Funds received since January 1st, 1936.

ARTICLE NINE

"MOSQUITO CONTROL WORKS"

Voted — That the sum of $50.00 be raised and appropriated for the purpose of maintaining, during the ensuing year, the Mosquito Control Works, as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

ARTICLE TEN

"MONEY TO BE USED IN CONNECTION WITH WPA FEDERAL OR UNEMPLOYMENT FUNDS"

Voted — That the sum of $1,000.00 be raised and appropriated to be used in connection with WPA Federal or Unemployment Funds which may be allotted to the Town.

ARTICLE ELEVEN

"MONEY TRANSFERRED FROM OVERLAY SURPLUS TO RESERVE FUND"

Voted — That the sum of $2,500.00 be transferred from the Overlay Surplus to the Reserve Fund, as provided in Chapter 40, Section 6, General Laws.

ARTICLE TWELVE

"PERMANENT HIGHWAY ON TOPSFIELD ROAD"

Voted — That the sum of $2,000.00 be raised and appropriated for the construction of a section of permanent highway on Topsfield Road beginning at the junction of Topsfield Road with Cherry and Maple Streets and extending toward the Beverly line: provided that the Commonwealth of Massachusetts and the County of Essex will jointly appropriate the sum of $18,000.00 for this work.

ARTICLE THIRTEEN

"TERCENTENARY COMMITTEE"

Voted — That a committee of six be appointed, to be known as the Wenham Tercentenary Committee, to make plans and suggestions as to the proper observance of the three hundredth anniversary of the incorporation of the town which occurs in 1943, three members of this committee to be appointed by the Moderator of the town meeting and three by the Historical Association of the Wenham Village Improvement Society. It is recommended that the sum of $200.00 be raised and appropriated for the use of the committee. It is further recommended that this committee serve until after the observance

of the Tercentenary and that additions be made to the committee as may be needed.

Committee named by Moderator:

Ray G. Knowlton,
Harrison Gardner,
Melville G. Grey.

Committee named by Historical Association:

Adeline P. Cole,
Ruth L. Torrey,
Minnie E. Ashworth.

ARTICLE FOURTEEN

"MISCELLANEOUS"

Voted — That this meeting recommend to the Park Commission that they investigate the possibilities of laying a suitable wall with gateway at Pingree Park.

Voted — That the Town continue to pay the members of the School Committee, and that the Chairman receive Fifty Dollars ($50.00) per year and the other members Thirty-five Dollars ($35.00) per year.

Joseph F. Lynch, Superintendent of Moth Work, called attention to the increase of the Browntail and Gypsy Moth nests and urged the cooperation of the citizens in destroying same.

A Rising Vote of Thanks was tendered the Wenham Village Improvement Society for the bountiful dinner so generously provided for the voters.

Voted — That this meeting be dissolved.

ROSCOE B. BATCHELDER,

Town Clerk.

SPECIAL TOWN MEETING

March 20th, 1937

ARTICLE ONE

"PAY OF PARK COMMISSIONERS"

Voted — That the Town authorize the Park Commissioners to appoint members of their Board as laborers and to fix their pay at fifty cents per hour for the time spent in performing the work of the Department, in accordance with the provisions of Section 4A, Chapter 41 of the General Laws.

ARTICLE TWO

"PAY OF CEMETERY COMMISSIONERS"

Voted — That the Town authorize the Cemetery Commissioners to appoint members of their Board as laborers and to fix their pay at fifty cents per hour for the time spent in performing the work of the Department, in accordance with the provisions of Section 4A, Chapter 41 of the General Laws.

ARTICLE THREE

"SALARY OF TREE WARDEN"

Voted — That the salary of the Tree Warden be fixed at 62½ cents per hour for the time spent in performing the work of the department.

ARTICLE FOUR

"NEW FIRE APPARATUS"

Voted — That the sum of two thousand dollars ($2,000.00) be raised and appropriated for the purchase of a new Fire Truck for the use of the Fire Department and that the Board of Selectmen and the Board of Fire Engineers be a Committee of six to make the purchase.

Voted — That this meeting be dissolved.

ROSCOE B. BATCHELDER,
Town Clerk.

3 bamboo brooms
1 pair grass shears

REPORT OF FIRE DEPARTMENT

To the Honorable Board of Selectmen:

The Board of Engineers respectfully submit the following report. The Department has answered a total of 39 alarms. Buildings 3, grass 21, chimney 2, woods 5, oil burners 2, auto 1, brush 1, dump 2, out of town 2.

Our heaviest loss this year was the W. P. Porter fire. The building was badly gutted and the Post Office all burned out. On February 20 a house at Pleasant Pond a few clapboards scorched. A barn of Owen Haszards on Topsfield Road burning most of the shingles off the roof. By using our two booster pumps we saved the building. It showed the value of our new 250-gallon booster tank on our Dodge Pumper.

The following is the property of the Fire Department:

2 Combination Pumpers	2 kegs of Soda
1 Supply Truck	3 gals. of Sulphuric acid
4 Axes	12 pairs Rubber boots
2 Crow bars	12 Rubber coats
4 Fire hooks	2500 ft. Fire hose
1 Stone hammer	650 ft. 1½in. Hose
2 30-ft. Extension ladders	12 Galvanized pails
1 25-ft. Extension ladder	1 Diaphone whistle
3 16-ft. Extension ladders.	1 Roll-top desk
4 Shovels	4 Electric lanterns
3 Foamite tanks	1 Hose expander
3 Engineers' helmets	1 Battery charger
1 Siamese connection	1 Gas mask

Cisterns — One on Walnut Street, near Hale estate; one on Maple Street, near Burley Street; one at West End School-

house; one at junction of Cedar Street; one on Porter Street, opposite Perkins Street; one on Larch Row, near the W. P. Dodge estate; one near the house of Fred Batchelder, Main Street; one near the house of Frank Tarr, Main Street; one opposite the Town Hall, Main Street; one at the junction of Main Street and Larch Row; one near the Gordon Prince house, Main Street; one near the junction of Grapevine Road and Hull Street; one on the property formerly owned by the Street Railway, which can be used; one near the James H. Perkins house, Main Street; one on Arbor Street, near School Street; one on School Street, near schoolhouse.

Chemicals located as follows — Two at Addison Williams' house; two at Town Hall; one at Harry Pulsifer's house; five at Center Schoolhouse; and thirteen at Engine House.

Respectfully submitted,

HORACE A. KILLAM, *Chief.*
THOMAS J. LUXTON, *Asst. Chief.*
ARTHUR B. KNOWLTON, *Clerk.*

The excise assessed is $4,274.03.

The State rate is $34.62.

ARTHUR D. PRINCE,

ROSCOE B. BATCHELDER,

GEORGE H. PERKINS,

Assessors of Wenham.

REPORT OF PARK COMMISSION

Considerable work has been undertaken on our Parks this year.

With the co-operation of W. P. A. a beautiful new wall was built at Pingree Park, gate and tablets were erected. A new avenue was constructed from Porter Street to ball field.

The Commission hopes to continue developments at Pingree Park in the near future.

Maintenance of Soldiers' Monument lot, Peters' Monument lot, Pingree Park, Carbarn lot and Mounds was accomplished. Some new work should be planned for 1938 on Soldiers' Monument lot and Carbarn lot. The fence at Soldiers' Monument needs painting and some grading is badly needed. A start should be made in grading and sowing the Carbarn lot.

In closing the Commission wishes to thank all those who have helped to make 1937 a year of considerable accomplishment.

T. J. LUXTON, *Chairman.*
P. J. PERKINS, *Clerk.*
A. LINDSLEY.

REPORT OF BOARD OF HEALTH

With the exception of an epidemic of measles which swept through the closing months of 1936 and into January of the past year, with 37 cases of the 38 reported for the disease in 1937 being reported in the opening month, the health of the town continued good. Two cases of anterior poliomyelitis (infantile paralysis), the first in this town in more than a decade, were reported during the late summer months, but both were of very minor nature, and were in nowise connected with one another, with complete recovery reported in both instances.

Other reportable diseases during the year 1937 included two cases of influenza, two of lobar pneumonia, one of whooping cough, and two of mumps. There were also two cases of persons bitten by dogs reported to the agent of the board, both healing at once, and there was one case of tuberculosis in its earliest stage.

The board assumed responsibility for one person at the Essex Sanitarium, a portion of this expenditure to be refunded to the town through state subsidy.

The board organized early in March with Delano M. Kennard as chairman, Howard E. Perkins as secretary, and William I. Cummings as agent, and voted to hold regular meetings on the first Wednesday of each month. Porter J. Perkins was reappointed milk inspector, William I. Cummings as superintendent of burials, and Charles Patch was renamed meat inspector.

Outstanding in the work of the board during the past year was the close supervision over milk production and sale in town, with Mr. Perkins performing his duties in an highly efficient manner, meeting with the board each month and making an oral and written report of his inspections and the tests of milk samples. It will be noted in his report attached herewith that

several dairies showed unusually high bacteria counts in some of the earlier tests of the year, but in every instance the milk dealers proved most co-operative and took steps which resulted in marked improvement in subsequent samples.

The board went on record during the year unanimously voting to co-operate with the local school committee on the question of seeking some means whereby dental service might be obtained for the pupils at a nominal cost to each child.

Respectfully submitted,

DELANO M. KENNARD, *Chairman.*
HOWARD E. PERKINS, *Secretary.*
WILLIAM I. CUMMINGS, *Agent.*

December 31, 1937.

Board of Health, Wenham, Mass.

Gentlemen:

The following is a report of your Milk Inspector for the year 1937:

Paid to Town Treasurer $5.00 for Milk Licenses.

Respectfully submitted,

PORTER J. PERKINS,
Milk Inspector.

W. P. A.

Sixteen workers were employed at the beginning of the year: nine men on the Moth Project for the extermination of gypsy and browntail moths and other insects, six women on the Sewing Unit, and one worker employed out of town.

The Moth Extermination Project continued until April 20th, when the weather made it possible to resume work on Perkins Street, which was suspended during the cold weather.

Perkins Street work was brought to a close the latter part of July, with Federal payrolls of approximately $4,800.00 and Sponsor's contribution amounting to $1,911.32, of which $610.00 was expended for materials and equipment rental, and $1,300.88 being credited to the town for use of trucks, tractor, etc.

Following this operation came the opening of the project to rebuild the Pingree Park wall, which was badly in need of reconstruction.

Federal allotment on this was $2,371.00, and the town expended $489.41 for materials and received credit for $382.75 for truck use.

Nine local men started this work on July 20th, and after excavation and new foundation was laid, two masons from out of town were added to the number, and a double-faced wall, three feet in height, was erected, and entrances provided both for pedestrians as well as vehicles.

The main entrance has artistic wrought-iron gates hung to piers about five feet high and each bearing a bronze plate with suitable inscription to identify the Park.

On the left of the entrance, the plate is marked:

SITE OF
CAMP LANDER
1862-1865
A TRAINING FIELD FOR
MASSACHUSETTS REGIMENTS

While on the right of the entrance the plate is marked:

PINGREE PARK
GIFT OF HARRIET E. PINGREE
TO THE
TOWN OF WENHAM
FOR A PARK AND PLAYGROUND
1916

Work on the wall was completed October 20th, leaving a small balance of Federal funds unexpended, and the men were again transferred back to the Moth work, which appears to be more necessary than at any time for years, as the infestation has rapidly increased according to the reports of the State Department of Conservation, and it is earnestly hoped that sufficient funds will be granted to carry on this much-needed work as long as the weather makes it possible.

Fruit-bearing trees as well as shade trees and ornamental shrubs are showing urgent need of extermination of these pests which are fast destroying the town's natural beauty spots, as well as private property.

The Sewing Project which has operated in such a skillful and satisfactory manner, was discontinued in June, after a ruling had been made at headquarters that towns with less than three thousand inhabitants would not be granted funds for sewing units.

This ruling meant the discontinuance of six other Sewing Units in this district which supply the Gloucester Commissary, and the result has been a greatly reduced supply of clothing both in variety and quantity, and as Wenham can only draw from Gloucester there are many articles of clothing which are requisitioned but are no longer available.

The list of commodities received and distributed may not be as abundant as last year, but the town has received its full share of whatever Gloucester may be allotted.

Respectfully submitted,

MARY Q. COLE,
Sponsor's Agent.

COMMODITIES RECEIVED AND DISTRIBUTED

Food

40 bushels apples
180 lbs. butter
192 lbs. cereal
330 doz. eggs
21 bags flour
16 baskets grapes

28 sheets
42 pillow cases
66 terry towels
1 maternity bundle
10 Layettes

Total of 976 articles distributed

REPORT OF WENHAM TERCENTENARY COMMITTEE

A committee, consisting of six members, has been appointed to consider the proper observance of the 300th Anniversary of the Incorporation of the Town of Wenham in 1643.

During the past year several meetings have been held. Representatives of various organizations have been asked to meet with this committee and many suggestions and plans, though necessarily in a formative stage, have been carefully considered.

The Town has appropriated the sum of two hundred dollars for use at the discretion of the Tercentenary Committee. During the current year, however, no disbursements have been made from this fund.

Respectfully submitted,

HARRISON GARDNER, *Chairman.*
MELVILLE G. GREY,
RAY G. KNOWLTON,
MINNIE ASHWORTH,
ADELINE P. COLE,
RUTH L. TORREY, *Secretary.*

REPORT OF TREE WARDEN

To the Board of Selectmen,
Town of Wenham:

Gentlemen:

During the past year we have removed dead wood and broken limbs from over four hundred of the town shade trees.

We removed 1 maple, 2 elms, 32 willows, all of which were dead. As you are aware the willows are all diseased and there are about two hundred left. I would recommend a special appropriation of $100.00 for the removal of the dead willows and would recommend the planting of maples in their places, if needed. I would also recommend a more thorough spraying for the oak trees, for they are victims of gypsy moths.

THOMAS J. LUXTON,
Tree Warden.

REAL ESTATE OWNED BY THE TOWN

Town Hall building and land.
Garage and storage shed, rear of Town Hall.
Engine House and land.
American Legion Headquarters and land.
West District Schoolhouse land.
Center Schoolhouse and land.
Pingree Park land.
Park land, corner Main and Arbor Streets.
Foster lot at Idlewood Lake.

SCHOOLHOUSE NOTES OUTSTANDING

2....$2,000.00 Notes, bearing 5¼ per cent interest.

COUNTY HOSPITAL NOTES OUTSTANDING

2....$1,000.00 Notes bearing 4¼ per cent interest.

IN MEMORIAM

The year 1937 marks the passing on of Ralph M. Smith, and the town takes this opportunity to pay tribute to his worth as a citizen and a public official.

Although not a native of Wenham he had lived here for twenty-seven years and had won the respect of all who knew him.

He served the town for fifteen years, from 1917 to 1932, on the Board of Assessors, and his judgment and fairness was commendable. During his full term of service he was clerk of the board and he was exceedingly well qualified for this position.

On account of the illness of Mrs. Smith he declined a re-election.

In 1917 he was elected a Water Commissioner, a position which he held until his death.

He has provided very generously in his will for those less fortunate than himself. He has established the Ralph M. Smith Fund, the interest of which is to be expended for "Fuel, Food, Medical or Hospital Service for any worthy inhabitants of Wenham who have been domiciled therein for five successive years."

In his prosperity he did not forget those in adversity. There are those living today who will cherish his memory and generations yet unborn will be glad that Ralph M. Smith ever lived.

SELECTMEN'S REPORT

Our report this year must of necessity be quite similar to those which have preceded it, for there have been no outstanding changes and no conspicuous examples of expenditures.

Following the custom established last year, a special appropriation is recommended for the Board of Health, thus removing it from the Incidental account where it had been for many years.

In the Highway Department, in addition to the regular upkeep, Cherry Street from Main Street to Cedar Street has been resurfaced and is now in excellent condition. The Commonwealth and the County of Essex in co-operation with the Town have extended the work on Topsfield Road toward the Beverly line. It may be possible that the remaining section will be completed this year.

Permanent sidewalks have been constructed on Friend Court and Porter Street.

A new tin roof has been put on the Town Hall building. This replaces the original tin, which was put on when the building was new in 1854.

In these more recent years the financial affairs of the Town have had to be figured on a different basis than formerly.

Next to the expenditures for schools the expenditures for highways have taken second place, but now with the increased and increasing demands for relief, the highway expenditures have dropped to third place.

As recently as 1927 the Town appropriated $100.00 for Public Welfare, $100.00 for Mothers' Aid, and $100.00 for Soldiers' Relief, and not a single dollar of either appropriation was spent.

Assistance to those who are in need of more than they can

provide for themselves is distributed in various forms, namely: Public Welfare, Old Age Assistance, Soldiers' Relief, Mothers' Aid, Aid to Dependent Children, State Aid, and our local Charity Funds. The amount which has been distributed under these departments during 1937 is $12,069.22, and these figures do not include the commodities distributed by the W. P. A., the account of which is given in detail in that report.

These facts call for serious consideration and should make us careful of what responsibilities we assume for the future until present conditions improve.

SAMUEL S. CONARY,
ARTHUR D. PRINCE,
ELMER E. CLARKE,
Selectmen.

WARRANT FOR THE ANNUAL TOWN MEETING

March 7th, 1938

Essex, ss.

To either of the Constables of the Town of Wenham in said County, Greeting.

In the name of the Commonwealth of Massachusetts. You are hereby directed to notify the inhabitants of said Town qualified to vote in elections and Town affairs, to meet at the Town Hall in said Town on Monday the seventh day of March next at Six o'clock in the forenoon, then and there to act on the following Articles:

Election of Officers by Official Ballot from Six A. M. to Eleven A. M.

Article One. To bring in their Ballots for Moderator, Town Clerk, three Selectmen and Members of Public Welfare, Town Treasurer, Tax Collector, Auditor, Tree Warden, three Constables, all for one year; one Assessor, one member of the Board of Health, one member of the School Committee, one Cemetery Commissioner, one Park Commissioner for two years (to fill vacancy), one Park Commissioner for three years, one Water Commissioner for two years (to fill vacancy), one Water Commissioner for three years, two Trustees for the Public Library, all for three years.

Article Two. To act on the reports of the Selectmen, School Committee, trustees of the Public Library, Cemetery Commissioners, and other Town Officers.

Article Three. To raise such sums of money as may be necessary to defray the Town expenses for the ensuing year, make appropriations for the same, and determine the manner of collection.

Article Four. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1st, 1938, and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article Five. To see if the Town will vote to raise and appropriate a sufficient sum of money to pay the State and Military Aid for the current year.

Article Six. To see if the Town will vote to raise and appropriate the sum of two hundred dollars ($200.00) for the expense of Memorial Observance, the same to be spent under the direction of the Soldiers and Sailors of Wenham.

Article Seven. To see if the Town will vote to raise and appropriate the sum of seventy-five dollars ($75.00) for the expense of maintaining the quarters of Norman Prince Post, No. 182, American Legion.

Article Eight. To see if the Town will vote to accept the Cemetery Trust Funds received since January 1st, 1937, as printed in the Town Report.

Article Nine. To see if the Town will vote to raise and appropriate the sum of fifty dollars ($50.00) for the purpose of maintaining during the ensuing year the Mosquito Control

works, as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

Article Ten. To see if the Town will vote to raise and appropriate the sum of fifteen hundred dollars ($1500.00) for the purchase of materials and supplies, etc., to be spent in conjunction with the funds allotted to the Town by the Federal Work Relief Administration.

Article Eleven. To see if the Town will vote to transfer the sum of two thousand dollars ($2,000.00) from the Overlay Surplus Account to a Reserve Fund as provided in Chapter 40, Section 6, of the General Laws.

Article Twelve. To see if the Town will vote to raise and appropriate the sum of two thousand dollars ($2,000.00) for the extension of the Permanent Highway on Topsfield Road, providing the Commonwealth of Massachusetts and the County of Essex will jointly appropriate the sum of eighteen thousand dollars ($18,000.00) for the same purpose.

Article Thirteen. To see if the Town will vote to raise and appropriate the sum of twenty-five hundred dollars ($2500.00) for land damages on Topsfield Road in connection with the work to be done there under Chapter 90.

Article Fourteen. To see if the Town will vote to raise and appropriate the sum of two hundred dollars ($200.00) to be added to the Tercentenary Fund.

Article Fifteen. To see if the Town will vote to accept the Ralph M. Smith Fund, authorize the Selectmen to receive and invest the same and disburse the income thereof as provided in the will of Ralph M. Smith.

Article Sixteen. To see if the Town will vote to fix the annual salaries of the members of the Board of Health at the following figures: Chairman $25.00, Agent $25.00, and Secretary $15.00, as per request of the Board of Health.

Article Seventeen. To see if the Town will vote to increase the salary of the Town Treasurer to seven hundred and fifty dollars ($750.00) per year, and the salaries of the Board of Public Welfare to fifty dollars ($50.00) each per year.

Article Eighteen. To see if the Town will authorize the Board of Selectmen to petition the Division of Fisheries and Game to close Pleasant Pond for fishing from November 1st to April 15th for a period of three years, or act anything thereon.

Article Nineteen. To see if the Town will vote to appoint a committee of representative citizens to meet with a committee from the Legion and Auxiliary to consider the advisability of and formulate plans for the erection of a building on the lot known as the Car Barn Lot for Legion and Auxiliary quarters and other community activities, to raise and appropriate the sum of three hundred dollars ($300.00) for the use of this committee, the committee to report to the next Annual Town Meeting, per petition of Ernest Morson and others.

Article Twenty. To act on any other business that may legally come before said meeting.

And you are directed to serve this Warrant by posting attested copies thereof, one on the Bulletin Board on Main Street, one at the Chapel at Mapleville, one near the residence of Addison Williams in the eastern part of the Town, one

near the Wenham Neck Church, seven days at least before the time of holding said Meeting.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk at the time and place of the Meeting aforesaid.

Given under our hands this seventh day of February in the year nineteen hundred and thirty-eight.

SAMUEL S. CONARY,
ARTHUR D. PRINCE,
ELMER E. CLARKE,
Selectmen of Wenham.

RECOMMENDATIONS OF THE FINANCE AND ADVISORY COMMITTEE

Under Article 3, the following amounts are recommended to be raised and appropriated for the several departments:

Schools	$27,000 00
Highways	9,000 00
Street Lighting	5,300 00
Public Welfare	4,500 00
Old Age Assistance	4,500 00
Town Officers	4,000 00
Police	800 00
Board of Health	950 00
Aid to Dependent Children	300 00
Soldiers' Relief	500 00
Interest	500 00
Schoolhouse Note	2,000 00
County Hospital Note	1,000 00
Moth Work	1,604 44
Tree Warden	500 00
Incidentals	3,000 00
Snow Removal	3,000 00
Fire	2,200 00
Cemetery	650 00
Library	1,750 00
Parks	250 00
	$73,304 44

Of the Highway appropriation it is recommended that $1,000.00 be spent for permanent sidewalks.

It is recommended that the Assessors, with the approval of the Tax Commissioner, be authorized to use Free Cash in the treasury in determining the tax rate for 1938.

Under Article 4 it is recommended that the Town Treasurer, with the approval of the Selectmen, be authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1938, and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Under Article 5 it is recommended that a sufficient sum be appropriated from the treasury to pay the State and Military Aid for the current year.

Under Article 6 it is recommended that the sum of $200.00 be appropriated from the sum raised for Incidentals for the expenses of Memorial Day, the same to be spent under the direction of the soldiers and sailors of Wenham.

Under Article 7 it is recommended that the sum of $75.00 be appropriated from the sum raised for Incidentals for the maintenance of the quarters of Norman Prince Post, No. 182, American Legion.

Under Article 8 it is recommended that the Town accept the Cemetery Trust Funds which have been received since January 1, 1937, as printed in the Town Report.

Under Article 9 it is recommended that the sum of $50.00 be raised and appropriated for the purpose of maintaining during the coming year the Mosquito Control Works as estimated and certified by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

Under Article 10 it is recommended that the sum of $1,500.00 be raised and appropriated, to be used in connection with W. P. A., Federal or Unemployment Funds which may be allotted to the town.

Under Article 11 it is recommended that the sum of $2,000.00 be transferred from the Overlay Surplus to the Reserve Fund, as provided in Chapter 40, Section 6 of the General Laws.

Under Article 12 it is recommended that the sum of $2,000.00 be raised and appropriated for the construction of a section of permanent highway on Topsfield Road, beginning where the work was left off last year and extending toward the Beverly line; provided that the Commonwealth of Massachusetts and the County of Essex will jointly appropriate the sum of $18,000.00 for this work.

Under Article 13 it is recommended that the sum of $2,500.00 be raised and appropriated for land damages on Topsfield Road in connection with the work to be done there under "Chapter 90."

Under Article 14 it is recommended that the sum of $200.00 be raised and appropriated to be added to the Tercentenary Fund.

Under Article 15 it is recommended that the Town accept the "Ralph M. Smith Fund" and the Selectmen be and are hereby authorized to receive and invest the same and disburse the income thereof, as provided in the will of Ralph M. Smith.

Under Article 16 it is recommended that the salaries of the members of the Board of Health be fixed at the following figures: Chairman, $25.00; Agent, $25.00; Secretary, $15.00.

Under Article 17 it is recommended that the salary of the Treasurer be increased to $750.00 per year, and the salaries of the members of the Board of Public Welfare be increased to $50.00 each per year.

Under Article 19 it is recommended that a committee be appointed by the Finance and Advisory Committee to confer with a committee of the American Legion and Ladies' Auxiliary to consider the matters suggested in this article and report at the next annual town meeting.

ARTHUR D. PRINCE,
Clerk.

Fifty-third Annual Report

OF THE

Trustees of the Public Library

OF THE

Town of Wenham, Mass.

FOR THE

YEAR ENDING DECEMBER 31, 1937

SALEM, MASSACHUSETTS
NEWCOMB & GAUSS CO., PRINTERS
1938

REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY

To the Citizens of the Town of Wenham:

Your Board of Trustees of the Wenham Public Library herewith presents its annual report.

This year it seemed wise to re-register the borrowers of the Library, to eliminate those who had moved away or for any reason were not using their cards. This work was started and the number of borrowers now stands at approximately three hundred and seventy.

Two most desirable purchases were made also this year: the first, the Americana Encyclopedia, and the second a typewriter. The encyclopedia was very necessary, due to the fact that our other one was quite old and did not supply the information required by the high school students and adults wanting present day material. We were very fortunate in being able to get a second-hand typewriter which, though working well, cost a very moderate sum.

There have been several interesting exhibits in the Library at various times. Book Week for Children, a national celebration by booksellers, libraries and others interested in children, was observed in our Library by a display of books for all ages, from picture book youngsters to those of Junior High. Again at Christmas the Library took on a festive look, with greens at the windows, scarlet blotters on the desks, and exhibits of suggested holiday reading.

The story hours, which have been popular in previous years, were continued last winter, coming alternate Saturdays from January through March.

There has been an effort made this year to have more about the Library in the Wenham column of the local papers.

Mention must be made of the many gifts the Library has received. Among these books was the encyclopedia, Book of Knowledge, a very useful addition to our children's department.

In closing, the Trustees wish to thank Mrs. Burton and Miss Duffy for their co-operation and interest.

Respectfully submitted,

HELEN AYLWARD,
NELLIE A. DODGE,
ELOISE GARDNER,
JOSEPH HARRINGTON, JR.
DOROTHY LIBBY,
JOHN D. WHITTIER.

LIBRARIAN'S REPORT

ANNUAL REPORT

OF THE

SCHOOL COMMITTEE

OF THE

TOWN OF WENHAM

FOR THE

YEAR ENDING DECEMBER 31, 1937

SALEM, MASSACHUSETTS
NEWCOMB & GAUSS CO., PRINTERS
1938

REPORT OF SCHOOL COMMITTEE

To the Citizens of Wenham:

The year of 1937 has been comparatively uneventful in our Public School. In this report we have tried to tell you of things accomplished and of future plans.

In January, Mr. Cogswell offered the following resolution, approved by Mrs. Horner and Superintendent Whittier, in deep appreciation of Mr. Sturges' seven years on the School Committee: "The non-retiring members greatly regret Mr. Sturges' decision not to be a candidate for re-election, and express their appreciation for his faithful and valuable service." Mr. Sturges replied that he had enjoyed his work, that his contacts had been most pleasant and agreeable, and thanked the Committee for their co-operation.

In March the following officers were elected, following town meeting at which Mr. James G. Callahan was elected to succeed Mr. Sturges: Mr. Edmund Cogswell, Chairman; Mr. James G. Callahan, Secretary; Mrs. Ethel Gatchell, financial clerk; Dr. John Corcoran, school physician; Superintendent J. D. Whittier and Mr. M. Edward Hall, attendance officers, and Miss Katherine Duffy, census enumerator.

At the Union Meeting in April at Lynnfield, routine business was transacted. A second Union Meeting was held in Topsfield in October, when apportionment of superintendent's time and expenses were discussed.

Of the teaching staff, we were all very happy to welcome Miss Keyes after a year's leave of absence. Mr. Joseph Hoyt was elected to take Miss Ash's place, when she presented her resignation. Mr. Hoyt comes to us from Harvard Graduate School of Education. The committee feels that he is filling a long-felt want in the Junior High School. Mr. Paul

Bridges was elected to the manual training position and is doing an excellent piece of work.

During the summer the school building was painted white. Bids were called for, and the contract was awarded to Frank Trussell, the lowest bidder. The lunch room was repaired and painted and the assembly hall painted.

Transportation was requested and granted for children living at Idlewood Lake.

The school calendar was changed, eliminating the February vacation, so being able to close school earlier in June. This seems to have met with the approval of the parents.

Two new courses have been put in the Junior High program, in order that our pupils may have the same preparation as the Briscoe School pupils in Beverly: an elementary language course, taught by Mr. Hoyt, and an elementary typewriting course taught by Mrs. Joslin, which necessitated the purchase of five new typewriters.

It has always been the policy of your committee to keep our school building in the best possible condition. During the coming summer we would like to refinish all the floors, repair and paint the manual training room, paint two classrooms, refinish one ceiling, and install new lights.

A sub-committee has been studying the problem of having dental work done in our school. Previous to last year we have had a State Dentist come to the building, and at the rate of 60 cts. per operation, which was paid for by the parents, some of the children's teeth were cared for. This plan seems not to be satisfactory for several reasons. First, we have no equipment; second, a few complaints have been received from parents of unsatisfactory work; third, there is no way to take care of pupils who can pay nothing, and at the very best it is only a temporary arrangement. The school department cannot legally

operate a dental clinic, it must be done by the board of health or the Red Cross co-operating with the school department. It is the wish of this committee that the necessary equipment be installed at the school house and a permanent dental clinic be established.

The following report from Dr. John King, tells the story very concisely of how badly we need some project of this sort.

141 children examined.
32 needed nothing except possible cleaning.
237 fillings needed in permanent teeth.
157 fillings needed in temporary teeth.

Extractions:

9 permanent teeth must come out.
60 temporary teeth should come out.
21 six year molars already extracted.

During the past three months a school band has been organized under the direction of Mr. Dudley Briggs of Danvers. The pupils furnish their own instruments and pay for their own lessons either privately or in groups. If this continues to be as successful as it now seems, it is worth considering having the band made available to all pupils by having it a part of the regular music course.

Expenditures for 1937 were as follows:

General Expense	
Superintendent's Salary	$880 00
Other expenses	372 88
Expense of Instruction	
Teachers' Salaries	13,197 00
Textbooks	447 13
Supplies	419 12

Expense of Operation	
Janitor	1,500 00
Fuel	534 28
Miscellaneous	533 28
Maintenance	
Repairs	1,140 99
Auxiliary Agencies	
Health	529 00
Transportation in town	1,854 00
Transportation outside town	920 00
Tuition	3,620 63
Vocational Tuition	177 70
Vocational Transportation	51 00
Outlay	
New Equipment	395 56
Other Payments—Insurance	104 65
Domestic Science	188 70
Manual Training	120 27
Printing	5 00
	$26,991 19

Requested budget for 1938 is as follows:

General Expense	
Superintendent's Salary	$880 00
Other Expenses	375 00
Expense of Instruction	
Teachers' Salaries	13,800 00
Textbooks	300 00
Supplies	400 00

Expense of Operation	
Janitor	1,500 00
Fuel	600 00
Miscellaneous	500 00
Maintenance	
Repairs	800 00
Auxiliary Agencies	
Health	500 00
Transportation in town	1,935 00
Transportation outside town	900 00
Tuition	4,100 00
Vocational Tuition	200 00
Vocational Transportation	75 00
Outlay	
New Equipment	200 00
Insurance	613 76
	$27,678 76

In closing the school committee wishes to thank all who have co-operated with it during the past year, and to assure the parents and those interested in our school that our one aim is to make ours one of the finest schools in the state.

EDMUND S. COGSWELL, *Chairman.*
JAMES G. CALLAHAN, *Secretary.*
HELEN T. HORNER.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee,

Dear Madam and Sirs:

My fifteenth annual report is submitted for your consideration.

Enrollment

The enrollment of pupils was as follows at the close of schools in December:

Grade 1	24
Grade 2	13
Grade 3	14
Grade 4	9
Grade 5	18
Grade 6	20
Grade 7	23
Grade 8	15
Grade 9	15

Total number for whom the town provides educational advantages:

In town	151
Out of town	35
Grand Total	186

Teachers

Several changes have taken place in the teaching force during the year.

Mr. Joseph Hoyt has replaced Miss Ednah Ash; Miss Marjorie Keyes returned after a year's leave of absence, replacing Miss Helen Stone who served as substitute teacher during her absence; Mr. Paul Bridges has replaced Mr. Roscoe Twombley who substituted following the resignation of Mr. Afton Bezanson; Miss Gertrude Davis has replaced Miss Ruth Moulton. Miss Katherine Duffy is now substituting in place of Mrs. Bernice Crawley.

Although this is the largest list of changes in the teaching force I have recorded in several years, I am pleased to state that there has been a very general improvement in the school work. Our work is so definitely organized and supervised that

changes coming at not too frequent intervals have no particular drawback to the work as a whole. We encourage our new teachers to continue the good work of the previous teachers and supplement this with her own ideas and change of methods wherever the system can be improved.

Educational Trips

Three school bus loads of pupils visited the Benson Animal Farm at Nashua, N. H., last spring, where they enjoyed the day in recreation and in observing animals from many foreign countries. The day was not only enjoyable but most educational. Pupils had an opportunity of seeing the animals cared for, fed, and trained, thereby receiving most practical information. During October pupils were taken to Boston and suburbs to visit Museums, the Christian Science Church and Printing House, Bunker Hill Monument, and Charlestown Navy Yard.

Having accompanied the pupils on several trips, I am convinced that they secure a wealth of information they will long remember after forgetting many lessons taught them in the classroom.

New Courses

It is very important that courses given in the junior high school parallel those given at Beverly in the same grades, as our pupils choose to attend the Beverly High School, and must, therefore, be prepared to fit into the course they are to pursue during the last three years of their secondary school training.

That commercial course students might take second year typewriting as sophomores, a course in typewriting was added to the required subjects to be taken in the ninth grade commercial course.

A course in Introductory Language in which Latin and French are taught one-half year each has been added to our eighth grade requirements for those anticipating taking a college course. This course has a two-fold purpose. It teaches the geography and history of the country as well as its language in very simple form. It also gives the pupil an opportunity to determine if he is interested in continuing the study of the languages.

We were most fortunate to have teachers who could teach typewriting and introductory language. The only additional expense has been for textbooks, typewriters, and tables.

The course in physical training has been somewhat reorganized. The junior high boys are taught entirely by Mr. Bridges. Miss Davis, the physical training instructor, teaches physical training and health to all pupils of grades one through six and to the girls of the junior high school. It is my desire to have physical education hold a much more important place in the school system than it now holds.

Our work in music has been most ably taught by Miss Cleaveland for several years. She has taught vocal music, music appreciation, and orchestra work. There seemed to be a desire on the part of several pupils that they be given an opportunity to form a band. Mr. Briggs of Danvers was secured for this work and soon had eighteen pupils enrolled in the Wenham Junior High School Band. This group of young musicians are very enthusiastic about their work and are apparently making most satisfactory progress. The success of the band depends upon the amount of practice pupils do between the weekly lessons. To get this done we must have the assistance of parents.

Eventually the citizens of the town will have an opportunity to listen to this band, and I am confident they will consider it an asset to our school system.

Reorganization

The number of pupils entering grade one in September was considerably larger than for several years, making it advisable to provide assistance for Mrs. Preston, who had thirty-seven pupils in grades one and two. To provide the assistance of a teacher for about two and one-half hours daily, less work has been done with the coach group, thereby making it possible for the coach teacher to devote time to instructing pupils of grade two. The coach pupils are in many cases given special assistance by the regular grade teachers.

That grade one may not be too large next September it would seem advisable that no intelligence examination be given pupils whose fifth birthday comes between April 1st and August 31st until after the school has opened in September. The committee would then decide if more pupils could be reasonably cared for in grade one, and if so, the intelligence examination could then be given.

Conclusion

It has been my purpose to so direct the work in your schools that teachers and pupils may have the best possible conditions in which to work; that pupils may receive the best possible education; that taxpayers may feel their money has been wisely expended; that the school committee may be pleased to have served the town in so important work.

It has been a pleasure to work under your leadership.

I thank you for your co-operation, which has made possible the excellent standing of this department.

Respectfully submitted,

JOHN D. WHITTIER.

January 28, 1938.

PRINCIPAL'S REPORT

To the Superintendent of Schools,

Dear Sir:

I herewith submit my fifteenth annual report of the Wenham Center School.

In September we opened with three changes in the staff of teachers. Miss Keyes, after a year's leave of absence, once again resumed the work of grades five and six. The vacancy in the ninth grade was filled by Mr. Joseph Hoyt of Salem. Mr. Paul Bridges of Eliot, Maine, was elected to take charge of the woodworking and printing departments. Both young men came to us well trained for the positions which they hold. Their apparent interest in their work, along with the concern which they show for the welfare of each child, is bound, it seems to me, to be beneficial to our school system.

Due to the large enrollment in the first grade last fall, some second grade subjects were given to Mrs. Crawley. For over two hours each day the pupils of grade two work under her able direction. The additional time thus given to Mrs. Preston for work with her beginners was felt to be very necessary. Although somewhat skeptical at first as to the wisdom of such a system, I must admit that it has proved satisfactory. The second graders are surely making progress which is gratifying, while the extra time spent with the members of grade one has proved to be of great value.

In order that our graduates might be adequately prepared for the tenth grade in Beverly, a course in typewriting was introduced this year, in the Junior High School. Although Mrs. Joslin has never taught the subject before, we feel proud of the accomplishment of our class. We have observed that

the standard of speed and accuracy achieved by our pupils compares very favorably with that of other schools.

So much is heard now-a-days of hobbies, their advantages and even their need, that an attempt has been made to increase the interest of the pupils in them, by offering them clubs of somewhat different types from those heretofore, and by helping them to broaden their knowledge of hobbies already developed.

The Dramatic Club, which has been directed by Mrs. Joslin for so long, is now in charge of Miss Bullis. The programs put on thus far have been of a high standard, and prove the value of that club.

Mrs. Crawley's group calls itself the All Around Club. The checker tournament carried on during the fall was the outstanding event of its meetings.

The Aviation Club is under the leadership of Mr. Hoyt. This group is not limiting its interest to the assembling of model airplanes, as has been done previously, but is trying to devote time to different phases of the subject within its scope.

Mr. Bridges meets with a number of pupils whose hobby is the camera and its use. Up to the present time these children have studied the operation of the camera, and taken and printed pictures. Such a diversion may serve them well in later years.

Our annual school play, "Streamline Sue," was given on March eighteenth. The performance of the pupils gave evidence of their training and the effort they had made. The interest of parents and friends at such times is appreciated by the teachers, and does much to develop on the part of the children a school pride that is worth-while and helpful.

On May fifth, Honorable Elbridge Anderson again sponsored a government speaking contest. Hamilton won the first and third prizes. Lucy D'Amato speaking on the executive department of the federal government, and Thelma Nielsen and Barbara Bradshaw on the judicial departments, won prizes for

our school. These three speakers, aided by Greta Birch and Martha Webster, whose papers were on the legislative branch, won the cup for Wenham by five points.

In Wenham, teachers have very little difficulty with absence of pupils without reasonable excuses, and we are appreciative of the co-operation of the parents on that point. On the other hand, however, tardy marks still form one of our problems. We realize that the tardiness of a child might be unavoidable once in a while, but as a rule we firmly believe that there is no excuse for a pupil arriving at school two or three minutes late. We are glad to be able to report that most of the children are always on time, but we do earnestly ask that parents who know that their children are apt to delay and loiter, will work with us to instill the habit of punctuality.

Because of our personal interest in the pupils, we would like to add a few words in regard to their dental needs. We know full well that dentistry is expensive, but we do feel that in a few years from now, the children will really thank their parents for any sacrifice they may have made in order to have, at least, the most necessary dental work done. Please do not think that we presume to suggest to parents what they should do, but we do hope that some way may be provided whereby the condition of the teeth of the children of Wenham may be improved.

In closing, I wish to thank the parents and teachers for their constant loyalty, and the superintendent and school committee for the assistance and support which they so willingly give.

Respectfully submitted,

BESSIE M. BUKER,

January 14, 1938. *Principal.*

REPORT OF SCHOOL NURSE

To the Superintendent of Schools,
Wenham, Massachusetts.

Dear Sir:

I herewith submit my annual report as School Nurse in the Town of Wenham.

Total enrollment 161

Result of Physical Examination by Dr. John J. Corcoran:

No. examined 161

Defects:

Tonsils	11	Corrections to date	6
Posture	38		
Heart	2		
Eyes	14	Corrections	6

No. of pupils found 10% or more underweight 14

The Dental examination this year was carried on by Dr. John King, in December. It is hoped we will be able to conduct a clinic later in the year.

No. examined 155
No. receiving dental certificates 47
No. found OK at time of examination 32
No. needing work done 105

Hearing.—We had the use of an audiometer from the State Department of Public Health. Miss Kepler, assisted by the School Nurse, tested the hearing of all school children and retested all doubtful cases. Parents were notified of all found defective by a home call from the School Nurse, who recom-

mended that the child be taken to an ear specialist. Two mastoid cases were corrected by operation.

No. tested	121
No. retested	17
No. found defective	3
No. classroom inspections	129
No. home calls	225
No. first aid dressings	382
No. clerical work hours	150
No. immunized against diphtheria	18
No. consents for Chadwick Clinic	24

It was decided at the Essex Sanatorium to examine only High School pupils in the future. Therefore, these pupils were not examined.

No. contagious diseases to date:

Measles	48	Chicken Pox	1
Mumps	2	Infantile Paralysis	1
Whooping Cough	3	Ivy and dogwood	25
		Impetigo	5

Respectfully submitted,

FLORENCE L. STOBBART, R. N.,
School Nurse.

December 30, 1937.

Tune: Stars of Summer Night

Now to the Junior High
We say a fond "Farewell,"
And may you e'er feel sure,
Your trust in us can dwell,
We will go on Full Speed Ahead.

As we set sail today,
We will be brave and true;
No matter what betides,
Our work we'll always do,
We will go on Full Speed Ahead.

And now as day by day,
We tread our many ways,
May ev'ry one recall,
The spirit of us all
And say, "Good Luck, Full Speed Ahead."

JUNIOR HIGH HONOR ROLL

The following pupils were on the Honor Roll during the entire year 1936-1937:

John Armington Marjorie Page

Transfer of motor vehicles	35

I would like at this time to thank the townspeople for the complete co-operation and the confidence placed in their Police Department.

Respectfully submitted,

M. EDWARD HALL,

Chief of Police.

REPORT OF THE PARK COMMISSION

For the year 1938 the Park Commission was organized as follows: T. J. Luxton, Chairman; P. J. Perkins, Secretary.

The regular work of the parks was undertaken and some much needed repairs were made, which included painting of the Soldiers' Monument fence and walks re-graveled.

At Pingree Park the entrance sides were graded and seeded and some repair work on trees, caused by the hurricane, was made.

The Commission would like in the near future to improve the baseball diamond at Pingree Park, if interest in sports continues.

For the co-operation of those assisting us in our work for the year we wish to express our appreciation.

Respectfully submitted,

THOMAS J. LUXTON
PORTER J. PERKINS
KARL T. SMITH

Under the Motor Vehicle Excise Laws, 613 cars and trucks have been registered.

The excise value of these cars and trucks as determined by the Tax Commissioner is $263,765.00.

The excise assessed is $4,323.07.

The State rate is $35.15.

ARTHUR D. PRINCE,
ROSCOE B. BATCHELDER,
GEORGE H. PERKINS,
Assessors of Wenham.

REPORT OF THE WENHAM TERCENTENARY COMMITTEE

Last year a committee consisting of six members was appointed to consider the proper observance of the 300th anniversary of the incorporation of the Town of Wenham in 1643. Since then, the membership of this committee has been increased to seven.

During the past year, meetings have been held, and many suggestions and plans, though necessarily in a formative stage, have been carefully considered.

Last year, the Town appropriated the sum of $200 for use at the discretion of the Tercentenary Committee and it is hoped by the committee that a similar sum will be appropriated this year. To date, however, no disbursements have been made from this fund.

Respectfully submitted,

HARRISON GARDNER, *Chairman*
LOUIS A. DODGE
MELVILLE G. GREY
RAY G. KNOWLTON
MINNIE ASHWORTH
ADELINE P. COLE
RUTH L. TORREY, *Secretary*

REPORT OF THE BUILDING COMMITTEE

The committee on building as authorized at the Annual Town Meeting of 1938 met at the Town Hall on the evening of Tuesday, November 29, 1938, at 8.45 P. M.

Those present were: Messrs. George H. Perkins, Howard E. Perkins, Edward L. Sargent, Samuel S. Conary, and Roger E. Knowlton.

Mr. George H. Perkins was elected chairman of the committee and Roger E. Knowlton was elected secretary.

The committee discussed the possibilities of a building from various angles; needs of the town, costs of a building suitable to answer all our needs, co-operation of the Trust Committee, and financial conditions; and, while every one admitted the need of a building and the desirability of having such a structure, they were unanimously agreed that under existing financial circumstances it would be unwise to recommend the expenditure of such a sum at the present time.

The meeting was adjourned until the evening of Tuesday, January 10, 1939, when they met and verified the report of the secretary.

Respectfully submitted,

GEORGE H. PERKINS, *Chairman*

ROGER E. KNOWLTON, *Secretary*

REPORT OF THE FIRE DEPARTMENT

To the Honorable Board of Selectmen:

The Board of Engineers respectfully submit the following report.

The Department has answered a total of 32 alarms.

Buildings	4
Woods	8
Grass	16
Tar kettle	1
Dump	1
Out of town	2

This year we have bought 500 feet of 2½-inch hose and 50 feet of 1½-inch hose.

We have also bought 3 fog nozzles, one for each truck, and 3 new electric lanterns, also 6 rubber coats and 6 pairs of rubber boots.

Respectfully submitted,

HORACE A. KILLAM, *Chief*
THOMAS J. LUXTON, *Asst. Chief*
ARTHUR B. KNOWLTON, *Clerk*

Incidentals	3,000 00
Snow Removal	3,000 00
Fire	2,200 00
Cemetery	650 00
Library	1,750 00
Parks	250 00
	$73,304 44

* Of the Highway Appropriation the sum of $1,000.00 to be spent for permanent sidewalks.

Voted — That the Assessors, with the approval of the Tax Commissioner, be authorized to use Free Cash in the treasury in determining the tax rate of 1938.

ARTICLE FOUR

"HIRING MONEY"

Voted — That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1938, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

ARTICLE FIVE

"STATE AND MILITARY AID"

Voted — That a sufficient sum be appropriated from the Treasury for this purpose.

ARTICLE SIX

"MEMORIAL DAY"

Voted — That the sum of $200.00 be appropriated from the amount raised for Incidentals for the expenses of Memorial Day, the same to be spent under the direction of the soldiers and sailors of Wenham.

ARTICLE SEVEN

"MONEY FOR THE AMERICAN LEGION"

Voted — That the sum of $75.00 be appropriated from the amount raised for Incidentals for the maintenance of the quarters of Norman Prince Post No. 182, American Legion.

ARTICLE EIGHT

"CEMETERY TRUST FUNDS"

Voted — That the Town accept the Cemetery Trust Funds received since January 1st, 1937.

ARTICLE NINE

"MOSQUITO CONTROL WORKS"

Voted — That the sum of $50.00 be raised and appropriated for the purpose of maintaining, during the ensuing year, the Mosquito Control Works, as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

ARTICLE TEN

"MONEY TO BE USED IN CONNECTION WITH WPA FEDERAL OR UNEMPLOYMENT FUNDS"

Voted — That the sum of $1,500.00 be raised and appropriated to be used in connection with WPA Federal or Unemployment Funds which may be allotted to the Town.

ARTICLE ELEVEN

"MONEY TRANSFERRED FROM OVERLAY SURPLUS TO RESERVE FUND"

Voted — That the sum of $2,000.00 be transferred from the Overlay Surplus to the Reserve Fund, as provided in Chapter 40, Section 6, General Laws.

ARTICLE TWELVE

"PERMANENT HIGHWAY ON TOPSFIELD ROAD"

Voted — That the sum of two thousand dollars ($2,000.00) be raised and appropriated for the construction of a section of permanent highway on Topsfield Road, beginning where the work was left off last year and extending toward the Beverly line; provided that the Commonwealth of Massachusetts and the County of Essex will jointly appropriate the sum of eighteen thousand dollars ($18,000.00) for this work.

ARTICLE THIRTEEN

"LAND DAMAGES ON TOPSFIELD ROAD"

Voted — That the sum of twenty-five hundred dollars ($2,500.00) be raised and appropriated for land damages on Topsfield Road in connection with the work to be done there under Chapter 90.

ARTICLE FOURTEEN

"TERCENTENARY FUND"

Voted — That the sum of two hundred dollars ($200.00) be raised and appropriated to be added to the Tercentenary Fund.

ARTICLE FIFTEEN

"RALPH M. SMITH FUND"

Voted — That the Town accept the "Ralph M. Smith Fund" and the Selectmen be and are hereby authorized to receive and invest the same and disburse the income thereof, as provided in the will of Ralph M. Smith.

ARTICLE SIXTEEN

"SALARIES OF THE BOARD OF HEALTH"

Voted — That the salaries of the members of the Board of Health be fixed at the following figures:

Chairman	$25.00
Agent	$25.00
Secretary	$15.00

ARTICLE SEVENTEEN

"SALARIES OF TOWN TREASURER AND BOARD OF WELFARE"

Voted — That the salary of the Town Treasurer be increased to $750.00 per year and the salaries of the Board of Public Welfare be increased to $50.00 each per year.

ARTICLE EIGHTEEN

"CLOSING OF PLEASANT POND FOR FISHING FROM NOVEMBER 1ST TO APRIL 15TH"

Voted — That no action be taken.

ARTICLE NINETEEN

"PLANS FOR BUILDING ON CAR BARN LOT"

Voted — That a committee of three be appointed by the Finance and Advisory Committee to confer with a committee of three from the American Legion and Ladies' Auxiliary to consider the matters suggested in this article and report at the next Annual Town Meeting.

Committee: George H. Perkins, Howard E. Perkins, Edward L. Sargent, appointed by Finance and Advisory Committee; Roger E. Knowlton, Raymond K. Tarr, Ivy Landers, from Legion and Ladies' Auxiliary.

ARTICLE TWENTY

"MISCELLANEOUS"

RESOLVE FOR ARTHUR D. PRINCE

Be It Resolved, that it is the sense of this meeting to express to Arthur D. Prince, deep regret for his retirement from the Board of Selectmen after thirty years of continued, able and efficient service, where justice and mercy have been shown to the needy, and the welfare of the taxpayers always uppermost in mind; and as expression for his faithfulness and devotion to the Town of Wenham for the past thirty years, as Selectman and member of the Board of Public Welfare, and also a member of the Finance and Advisory Committee, be

manifested by a rising vote, and that this Resolve be spread upon the records of this day's meeting and a copy thereof given to the said Arthur D. Prince.

(Unanimous by a Rising Vote.)

On motion of James R. Reynolds, a rising vote of thanks was tendered the Wenham Village Improvement Society for the bountiful dinner so generously provided for the voters.

Voted — That this meeting be dissolved.

ROSCOE B. BATCHELDER,
Town Clerk.

SPECIAL TOWN MEETING

September 12, 1938

ARTICLE ONE

"ADDITIONAL MONEY FOR W. P. A. WORK"

Voted — That the sum of fifteen hundred dollars ($1,500.00) be raised and added to the W. P. A. Appropriation for 1938.

ARTICLE TWO

"ELECTION OF SURVEYOR OF HIGHWAYS"

Voted — That the Town elect by Official Ballot, beginning at the Annual Town Meeting in 1939, and annually thereafter, one Surveyor of Highways for one year, as provided in Section 1, Chapter 41 of the General Laws.

ARTICLE THREE

"TOWN WATER SYSTEM"

Voted — That the Water Commissioners give this matter further study and report at the next Annual Town Meeting.

ARTICLE FOUR

"MISCELLANEOUS"

Voted — That it is the sense of this meeting to discontinue the Citizen's Caucus for nomination of the Town Officers.

Voted — That this meeting be dissolved.

ROSCOE B. BATCHELDER,
Town Clerk.

Treasurer.

AUDITOR'S REPORT

The accounts of all the officers of this Town intrusted with the receipt or expenditure of money have been examined and the cash balance December 31, 1938, has been verified by actual count and by reconciliation of bank balances.

W. ARTHUR TROWT,
Auditor.

Wenham, Mass., Feb. 8, 1939.

Essex, ss.

Then personally appeared W. Arthur Trowt and made oath that the above statement is true.

ARTHUR D. PRINCE,
Justice of the Peace.

W. P .A.

The administration of this department has been fraught with many difficulties throughout the past year.

At the beginning of the year, with only eight men employed, work was again renewed on the "Insect Control" Project with only a small balance of funds left over from the previous year, although a supplement project had been submitted for additional funds to carry on this much-needed work.

The project was held up so long in Washington that in the meantime funds were exhausted and it was necessary to make a hasty transfer of the eight workers to prevent unemployment.

Upon advice from the local Field Office at Salem the only available means was to accept the "Farm to Market Road" plan under the County funds until our own project could be approved.

Grapevine Road and Hull Street being selected as the most logical location for this work, the eight men were transferred from "Insect Control" work to Grapevine Road.

With no reason to anticipate any increase in our quota of men, the appropriation of $1500.00 at the Annual Town Meeting was considered ample to provide materials, equipment, etc.

Almost overnight, however, the number of men was increased to twenty-nine and the Town's financial side of such a program became a major problem.

An appeal was made to the Finance and Advisory Committee who approved the transfer of $1000.00 from the Reserve Fund, which sum soon proved inadequate.

Widening the double box culvert, otherwise known as the bridge on Grapevine Road required technical supervision and meeting the requirements of the State Department of Highways necessitated raising additional funds. It was necessary to call a Special Town Meeting, at which time $1500.00 was

appropriated, making a total Town Appropriation of $4000.00 beside $750.00 allowed by the State from funds allotted under Chapter 500.

The Federal Government expended about $600.00 in payrolls on the Insect Control, with a contribution from the Town of $50.00, additional credit being allowed for use of truck of $139.50.

On the Grapevine Road work the Federal payrolls were $11,575.00 and the approximate cost to the Town for materials, equipment, rental, etc., amounted to about $3900.00 with credit allowed for use of trucks, tractor, etc., in the amount of $2900.00.

As work on relocating boundary walls was begun very late in the season, the Federal payrolls amounted to only $378.18 and the Town's credit in this instance was $57.55.

Engineering service is necessary on road projects because of the ever-increasing detail to meet the requirements of the Division of Operations of the Government, and to insure approval of projects.

A word relative to the W. P. A. worker: The question is often asked, "Why don't these men hunt jobs for themselves?" The answer is, that as many workers have, from time to time, left the rolls gladly to accept private employment, and found, when forced by circumstances to ask to be re-assigned, that new rules have been adopted which prohibit reinstatement after a period of time. Such being the case, there is no incentive to the worker to seek private employment.

Commodities in food stuffs amounting in value to $1842.00 have been received during the year to supplement the pay check of the workers beside being distributed among other eligibles.

The cost to the Town for their share of maintenance of

warehouses, trucking, freight and refrigeration, beside State administrative expense, was $71.41.

The general cost of administration of this department in the Town of Wenham has been almost negligible in proportion to the amount of responsibility and work required of the Selectmen.

Respectfully submitted,

MARY Q. COLE,
Sponsor's Agent.

6 girls' dresses	24 men's pajamas
4 girls' slips	6 children's pajamas

7 infants' layettes

REPORT OF THE BOARD OF HEALTH

A gratifying health record was again maintained in town during 1938, with a minimum amount of disease, most of which was of the children's type, being recorded as may be noted in the Report of the Agent attached herewith.

Separated from the Town's "Incidental Account" for the first time in history, the Board of Health operated on its own budget this past year, and while many expenditures under health are governed by factors beyond the control of the Board, the year was concluded with a balance in the appropriation. The cost of hospitalization for a local patient at the Essex County Sanatorium was assumed for slightly over four months' treatment by the Board, a portion of which will be returned to the Town by the State during the 1939 fiscal year. Additional demands for hospitalization during the coming year, however, will necessitate an increased appropriation for 1939, despite the fact that the Board has reduced, insofar as it is able, the budget items over which it has direct control.

A new member, Joseph Harrington, Jr., was elected to the Board at the Annual Town Election, replacing William I. Cummings, who had served for a number of terms. Following the election, the Board organized with Delano M. Kennard re-elected Chairman and Howard E. Perkins renamed Secretary. Mr. Cummings was renamed Agent, marking the first time in many years that a non-member of the Board served in that capacity. Porter J. Perkins was again selected as Milk Inspector.

Following the death of Charles W. Patch, veteran Meat and Animal Inspector of the Board, after a short period during which Eben Moulton, Ipswich inspector, kindly acted in that capacity, William P. Porter was selected for the position. An-

other change during the year was the appointment of George A. Landers as Superintendent of Burials, from which position he resigned late in the fall and was succeeded by John G. Knowlton.

The milk inspection program was broadened during the year so that a milk sample collection or a dairy inspection was made at least once every other month on all who distributed milk in this town. Coöperation from all was reported by the Inspector, and unfavorable conditions were promptly attended to upon advice from Mr. Perkins.

The Board acting in collaboration with the Cancer Control League of Massachusetts sponsored an open meeting attended by the heads of every organization in town at which Dr. F. G. Medinger and Bernard Bradley of Boston spoke on the cancer control program. Mrs. Horace Killam was named permanent Chairman and Miss Clementina Haynes, R. N., Secretary, for the Town to see that programs were presented before various town organizations, and to date several such programs have been held.

Although favoring the theory of a dental clinic for children, the Board felt financial conditions this year were such that any expenditure for such an institution should not be attempted during the year. Several requests were also made that the Board sponsor a garbage collection for the Town, but there being no immediate need for such a program as a health measure, the Board felt it inadvisable to advocate such a move at this time.

Respectfully submitted,

DELANO M. KENNARD, *Chairman*
HOWARD E. PERKINS, *Secretary*
JOSEPH HARRINGTON, JR.

Wenham, January 3, 1939.

Board of Health, Town of Wenham:

GENTLEMEN:

I herewith submit my report of communicable diseases reported during the year ending December 31, 1938, as follows: Whooping cough, 34; scarlet fever, 8; measles, 2; tuberculosis of cervical glands, 1; tuberculosis of lungs, 1.

In addition there have been three persons bitten by dogs, but with no bad effects in any case.

There are at present under treatment two cases of scarlet fever and one case of whooping cough.

Respectfully submitted,

WILLIAM I. CUMMINGS,

Agent.

January 1, 1939.

Board of Health, Wenham, Mass.:

DEAR SIRS:

The following is a report of your Milk Inspector for 1938. Owing to the rigid economy which must be practiced this year my report must be brief.

Fifteen (15) licenses were issued for the sale of milk in Wenham.

Fifty-three (53) dairy inspections were made and one hundred twenty-six (126) milk samples were taken and analyzed.

Three (3) ice cream and four (4) cream samples were taken and analyzed.

Paid to the Town Treasurer $7.50 for milk licenses.

Respectfully submitted,

PORTER J. PERKINS,

Milk Inspector.

SELECTMEN'S REPORT

During the year just closed it has been the aim of the Board to continue along the same pathways as have followed in the years past.

Our highways continue to be in good condition either in winter or summer and compare favorably to those of the adjoining towns and as a whole reflect the vigilance and care of our Street Superintendent.

Our sidewalks have been extended on Monument, Arbor, and Perkins Streets to the extent of about 1900 feet, and the foundation has been prepared on Monument Street for about 700 feet which it is intended to surface this coming season, which when completed will give our Town a total of over four miles in length of hard surface walks.

A section of about 1400 feet of Topsfield Road, commonly known as the Causeway, was found to have settled. This has been built up to grade which in some places required a fill of 8 to 10 inches and the surface refinished at a total cost of about $1400.00, one half of which was paid by the Town and taken from the Highway Appropriation, the remainder was paid by the Commonwealth, the labor being furnished by our highway crew.

Work under Chapter 90 was again resumed on Topsfield Road and was completed to a point near Cedar Street.

It was hoped that the entire street might have been completed this year, but owing to the lateness of the season there still remains about 500 feet which has been excavated and filled and made ready to surface next year. When this is finished there will be a hard surface road from Beverly line to Topsfield line.

The Town was extremely fortunate in the small amount of damage caused by the recent hurricane. The damage and wreckage along our highways was taken care of by our Tree Warden at an expense of about $400 and our Cemetery Commissioners handled their part at an expense under $70.00.

The Public Welfare and W. P. A. requirements continue to be of major importance and continue to be on the increase. Under W. P. A. we have found employment for over 20 men who have worked on various projects in Town, the most extensive of which was the improvement of Grapevine Road from a point on Larch Row formerly known as Curtis' Corner to Essex Street. This work consisted of a general widening and straightening and graveling of the road bed, as well as rebuilding a part of Grapevine bridge. The stone walls are being rebuilt to the new lines as defined by the County Commissioners. Work has also been done in other parts of the road, such as relaying drains, building new shoulders, also widening on Hull Street. As a whole the entire project has done much to improve traveling conditions, as well as the beauty of our streets.

A more detailed account of the several branches of W. P. A. will be found in the general report.

It is with regret that the Board accepts the resignation of Mary Q. Cole as Sponsor's Agent. Mrs. Cole has been Agent from the beginning of our Town's receiving Federal Aid and her keen interest and untiring efforts have been of great value to our Board and will be greatly missed in the future.

The sum of $25,000.00 of the Ralph M. Smith Fund has been received and placed on deposit in local savings banks, the income of which will help greatly in reducing our Welfare Appropriations.

The Board wishes to thank all departments and citizens for their support and coöperation during the past year.

Respectfully submitted,

SAMUEL S. CONARY
LOUIS A. DODGE
ELMER E. CLARKE
Selectmen of Wenham.

REAL ESTATE OWNED BY THE TOWN

Town Hall building and land.
Garage and storage shed, rear of Town Hall.
Engine House and land.
American Legion Headquarters and land.
West District Schoolhouse land.
Center Schoolhouse and land.
Pingree Park land.
Park land, corner Main and Arbor Streets.
Foster lot at Idlewood Lake.

REPORT OF THE TREE WARDEN

To the Board of Selectmen, Town of Wenham:

GENTLEMEN:

During the past year the usual amount of trimming of the shade trees has been done.

The hurricane of September 21st made a lot of extra work.

In addition to removing quantities of broken limbs, the following trees were removed: 5 maples, 8 ash, 1 elm, 11 locusts, 38 willows.

THOMAS J. LUXTON,
Tree Warden.

WARRANT FOR THE ANNUAL TOWN MEETING

March 6th, 1939

Essex, ss.

To either of the Constables of the Town of Wenham in said County, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of said Town qualified to vote in elections and Town affairs, to meet at the Town Hall in said Town on Monday the sixth day of March next at Six O'clock in the forenoon then and there to act on the following Articles:

Election of Officers by Official Ballot from Six A. M. to Eleven A. M.

Article One. To bring in their ballots for Moderator, Town Clerk, three Selectmen and members of Public Welfare, Town Treasurer, Tax Collector, Auditor, Tree Warden, three Constables, all for one year; one Assessor, one member of the Board of Health, one member of the School Committee, one Cemetery Commissioner, one Park Commissioner, one Water Commissioner, two Trustees for the Public Library, all for three years; one member of the School Committee for one year, one Trustee for the Public Library for one year, one Surveyor of Highway for one year.

Article Two. To act on the Reports of the Selectmen, School Committee, Trustees of the Public Library, Cemetery Commissioners, and other Town Officers.

Article Three. To raise such sums of money as may be necessary to defray the Town expenses for the ensuing year, make appropriations for the same, and determine the manner of collection.

Article Four. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1st, 1939, and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article Five. To see if the Town will vote to raise and appropriate a sufficient sum of money to pay the State and Military Aid for the current year.

Article Six. To see if the Town will vote to raise and appropriate the sum of six hundred seventy-five dollars and seventy cents ($675.70) to cover the overdrafts in the following departments: Tree Warden, $463.32; Cemetery, $62.38, and Soldiers' Relief, $150.00, or act anything thereon. Per petition Board of Selectmen.

Article Seven. To see if the Town will vote to establish the salary of the Surveyor of Highways, or act anything thereon.

Article Eight. To see if the Town will vote to raise and appropriate the sum of two hundred dollars ($200.00) for the expense of Memorial Observance, the same to be spent under the direction of the Soldiers and Sailors of Wenham.

Article Nine. To see if the Town will vote to raise and appropriate the sum of seventy-five dollars ($75.00) for the expense of maintaining the quarters of Norman Prince Post, No. 182, American Legion.

Article Ten. To see if the Town will vote to accept the Cemetery Trust Funds received since January 1st, 1938, as printed in the Town Report.

Article Eleven. To see if the Town will vote to raise and appropriate the sum of fifty dollars ($50.00) for the purpose of maintaining during the ensuing year the Mosquito Control Works as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

Article Twelve. To see if the Town will vote to raise and appropriate the sum of fifteen hundred dollars ($1500.00) for the purchase of materials and supplies, etc., to be spent in conjunction with the funds allotted to the Town by the Federal Work Relief Administration.

Article Thirteen. To see if the Town will vote to transfer the sum of two thousand dollars ($2,000.00) from the Overlay Surplus Account to a Reserve Fund as provided in Chapter 40, Section 6, of the General Laws.

Article Fourteen. To see if the Town will vote to raise and appropriate the sum of seven hundred dollars ($700.00) for the extension of the Permanent Highway on Topsfield Road, providing the Commonwealth of Massachusetts and the County of Essex will jointly appropriate the sum of sixty-three hundred dollars ($6,300.00) for the same purpose.

Article Fifteen. To see if the Town will vote to raise and appropriate the sum of two hundred dollars ($200.00) to be added to the Tercentenary Fund.

Article Sixteen. To see if the Town will vote to accept the Private Way, known as "Regwill Avenue," from the south side of Cherry Street, a distance of five hundred feet, more or less, as laid out by the Board of Selectmen, as a Public Way. Per petition of William G. Cavanagh and others.

Article Seventeen. To see if the Town will vote to raise and appropriate the sum of five hundred dollars ($500.00) providing the Commonwealth of Massachusetts will appropriate an equal amount for work on Chapter 90 Roads.

Article Eighteen. To act on any other business that may legally come before said meeting.

And you are directed to serve this Warrant by posting attested copies thereof, one at the Bulletin Board on Maine Street, one at the Chapel at Mapleville, one near the Wenham Neck Church, and one near the residence of the late Addison Williams in the eastern part of the Town seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk at the time and place of the meeting aforesaid.

Given under our hands this twenty-seventh day of January in the year nineteen hundred and thirty-nine.

SAMUEL S. CONARY,
LOUIS A. DODGE,
ELMER E. CLARKE,
Selectmen of Wenham.

RECOMMENDATIONS OF THE FINANCE AND ADVISORY COMMITTEE

Under Article 3 the following amounts are recommended to be raised and appropriated for the several departments.

Schools	$29,000 00
Highways	7,525 00
Street Lighting	5,300 00
Public Welfare	3,500 00
Old Age Assistance	4,500 00
Town Officers	5,300 00
Police	700 00
Board of Health	1,200 00
Aid to Dependent Children	300 00
Soldiers' Relief	300 00
Interest	300 00
Schoolhouse Note	2,000 00
County Hospital Note	30 00
Moth Work	1,300 00
Tree Warden	550 00
Incidentals	1,450 00
Snow Removal	2,675 00
Fire	2,200 00
Cemetery	675 00
Library	1,500 00
Parks	250 00
Town Hall	1,700 00
	$72,255 00

Of the Highway appropriation it is recommended that $500.00 be spent for permanent sidewalks.

It is also recommended that the full amount of the "County

Hospital Account" now on deposit in the Savings Department of the Merchants National Bank, Salem, be used toward the payment of the County Hospital Note which comes due this year.

Under Article 4 it is recommended that the Town Treasurer, with the approval of the Selectmen, be authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1939, and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Under Article 5 it is recommended that the sum of $250.00 be raised and appropriated to pay the State and Military Aid for the current year.

Under Article 6 it is recommended that the sum of $675.70 be raised and appropriated to pay the overdrafts of the following accounts in 1938: Tree Warden, $463.32; Soldiers' Relief, $150.00; Cemetery, $62.38.

Under Article 7 it is recommended that the salary of the Surveyor of Highways be $1,300.00 per year.

Under Article 8 it is recommended that the sum of $200.00 be raised and appropriated for the expenses of Memorial Day, the same to be spent under the direction of the Soldiers and Sailors of Wenham.

Under Article 9 it is recommended that the sum of $75.00 be raised and appropriated for the maintenance of the quarters of Norman Prince Post No. 182, American Legion.

Under Article 10 it is recommended that the Town accept the Cemetery Trust Funds which have been received since January 1, 1938, as printed in the Town Report.

Under Article 11 it is recommended that the sum of $50.00 be raised and appropriated for the purpose of maintaining during the coming year the Mosquito Control Works as estimated and certified by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

Under Article 12 it is recommended that the sum of $1,500.00 be raised and appropriated to be used in connection with W.P.A. Federal or Unemployment Funds which may be allotted to the Town.

Under Article 13 it is recommended that the sum of $2,000.00 be transferred from the Overlay Surplus to the Reserve Fund as provided in Chapter 40, Section 6, of the General Laws.

Under Article 14 it is recommended that the sum of $700.00 be raised and appropriated to finish the construction of the permanent highway on Topsfield Road to the Beverly line, provided that the Commonwealth of Massachusetts and the County of Essex will jointly appropriate the sum of $6,300.00 for this work.

Under Article 15 it is recommended that the sum of $200.00 be raised and appropriated to be added to the Tercentenary Fund.

Under Article 16 it is recommended that the Town accept as a public way the private way known as "Regwill Avenue" which has been laid out by the Board of Selectmen as per plan on file with the Town Clerk.

Under Article 17 it is recommended that the sum of $500.00 be raised and appropriated for Maintenance Work under Chapter 90 provided the Commonwealth of Massachusetts will appropriate an equal amount.

ARTHUR D. PRINCE,
Clerk.

Fifty-fourth Annual Report

OF THE

Trustees of the Public Library

OF THE

Town of Wenham, Mass.

FOR THE

YEAR ENDING DECEMBER 31, 1938

SALEM, MASSACHUSETTS
NEWCOMB & GAUSS CO., PRINTERS
1939

REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY

To the Citizens of the Town of Wenham:

Your Board of Trustees of the Wenham Public Library herewith presents its annual report.

Due to a generous appropriation, the Trustees were able to have the library walls and ceiling given a much needed coat of paint. The small hall adjoining was also painted. The change from dark green walls to light cream ones not only has made the room much more cheerful and attractive but has postponed considerably the time when the electric lights have to be turned on during the winter afternoons.

Story hours were given on alternate Saturday afternoons during January, February and March. A sizeable increase in attendance over the preceding year was shown.

In June, the Trustees were hosts to librarians and trustees of libraries from twenty adjoining towns and cities at a neighborhood library meeting. Between fifty and sixty guests were welcomed at the Library and then entertained by the Wenham Historical Association which held open house, enabling our guests to see the Claflin-Richards House, the Herb Center and the Doll Collection.

In September, Miss Dorothy Libby resigned from the Board. She had served faithfully for many years.

In November, the Library lost a very good friend in Dr. John C. Phillips. He always remembered to send a copy of each of his books to us as it was published and usually each book had a few words of greeting in his own handwriting. These books are some of our proudest possessions. Some of the townspeople may not know that the bird prints on the walls were gifts from him, also.

Children's Book Week this year was celebrated November 13-19 and over sixty new books awaited the children on the opening day. An innovation this year was a contest for the younger children, consisting of questions about well-known books or book characters. Two prizes of books were given to the girl and to the boy having the largest number correct.

The librarian and assistants have put much time and consideration into making the Library attractive through flowers, posters and special exhibits and the Board of Trustees would like to express its appreciation.

Respectfully submitted,

HELEN M. AYLWARD
NELLIE A. DODGE
ELOISE GARDNER
JOSEPH HARRINGTON, JR.

ANNUAL REPORT

OF THE

SCHOOL COMMITTEE

OF THE

TOWN OF WENHAM

FOR THE

YEAR ENDING DECEMBER 31, 1938

SALEM, MASSACHUSETTS
NEWCOMB & GAUSS CO., PRINTERS
1939

REPORT OF SCHOOL COMMITTEE

To the Citizens of Wenham:

The past year has been more eventful than many years in the history of the Wenham schools, and your School Committee has several matters of interest to report.

Change in Membership

Delano M. Kennard was elected by the Selectmen and remaining members of the School Committee on May 20, 1938 to succeed James G. Callahan, who resigned because he had moved to Beverly.

Superintendency Union Matters

This town has been a member of a Superintendency Union since 1902 and the present membership of Union Number 46 consists of Topsfield, Lynnfield, Wenham, and Hamilton. At various meetings held since April, 1938, the Hamilton Committee has asked to withdraw from the Union as the Hamilton Committee would like to try out having a man act both as High School Principal and Superintendent. A majority of the Wenham Committee voted in favor of dissolving the Union. The vote was taken by towns, Lynnfield and Topsfield, by unanimous vote of their committees, voting not to dissolve the Union. A Superintendency Union can be dissolved only by majority vote of the towns comprising the Union and then only with the consent of the State Commissioner of Education.

Superintendent John D. Whittier of Wenham, who has been Superintendent since 1923 was reelected as Superintendent in the spring of 1938 for the three-year term provided by law. The Superintendent's office has been moved from Hamilton to Topsfield.

At an informal meeting of the Committee in December it was agreed that although two members of this Committee are convinced that the Wenham School would be better served and possibly more economically operated under the constant direction of a Supervising-Principal, it is such an important change in the entire system, that action should not be taken without a unanimous Committee.

School Bus Contract

The School Bus contract, by law, runs for three years, and in the spring of 1938, the renewal of this contract came up for action. Bids were called for and two bids were received. Sydney K. Prince, who has had the duty of transporting the pupils for more than fifteen years, was not the lowest bidder, but his successful conduct of this work and his record of not being involved in any serious accident since he has operated the school bus, caused the Committee to give his bid serious consideration, particularly as George A. Williams and nineteen others from the eastern part of the town and Leslie R. Hicks, Porter J. Perkins, and others from West Wenham urged the continuance of Mr. Prince's services. The Committee finally decided to award the contract to Mr. Prince at his bid of $1900 as his services during all these years have proved to be entirely satisfactory to the Committee and the parents. At the request of the Committee at the opening of schools in September he extended without charge his route to the Danvers-Wenham line on Maple Street to pick up a child entering the first grade.

In this connection, we wish to thank the Topsfield Committee for providing schooling for one of our Wenham children living near the Topsfield line. To transport this child to our Wenham school would involve many miles of extra transporta-

tion on our bus route in the course of a year, and our transportation expense would be greater than it now is, if it were not for the kind action of our neighboring town.

Since the one-session plan went into effect in January, and which will be discussed later in this report, a few requests have been received for extra bus service because many pupils have to leave their homes earlier than under the old schedule. The Committee has no funds for extra bus service, and in view of the statements from the Selectmen and Finance Committee that we must operate the schools as economically as possible, the Committee does not deem it advisable to ask the town for an increase in this item of our budget. The matter, however, will be given continuous study by the Committee, to see that the bus is operated on the most satisfactory schedule possible.

Changes in Teaching Staff

Mrs. Elizabeth Joslin, who has served very faithfully as domestic science teacher since 1927, tendered her resignation after schools closed for the summer. In accepting this resignation, the Committee voted to express its appreciation of the excellent work performed by Mrs. Joslin. The girls of our town have been extremely fortunate to have had their training in this important branch of school work from such an efficient and enthusiastic teacher.

Miss Phyllis M. Snow, B.S., of Brockton, a graduate of Massachusetts State College at Amherst, was elected to fill the vacancy and she has entered upon her duties in a satisfactory manner.

Ill health prevented the faithful and efficient Mrs. Bernice Crawley from continuing her valuable work with our special ungraded group of pupils. Mr. Dudley M. Briggs has been engaged to conduct this work for this school year. He also

directs the school band and has proved himself a valuable member of our faculty.

The Committee is happy to state that our faithful Principal Miss Buker, our junior high school teachers Miss Bullis and Mr. Hoyt, our manual training teacher Mr. Bridges, and our grade teachers Miss Keyes, Miss Long and Mrs. Preston all returned to their duties in September. Our supervisors, Miss Cleaveland, Music; Mrs. Eaton, Art; and Miss Davis, Physical Training, are also continuing their good work in our schools, so that the Committee believes that our pupils are receiving their education from a competent group of instructors.

New Teacher — Grade II

A larger number than usual entering the first grade was the important problem the Committee had to face in September. We found 27 pupils in the first grade, and 15 in the second, obviously too large a number of small children for one teacher to handle and do justice to teaching the little ones their first and fundamental lessons. After careful study, the Committee decided to employ another teacher to teach the children in Grade Two, and from a field of several applicants, Miss Katherine Duffy of Wenham was elected to serve for the remainder of the school year. Miss Duffy is making creditable progress in her work.

School Band

The Beverly Rotary Club has raised funds to purchase musical instruments to be loaned to our School Band and at our January, 1939, meeting the Superintendent was requested to convey to the Club the thanks of the Committee for this public-spirited action. This will naturally help our leader, Mr. Briggs, in his efforts to develop our group and give our chil-

dren interested in music a chance to make a beginning in actual playing in a band.

Printing Rules

Our printing instructor, Mr. Bridges, consulted the Superintendent regarding what printing should be done for town organizations and the Superintendent brought this matter to the Committee's attention. Our printing classes are small. The Committee deems it unfair to compete with outside businesses and voted that no printing be done other than to print the school paper called "The Breeze" and regular class-room work.

Education Week

This was held in November. Principal Eames of Dummer Academy gave a most interesting talk to teachers and parents which was much enjoyed. This contact between our local school and the county's oldest secondary school was welcomed by the Committee.

Repairs — Care of Plant — New Lights

Our appropriation in 1938 did not permit large expenditures during the year, and would have been less than they actually were, except that in the fall unforeseen work had to be done on the boiler. Two class rooms were painted.

The matter of school lighting was studied by Mr. Callahan and through his efforts in March a conference was held and a demonstration in proper lighting given by Joseph Greenlaw of the Greenlaw Electrical Company. Five modern lights were installed in each of five class rooms. Mr. Greenlaw gave freely of his knowledge to help the town and through his efforts, which the Committee greatly appreciated, a better set

of lights, and at a lower price than was anticipated, was obtained and properly installed.

One Daily Session Being Tried Out

The Committee unanimously decided to try out the plan of a single session beginning January, 1939, and the Chairman and Mr. Kennard were appointed a sub-committee to arrange the details. While the plan met with a little opposition at first from a few parents, present indications to the Committee are that it is working satisfactorily. The time, however, the plan has been in operation is short and the Superintendent, as will be seen from reading his report which follows, does not wish to express his opinion until a further time for trial has elapsed. Early in February, a mail ballot will be sent to the parents for an expression of their opinions. A meeting to discuss this matter will be held in February at some suitable date of which due notice will be given to all interested parties. Details of the plan as now in effect appear in the Superintendent's Report.

Financial Matters

The finance committee and the town did not allow for 1938 the full appropriation requested by the Committee. The School Committee did not urge its request as strongly as it might, as none of the Committee then foresaw the extra expenses, such as the need of employing a new teacher for grade two, and urgent repairs on the boiler which came up during the year. The result was that extreme economy, careful planning, and postponement of all expenditures which could be deferred, were necessary in the fall of 1938.

At the Annual Town Meeting the request for $150 for dental equipment was refused. The Committee appreciated

very much the offer of $50 towards dental equipment from the Wenham Post American Legion Auxiliary, but were in no position to accept it, as they had no funds available with which to supplement it. Our School Nurse has given much time and effort during the past year, to following up cases that are in urgent need of attention. The Board of Health is coöperating with the School Committee and trying to obtain certain town funds to pay for the most urgent cases. With the present need for rigid economy, the school dental work will have to be taken care of in this manner for the coming year.

Need of a New Auditorium

With our assembly hall being used as a class room we are confronted with an old problem of a suitable gymnasium and auditorium. The present assembly hall is not large enough to seat the entire school with the parents and friends whom we like to invite to school programs. Two plans have been considered, one a separate building, and the other an addition to the present building. This would be built as a gymnasium, with a stage at one end, and the present assembly hall could be made into class rooms. This auditorium would be useful to many other organizations in town.

As this Committee wishes to coöperate fully with the Finance and Advisory Board in their effort to keep expenses as low as possible this year, we propose to give this matter further study, to ask the advise of interested persons, and have a definite recommendation in March, 1940.

Budget

An increase in the number of pupils in grade one, making a new teacher necessary for grade two, new desks, books, and equipment for these new pupils, higher cost of coal, and a

larger number of pupils entering Beverly High School, are the reasons making it imperative for your Committee to ask for an increased appropriation in 1939. The Committee expects at least seven more pupils will attend high school in September, 1939.

Our budget is now made out in more detail than formerly so that the taxpayers can have more definite information regarding the items of expenses and may also have more exact knowledge regarding the cost of educating our future voters.

The proposed budget for 1939 follows with a column showing expenditures for 1938 under each item. Because of more detail set forth in the 1939 budget, in a few instances expenses in 1938 have had to be grouped, as our former bookkeeping system did not have the detailed analysis of expense that will prevail beginning in 1939.

Post Graduate Courses

With very few exceptions, Wenham pupils taking post graduate courses in Beverly High School at the expense of the town have met our former requirement of the attainment of a grade of "B" in every subject. The post graduate courses have helped many from Wenham to enter college with credits without requiring the parents to send the children to private schools. In April the Committee adopted the following vote: "Wenham post graduate pupils must maintain ranks required of Beverly post graduate pupils, if the Town of Wenham is to pay tuition."

The proposed 1939 budget allows for four post graduates and your Committee intends to scrutinize carefully every application before allowing a post graduate course to be taken at the town's expense.

Spring Vacation

In recent years, the Committee has deemed it wise to close schools before the very end of June with its usual days of extreme heat. This has curtailed vacations during the school year. The only regular spring vacation in 1939 will occur during the week beginning Monday, March 20.

Reports of Superintendent and Principal, etc.

Attention is called to the valuable reports and statistical tables which follow and which will afford more knowledge of the detailed workings of your school.

Conclusion

Our thanks are given to the Superintendent, Principal, teachers, supervisors and employees all of whom have rendered faithful and devoted service during the past year.

We also appreciate the coöperation which we have received from town officials, parents, and citizens.

Respectfully submitted,

HELEN HORNER, *Chairman*
EDMUND S. COGSWELL
DELANO KENNARD

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Teachers

Mrs. Bernice Crawley and Mrs. Elizabeth Joslin, who had both rendered most excellent service for several years, retired during the year. The services of these teachers were greatly appreciated by all who came in contact with them. I am confident they enjoyed their years of service in the school system.

Mr. Dudley Briggs, a graduate of Salem Teachers College, succeeded Mrs. Crawley. The position vacated by Mrs. Joslin was filled by the election of Miss Phyllis Snow, a graduate of Massachusetts Agricultural State College.

Miss Katherine Duffy, a graduate of Gorham Normal School, was elected as teacher of grade two.

Reorganization

The first grade of twenty-six pupils was considerably larger than anticipated. It seemed unwise to require one teacher to teach both the first and second grades or a total of forty-one pupils. By the employment of an additional teacher it has been possible to have a teacher for each grade.

The work of the coach teacher has been confined largely to pupils of the upper grades as well as to organization and direction of the school band, which has become an important part of our school.

School Activities

As much as we realize the necessity of accomplishing most satisfactory results in our required classroom work it seems highly important that pupils be encouraged to participate in activities which will develop their individual talents. We endeavor to do this through interesting pupils by participation in athletics, clubs, school band, dramatics, holiday programs, Anderson Prize Speaking Contest, Conservation Contest, festivals, and class functions.

In a school with a small enrollment it necessitates several pupils doing more in these activities than is sometimes desired by the instructors. However, because of this wide range of activities and the small enrollment many pupils who would not have the opportunity of participation in a large system do find an opportuntiy to do so in our school.

The citizens learn much about the routine work of our schools from the pupils and from their report cards but I find their rating of the school is often based upon the success of pupils in the many activities which are an adjunct to the regular work. I find parents are appreciative of opportunities afforded their pupils and are most generous in their words of commendation. They often express the thought that, "Whenever the Wenham pupils 'stage' an affair it is done most satisfactorily—it is a finished product." These words of commendation apply to the teachers as well as to the pupils. Whatever the teachers find within their province to do for the pupils is done with equal determination whether it is to be staged before the public or in the classroom.

Massachusetts Rural School Festival

In conjunction with the Eastern Music Educators' Conference to be held in Boston March 14-17 there is to be held the Massachusetts Rural School Music Festival which is the first festival for rural schools held in the state. This festival features Art Songs, Songs of the Plains, Songs of the South, Occupational Songs, and Songs of Our Country.

Under the leadership of Miss Bessie Cleaveland, Supervisor of Music, a chorus of thirty pupils from our schools will be chosen to participate in the festival.

Parents will be requested to assist in costuming and transportation of pupils, all of which I believe they will be willing to do if they consider the opportunity afforded the children to participate with others.

Single Session

On January 3rd a single session plan, which offers some advantages as well as disadvantages, was put into effect.

Under the previous schedule all grades were in session five and one-fourth hours for study and recitation.

The present schedule is as follows:

Grades one and two:

Classroom work of four hours.

Recreation period of fifteen minutes.

Dismissal at 12.30 P. M.

Village children go home for lunch. Bus children remain for lunch and play until two or two-thirty to return home by bus.

Grades three to nine inclusive:

Classroom work of four and three-fourths hours.

Recreation period of fifteen minutes.

Lunch period of twenty minutes.

To carry out this schedule it has been necessary to shorten some periods or alternate them in the first two grades. In grades three to nine several plans will be tried in order to determine the best procedure.

Hot cocoa is being served all pupils who find it necessary to lunch at the school.

There are advantages as well as disadvantages in the present schedule. I do not feel the present schedule has been in force sufficiently long to have the work organized in the best possible manner and sufficiently tried out to warrant an opinion at this time as to its real value.

A letter is being sent parents in regard to the present time schedule. Doubtless the committee will endeavor to make such arrangements as seem advisable for the best working of any schedule of hours satisfactory to the majority of interested parents.

Secondary School Students

The records of those enrolled in schools of secondary school grade are very satisfactory.

Our records show that in the subjects of English, history, mathematics, science, and languages, thirty-nine per cent of ranks issued were either A or B; fifty per cent were C; ten per cent D. Only two failure marks have been recorded against our pupils and these were in subjects not listed above.

No pupils have won a place on the honor roll. I believe this is possible for some of the pupils in view of the fact that they were on the honor roll when in our school.

Those students who expect to enter college or other institutions beyond high school should bear in mind that admission to all institutions of higher learning becomes more difficult each year. This is due to the raising of standards of admission

in order that those who can be accommodated in the institution will be of the highest mental capacity. Unlike the public schools these institutions have a select group from the start. Several institutions consider that just a passing grade is not sufficient to warrant the continuance of students beyond the first year.

Parents as well as students need give considerable thought to the student's choice of a high school course. Once the course has been chosen the student should endeavor to attain a standard of work which will admit him to any higher institution he may desire to enter upon the completion of his high school course.

I believe our number of post graduate students might be materially reduced if students would give more thought to their choice of a course and to the necessity of doing a high grade of work while in high school.

Conclusion

May I take this opportunity of expressing my appreciation to all my co-workers, to the pupils, and taxpayers in making the past year one of real value to the school system.

Respectfully submitted,

JOHN D. WHITTIER

PRINCIPAL'S REPORT

To the Superintendent of Schools,

Dear Sir:

I herewith submit my sixteenth annual report of the Wenham Center School.

Our fall term opened with few changes in the teaching staff. The resignation of Mrs. Joslin made it necessary to elect a new teacher of domestic arts. Miss Phyllis Snow of Brockton was selected to fill the vacancy. She has proved to be sincere and conscientious, making every effort to adapt herself to the conditions existing in our system.

Mr. Dudley Briggs was appointed as teacher of the coach group, which this year includes several ninth-grade pupils. Mr. Briggs is continuing his work with our band. He feels confident that by June the group will not only show a marked improvement in its performance, but that its number may be increased, for he has a class of several interested beginners.

The large enrollment in September again made the separation of the first and second grades inevitable. Miss Katherine Duffy, who last year aided Mrs. Preston, is now entirely responsible for the work of the second grade, and is doing it creditably.

Our first outstanding activity of the year 1938 was the school play. On February seventeenth, the members of the Dramatic Club staged the "Adventures of Tom Sawyer." All agreed, I think, that credit was due to Miss Bullis, the director as well as to those taking part. The evening's proceeds of nearly forty-eight dollars were used to make the final payment on our Victor movie camera. As our School Committee financed our obtaining a film each week from the State Department of Education, we have, like most larger schools, been able to adopt some visual training. In the selection of these films we

attempted, as far as possible, to choose those correlating with some other instruction being given. Then, by preparing the pupils for the picture to be shown, or by a discussion following it, the teachers have tried to make the time thus spent worth while.

The annual government speaking contest, sponsored by Honorable Elbridge Anderson, was held on May thirteenth. The pupils this year wrote on the lives of different statesmen. Constance Wildes, Robert Whittier and Robert Lovejoy won three prizes for our school, and assisted by Katherine Cogswell and Donald Mead, were successful in keeping the cup in Wenham.

On May nineteenth, the pupils of the first six grades entertained with a program consisting of songs and dances representative of different lands. The costumes which some of the parents kindly assisted the teachers in making, made the whole performance more effective and impressive. The interest of the townspeople, shown by their attendance at all such school functions, is appreciated by both teachers and children.

Since last January Miss Gertrude Davis of Winchester has been our supervisor of physical education, spending one day each week in the building. Evidence of this increased amount of time, given by one trained in that line, is now readily seen. A quicker response to directions given, a more thorough enjoyment of organized games and a better attitude toward the whole course are very gratifying.

Those interested in our school, along with the teachers, have probably noticed that the number of pupils whose names are on the honor roll, is less than formerly. You too, I have no doubt, have wondered why such a condition exists. We have tried to face the fact squarely, make a study of the causes and then put forth every effort to overcome the faults within the school.

From a number of reasons, may I mention a few? Along with a full schedule at school, an increased number of outside activities now takes up a child's time and thought.

Many homes with their radios are not as conducive to study as in the past.

Finally, due to a poor spirit, which we must admit was present in our system a few years ago, some of the natural leaders apparently lost interest, and with it, the desire to do their best work. Their influence, affecting the pupils as a whole, developed the idea that "just getting by," as the children say, was entirely satisfactory. Such a feeling did not, of course, grow in any one day or month, and so will not disappear at once. However, I am pleased to be able to report that our school spirit, which began to mend last year, is now very much improved. With this changed attitude on the part of the pupils, their interest in their school work and their desire to lift their standards of scholarship will continue to grow. Some proof of this is even now very noticeable, and we hope it will become more evident as this year progresses, so that you, too, can realize that a change for the better is taking place.

In closing, may I thank the parents for their coöperation, and the teachers, Superintendent, and School Committee for their loyalty and support.

Respectfully submitted,

BESSIE M. BUKER,
Principal.

January 12, 1939.

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools,
Wenham, Massachusetts.

Dear Sir:

I herewith submit my fourteenth annual report as School Nurse in the Town of Wenham.

Total enrollment 152

Result of physical examination by Dr. John G. Corcoran:

Defects:		Corrections:	
Tonsils	12	Tonsils	8
Posture	37	Improved	30
Heart	3	Under treatment	3
Mod. enlarged glands	14	Improved	14
Eyes	9	Eyes	4

Dental Work

I am very sorry to say we were unable to have a dental clinic this past year, but I sincerely hope in the near future we will be able to have some definite dental program for the school children.

No. of children having dental work taken care of privately 55

Hearing

Mrs. Barrows, from the State Department of Public Health, assisted by the School Nurse, tested the hearing of all school children with the audiometer except in the first and second grades. A method easier for the younger children was used in the first two grades. All doubtful cases were retested. When children were found with defective hearing the parents were notified by home calls from the School Nurse with the recommendation that they take the child to an ear specialist.

Number of pupils tested	113
Number retested	17
Number found defective	2
Number classroom inspections	125
Number home calls	231
Number clerical work, hours	164
Number first-aid dressings	327
Number immunized against diphtheria	14
Number consultations with parents, teachers, pupils, doctors, clinic and other health agents	1,370

Number contagious diseases reported to date of school population:

Scarlet fever	3	Impetigo	4
Mumps	1	Whooping cough	6
Measles	1	Ivy	15
		Dogwood	4

In closing I wish to thank the parents, teachers, pupils, School Physician and other health authorities for their kind and considerate help in making our school system do its part in Health Education.

Respectfully submitted,

FLORENCE L. STOBBART, R. N.,

School Nurse.

January 1, 1939.

CLASS ODE

Now the day has come when we must part;
We linger as we say good-bye.
We will always hold within our hearts
Fond mem'ries of the Wenham Junior High.

Refrain

To classmates dear, we say farewell;
We'll try to seize the opportunities.
Your trust in us we hope will always dwell,
And now we'll say adieu.

Forward, class of nineteen thirty-eight,
Through coming years of toil and strife
May the inspiration gathered here
Be a milestone upon our road of life.

Refrain

To teachers true, we say farewell.
We'll try to seize the opportunities.
We'll say good-bye to Wenham Junior High
Until we meet again.

AGE OF ADMISSION

Pupils entering school in September must have been at least five years of age on April 1st preceding entrance in September.

VACCINATION

Children who have not been vaccinated will not be admitted to school in September unless they present a certificate from a regular practicing physician, stating that they are not fit subjects for vaccination. Parents are requested to attend to this matter during the summer vacation, as certificates of vaccination or exemption must be presented at the opening of school to entitle children to admission.

REPORT OF THE SELECTMEN

The Selectmen, in reviewing the past year, feel that the Town has authorized some very forward steps. These changes are very much in line with what is considered "modern" in Town Government, but also may be considered conservative, inasmuch as they should enable the Town to carry on its business in the most approved manner.

This is particularly true of the Town's decision to adopt a unified system of bookkeeping such as is prescribed by the State, and used by the majority of the towns in the State. The creation of the office of Town Accountant is one that should assure the keeping of a system of accounts which will be not only accurate, but also will give the Town officers and the Town itself greater protection in the handling of its money. Everyone is familiar with the fact that Town Government has grown yearly more complicated, and we are confident that the establishment of the State accounting system is a real step forward.

The approval of the Town on the change in the Selectmen's term of office also seems highly progressive. At the Annual Town Meeting in March the Town will elect one selectman for a term of three years, one for a term of two years, and one for a single year term. After 1940, the Town will elect one selectman each year for a term of three years. This method of election is followed in all the other elective town departments, and assures the Town that there will always be at least two members of the Board who have had some practical experience. This is most important, in view of our rapidly changing laws and forever banishes the fear that in any one year the Board might be composed of three new men who have had no experience in Town Government.

The Beverly Gas & Electric Company's reduction in our rates should be of great benefit to the Town. Not only is there

a very substantial saving in money, but also all the lights now existing in the Town will be increased in candlepower, and still leave sufficient money to add a few more lights that your Board may consider necessary.

The question of all the relief agencies still presents a problem. The number of persons eligible for old age assistance increased during 1939, and it is highly probable that it will increase in 1940. Your Board has given serious consideration to each and every individual case, and will continue to do so.

Elsewhere in this report you will find detailed statements of the other departments of the Town, but it seems fitting for this report to call attention to the many favorable comments that have been made on the change of planting around the Town Hall, and also the Christmas lighting which, this year, was changed from the large spruce at the north of the Hall to the small trees on either side of the front door.

Readers will notice that there are a few overdrafts. These have been unavoidable, in the opinion of the Selectmen, and are explained elsewhere in each case.

Finally, there is a situation which may in the future present a serious problem to the Town, and one to which all individuals should give real thought — namely, to consider what results may be expected if the tendency to expect reduced assessments continues. It is true that there is some new building going on in the Town, but it is a question as to whether the increased valuation represented by this new building can balance the decreased valuation requested by some of our property owners. It seems to the Board that it is rather short-sighted of some people not to realize that decreased assessments must finally increase the tax rate.

Furthermore, the citizens of the Town must realize that today we enjoy one of the lowest tax rates in the State. Of this we are all proud, but we must also realize that such a low rate is due in part to the fact that our citizens are not asking for

many of the public services that other towns have. It should be borne in mind that further public services would, without question, result in a higher tax rate. We beg careful consideration of this thought.

May we take this opportunity to thank the other departments in the Town for their co-operation during the past year.

Respectfully submitted,

SAMUEL S. CONARY, *Chairman*
JAMES R. REYNOLDS, *Clerk*
ELMER E. CLARKE

REPORT OF THE WENHAM TERCENTENARY COMMITTEE

Two years ago a Committee consisting of six members was appointed to consider the proper observance of the Three Hundredth Anniversary of the incorporation of the Town of Wenham in 1643. Since then, the membership of this Committee has been increased to eight.

During the past year meetings have been held and many suggestions and plans, though necessarily in a formative stage, have been carefully considered.

To date, this Committee has had no occasion to spend any money.

Respectfully submitted,

HARRISON GARDNER, *Chairman*
LOUIS A. DODGE
MELVILLE G. GREY
JOSEPH HARRINGTON, JR.
RAY G. KNOWLTON
MINNIE ASHWORTH
ADELINE P. COLE
RUTH L. TORREY, *Secretary*

REPORT OF THE BOARD OF HEALTH

The Board of Health is pleased to report that the incidence of communicable diseases during the past year was about one-quarter that of the previous year. The Board assumed the cost of hospitalization for a local patient at the Essex County Sanatorium from January to July. There were two cases of scarlet fever in one family, but spread of the disease was prevented by stringent quarantine methods. The detailed report is included in the report of the Agent, appended hereto.

The health of the town is further safeguarded by rigid inspection of all dairies supplying milk to be sold in Wenham, and periodic inspection of the milk. The excellent work of the Inspector in past years and the co-operation of the dairies has made it possible to maintain this degree of supervision this year at a minimum expense. The detailed report of the Inspector is appended hereto.

The Board was organized at the first meeting after the town meeting, with Howard E. Perkins elected Chairman, and Joseph Harrington, Jr., elected Secretary. W. I. Cummings was appointed Agent for the Board; Porter J. Perkins was appointed Milk Inspector; John G. Knowlton was appointed Superintendent of Burials; and William P. Porter was nominated for Meat Inspector and subsequently approved and appointed by the State Department of Public Health.

The budget for the coming year includes the salaries of the Board officers and Agent for the first time . It should be noted that many of the items in the budget are required by law to be made by the Board, and in most cases reimbursement is made to the Town from outside sources for these expenditures. In most cases the latter reimbursements, however, do not come to public attention. For example, expenses of local patients at

the Essex County Sanatorium are in large part returned by the State. Expenses of the Superintendent of Burials are returned in full by the undertaker. Fees for medical services to persons on welfare and having communicable diseases must by law be assumed by the Board. Expenses of Milk Inspection and Meat Inspection must be assumed by the Board, but no reimbursement is made to the Town. Approximately one-half of the total budget will be expended on Meat Inspection in the coming year.

During the year the Board met with the Board of Health of Hamilton and local physicians to discuss the immunization of pre-school children. It is common practice in Massachusetts towns for the Board of Health to provide clinics for this purpose. These discussions are to be continued during the coming year.

Respectfully submitted,

HOWARD E. PERKINS
JOSEPH HARRINGTON, JR.
DELANO M. KENNARD

January 13, 1940.

Board of Health of the Town of Wenham,

GENTLEMEN:

During the year 1939 there were only slightly more than 25% as many cases of communicable diseases reported to the Board of Health as were reported during 1938.

They were divided as follows: Tuberculosis of lungs, 1; mumps, 2; scarlet fever, 3; septic sore throat, 4; measles, 1; whooping cough, 1; dog bite, 1.

Respectfully submitted,

WILLIAM I. CUMMINGS,
Agent.

January 1, 1940.

Board of Health, Wenham, Mass.

Dear Sirs:

The following is a report of your Milk Inspector for 1939:

Eight (8) licenses were issued for the sale of milk and one (1) for the sale of ice cream in Wenham.

Twenty-six (26) dairy inspections were made and one hundred (100) milk samples were taken and analyzed.

Three (3) ice cream and four (4) cream samples were taken and analyzed.

Paid to the Town Treasurer, $5.00 for milk and ice cream licenses.

Respectfully submitted,

PORTER J. PERKINS,

Milk Inspector.

REPORT OF THE SURVEYOR OF HIGHWAYS

To the Citizens of the Town of Wenham:

The following report of the Highway Department for the year 1939 is submitted.

The regular routine work, patching, oiling, etc., on the streets of the Town was carried on as usual.

During the year, the following improvements have been made:

Larch Row: Work was started on two bad curves and one half was finished. The other half we expect will by done by a W. P. A. project in 1940. I wish to thank the abutters, Mr. Louis A. Dodge and Mr. Frederick Winant, Jr., of Wenham, and Mr. Thomas Lynch of Marblehead, who gave the Town the necessary land for these improvements.

Topsfield Road from the Beverly line, a distance of 1400 feet, was greatly improved and we expect will be finished by contract in 1940.

Under Chapter 90 Maintenance, we raised a culvert which had settled from five to twenty inches. This consisted of five sections of cement pipe each weighing from two to three tons. We also sealed about 1400 feet on Topsfield Road.

On Essex Street from the Beverly line, we sealed about 1,000 feet with emulsion and pea stone.

On Grapevine Road to the Beverly line and on Hull Street, several improvements in widening on curves and ledges were made under a W. P. A. project.

Two cisterns were installed on Cherry Street, one at Regwill Avenue and one near Cedar Street.

Sidewalks were finished on Porter and Monument Streets. In 1940 we propose to do 300 feet on Pleasant Street and on Arbor Street from the Chapel to the Gray house.

Respectfully submitted,

JOSEPH F. LYNCH,
Surveyor of Highways.

REPORT OF THE MOTH DEPARTMENT

Work was started the first of the year on painting nests on Town trees. A large infestation of gypsy moths was found in the east end of the Town and in some sections in the west part of the Town. Spraying was done by the W. P. A. under the supervision of the Moth Superintendent, also on private property and in the woods. A second-hand Ford truck chassis was purchased and the tank installed, which was much quicker and safer than the old equipment. About the same conditions prevailed in 1939 as in 1938 in regards to infestation.

Respectfully submitted,

JOSEPH F. LYNCH,

Moth Superintendent.

REPORT OF THE TREE WARDEN

To the Board of Selectmen, Town of Wenham,

Gentlemen:

During the past year all dangerous wood and other trimming has been attended to. There also has been a great deal of bark tracing work done.

The following trees have been removed: 8 locusts, 10 willows, 2 maples, 1 poplar, 2 oaks, 2 elms, 2 mountain ash, and 1 spruce. Six of these were removed in conjunction with the widening of Larch Row and Grapevine Road.

The Beverly Gas and Electric trimmed all trees to have the proper clearance of their wires. This work was done under the supervision of the Tree Warden.

There were fourteen mountain ash trees set out along Topsfield Road. These trees were donated to the Town.

Respectfully submitted,

NELSON T. BAGNELL, JR.,
Tree Warden.

REPORT OF THE FIRE ENGINEERS

To the Honorable Board of Selectmen.

The Fire Department has answered a total of 52 alarms, of which 22 were grass fires, 15 woods fire, buildings 6, chimney 3, automobiles 2, garage 1, dump 4.

Your Fire Department has purchased this year 200 feet of 2½-inch hose, making a total of 2,850 feet of serviceable 2½-inch fire hose; also 100 feet of smaller hose, making a total of 950 feet of 1½-inch hose in first-class condition.

This is in keeping with the program submitted by the Finance and Advisory Committee. The Fire Engineers again wish to caution the citizens of the extreme danger of grass and brush fires during the spring and fall months of the year. Many needless runs are due each year to carelessness.

Respectfully submitted,

HORACE A. KILLAM, *Chief*
THOMAS J. LUXTON
ARTHUR B. KNOWLTON

REPORT OF W. P. A. COMMODITY CLERK

The expense of this department has increased during the past year owing to the fact that commodities heretofore received were packaged and ready for distribution, whereas during the past year they have been sent in bulk, which necessitated weighing and packing by the Commodity Clerk.

COMMODITIES RECEIVED AND DISTRIBUTED

Food

Apples	5040 lbs.	Milk, evaporated	864 cans
Beans	2000 lbs.	Milk, powdered	200 lbs.

REPORT OF THE WATER BOARD

Mr. Moderator, Town Officials, Ladies and Gentlemen of the Town Meeting:

This is a report of the Chairman of the Water Board rather than the Board as a whole. Although I have consulted with the other members at various times, we did not get together for the formation of a report, but I think they will all agree with what I have to say.

Your Chairman has visited the water plants in Beverly and several of the smaller towns around Wenham, including Hamilton, Georgetown, Rowley and West Newbury, with a view to what system might be used in Wenham if water should be voted for.

I have also visited various parts of Wenham to look over the possible location of a standpipe, if such a system should be used here.

Your Chairman has consulted with Mr. Smith of the Hamilton Water Board regarding the possible sale of Hamilton water to Wenham. Their system is not developed to a point where they are able to give any definite figures on the cost of supplying Wenham with water if they were requested to do so.

It would be impossible to estimate the cost of any certain water system which might be installed in Wenham without technical advise, and there has been no appropriation to secure such advice. No ordinary layman could estimate the number of feet of pipe necessary, what pumping equipment would be necessary, the cost, etc., therefore I have no figures from the technical standpoint. Through the co-operation of Mr. L. E. Libby, Mr. W. Arthur Trowt and Mr. L. C. Wiley, I have

compiled a list of figures which show a possible saving on insurance of Town property should the Town have water.

All the while I have been doing these various things in connection with the question, I have interviewed various taxpayers in different sections of the Town. As far as I can find, there are a few people who definitely would like to have water installed at the present time, but in most cases I believe the taxpayers feel that due to the greater cost for State administration and for additional Welfare at the present time, it does not seem to be expedient to think of installing a water system now.

When and if the taxpayers are ready for water, the Water Board will be glad to co-operate.

ROBERT C. JONES,
Chairman of Water Commission.

To State Reclamation Board

From Robert W. Wales, Entomologist

Subject: Condition of Drainage at Low Swamp, Wenham Mosquito Control Project.

I have examined the condition of the drainage ditches in Low Swamp in the Wenham Mosquito Control Project, going over the area with Mr. Stanton, who has had charge of the maintenance.

The greater portion of the ditches are in a satisfactory condition and appear to be standing up well. There is no evidence of serious caving of the side walls. The masonry holding the stop planks at the head of the pipe line is apparently in good condition, as is also the manhole in the middle of the line. The ditch along the east border of the swamp is in need

of further cleaning to remove earth that is obstructing the flow in some places. While this ditch carries less water than the others, it is essential that it be kept in good condition to provide drainage when necessary.

The condition of the drainage at the northwest border of the swamp near the corner of Friend Court and Route 1A is unsatisfactory. The use of the Cook property at this point for dumping has resulted in the obstruction of the ditch leading from this area to the main ditch through the swamp. This defeats the purpose of the dam at the head of the pipe line at the east end of the swamp, designed to divert water from the swamp to the old drain under Friend Court and hence to the skating pond beyond.

The old ditch at the edge of the swamp back of the Post Office and the Perkins property is more or less obstructed with rubbish. This particular area never has drained satisfactorily, the old ditch in places being lower than the ditches leading from it. With the drainage of the swamp now being to the east, this old ditch serves no useful purpose and because of the tendency of water to stand in it much of the time, it provides a breeding place for considerable numbers of mosquitoes.

The writer understands that the drainage provided in the rebuilding of Route 1A through the center of the town sends considerably more water into the skating pond area than was formerly the case, so that water from Low Swamp is no longer needed for the skating pond. If this is the case, a great improvement in the condition along the northwest border of the swamp would be obtained if the low area along the line of the old ditch referred to above were filled to the level of the adjacent ground. This would eliminate the standing water in this area. The ditches leading from this area to the main drain of the swamp should still be kept open, however.

With respect to the ditch through the dump on the Cook property, its abandonment by filling should be permitted only in case the plan of diverting water from the swamp to the drain under Friend Court were abandoned. If it is desired to continue the possibility of the diversion of the swamp water, it is essential that the obstruction of this ditch by dumping be prohibited or that it be replaced by pipe of sufficient size to permit the free flow of water from the swamp to the Friend Court drain when the stop planks at the other end of the swamp are in position.

ROBERT W. WALES

AUDITOR'S REPORT

The accounts of all the officers of this Town intrusted with the receipt or expenditure of money have been examined and the cash balance December 31, 1939, has been verified by actual count and by reconciliation of bank balances.

W. ARTHUR TROWT, *Auditor.*

Essex, ss. Wenham, Mass., Feb. 8, 1940.

Then personally appeared W. Arthur Trowt and made oath that the above statement is true.

MARY Q. COLE, *Notary Public.*

ARTICLE TEN

"CEMETERY TRUST FUNDS"

Voted—That the Town accept the Cemetery Trust Funds which have been received since January 1, 1938, as printed in the Town Report.

ARTICLE ELEVEN

"MOSQUITO CONTROL WORKS"

Voted—That the sum of $50.00 be raised and appropriated for the purpose of maintaining during the coming year the Mosquito Control Works, as estimated and certified by the State Reclamation Board, in accordance with the provisions of Chapter 112, Acts of 1931.

ARTICLE TWELVE

"MONEY TO BE USED IN CONJUNCTION WITH W. P. A., FEDERAL OR UNEMPLOYMENT FUNDS"

Voted—That the sum of $1,500.00 be raised and appropriated to be used in connection with W. P. A., Federal or Unemployment Funds which may be allotted to the Town.

ARTICLE THIRTEEN

"MONEY TRANSFERRED FROM OVERLAY SURPLUS TO RESERVE FUND"

Voted—That the sum of $2,000.00 be transferred from the Overlay Surplus to the Reserve Fund as provided in Chapter 40, Section 6, of the General Laws.

ARTICLE FOURTEEN

"PERMANENT HIGHWAY ON TOPSFIELD ROAD"

Voted—That the sum of $700.00 be raised and appropriated to finish the construction of the permanent highway on Topsfield Road to the Beverly line, provided that the Commonwealth of Massachusetts and the County of Essex will jointly appropriate the sum of $6,300.00 for this work.

ARTICLE FIFTEEN

"TERCENTENARY FUND"

Voted—That the sum of $200.00 be raised and appropriated, to be added to the Tercentenary Fund.

ARTICLE SIXTEEN

"REGWILL AVENUE"

Motion to accept this avenue as a Public Way was lost.

ARTICLE SEVENTEEN

"CHAPTER 90 ROAD WORK"

Voted—That the sum of $500.00 be raised and appropriated for Maintenance Work under Chapter 90, provided the

Commonwealth of Massachusetts will appropriate an equal amount.

ARTICLE EIGHTEEN

"MISCELLANEOUS"

Voted on motion of Lester E. Libby, that the best wishes of this meeting for the early recovery to health and usual activities, be extended to one long interested, active and honored in Town Affairs, Mr. Arthur D. Prince; that the above be spread upon the records and a copy sent to Mr. Prince. (Unanimous by a Rising Vote.)

On motion of Samuel S. Conary, a Rising Vote of Thanks was extended to the Wenham Village Improvement Society for the bountiful dinner so generously provided for the voters.

Mr. George E. Smith of Hamilton, our Representative, was present and made a few appropriate remarks.

Voted that this meeting be dissolved.

ROSCOE B. BATCHELDER,
Town Clerk.

SPECIAL TOWN MEETING

September 25, 1939

ARTICLE ONE

"ADDITIONAL W. P. A. MONEY"

Voted—That the sum of $1500.00 be raised and added to the W. P. A. Appropriation for 1939.

ARTICLE TWO

"AUXILIARY GAS LIGHTING SYSTEM"

Voted—That the sum of $250.00 be raised to provide an auxiliary gas lighting system, with enough fixtures to properly illuminate the Hall, Corridors and Stairways of the Town Hall Building.

ARTICLE THREE

"ACCOUNTING SYSTEM"

Voted—That the Town petition the Director of Accounts of the Department of Corporations and Taxation for the installation of an Accounting System for the Town, as provided in Chapter 44 of the General Laws.

ARTICLE FOUR

"TOWN ACCOUNTANT"

Voted—That the Town authorize the Selectmen to appoint a Town Accountant in accordance with Section 55, Chapter 41 of the General Laws and to abolish the office of Town Auditor.

ARTICLE FIVE

"CHANGE FROM ONE TO THREE YEARS—TERM OF BOARD OF SELECTMEN AND BOARD OF PUBLIC WELFARE"

Voted—That the Term of the Board of Selectmen and Board of Public Welfare be changed from one to three years: electing at the Annual Town Meeting in March, 1940, one member for three years, one member for two years, one member for one year; and annually thereafter, one member for three years, as provided in Chapter 41, sections 2 and 7 of the General Laws.

ARTICLE SIX

"REGWILL AVENUE"

Voted—That the Town accept as a Public Way, Regwill Avenue (so-called) running from the south side of Cherry Street a distance of five hundred feet, more or less, as laid out by the Board of Selectmen.

ARTICLE SEVEN

"PROPOSED STREET OF LESTER E. LIBBY"

Voted—That the matter of acceptance be referred to the next Annual Town Meeting.

ARTICLE EIGHT

"MISCELLANEOUS"

Voted that this meeting be dissolved.

ROSCOE B. BATCHELDER,
Town Clerk.

WARRANT FOR THE ANNUAL TOWN MEETING

March 4th, 1940

Essex, ss.

To either of the Constables of the Town of Wenham in said County, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of said Town qualified to vote in elections and Town affairs, to meet at the Town Hall in said Town on Monday, the fourth day of March next, at Six O'clock in the forenoon, then and there to act on the following Articles:

Election of Officers by Official Ballot from Six A. M. to Eleven Thirty A. M.

Article One. To bring in their ballots for Moderator and Town clerk for one year, three Selectmen and members of Public Welfare, one for one year, one for two years and one for three years; Town Treasurer, Tax Collector, Tree Warden, three Constables, all for one year; one Assessor one member of the Board of Health, one member of the School Committee, one Cemetery Commissioner, one Park Commissioner, one Water Commissioner, two Trustees of the Public Library, all for three years; one Surveyor of Highway for one year.

Article Two. To act on the Reports of the Selectmen, School Committee, Trustees of the Public Library, Cemetery Commissioners, other Town Officers and Committees.

Article Three. To raise such sums of money as may be necessary to defray the Town expenses for the ensuing year,

make appropriations for the same, and determine the manner of collecting the same.

Article Four. To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1st, 1940, and to issue a note or notes as may be given for a period of one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article Five. To see if the Town will vote to accept the Cemetery Trust Funds received since January 1st, 1939, as printed in the Town Report.

Article Six. To see if the Town will vote to authorize the Board of Public Welfare to appoint one of their members, Agent of Public Welfare and Old Age Assistance.

Article Seven. To see if the Town will vote to authorize the Assessors to do their own clerical work.

Article Eight. To see if the Town will vote to raise and appropriate the sum of seven hundred dollars ($700.00) for the extension of the permanent highway on Topsfield Road, providing the Commonwealth of Massachusetts and the County of Essex will jointly appropriate the sum of sixty-three hundred dollars ($6,300.00) for the same purpose.

Article Nine. To see what action the Town will take regarding the acceptance of the proposed street of Lester E. Libby as referred to this meeting by the Special Town Meeting of September 25th, 1939.

Article Ten. To see if the Town will vote to transfer the sum of two thousand dollars ($2,000.00) from the Overlay

Surplus Account to a Reserve Fund as provided in Chapter 40, Section 6 of the General Laws.

Article Eleven. To see if the Town will vote to raise and appropriate the sum of seven thousand dollars ($7,000.00) to remodel, modernize and fireproof the present fire house so as to include more adequate working space, a third door for apparatus, reduce the fire hazard now existing and supply quarters for a Police Office and Legion rooms, as per petition of John G. Knowlton and others.

Article Twelve. To see if the Town will vote to instruct the Moderator to appoint a committee of four to work with and assist the Board of Water Commissioners in a survey relative to the installation of a water system in the Town of Wenham, and to raise and appropriate the sum of four hundred dollars ($400.00) for the use of this committee, the committee as a whole to ascertain the needs of the Town, the most desirable type of system, the source of water, the affect of such a system on the insurance rates, the costs, and possible methods of financing, the method of installation, and any and all other information pertinent to the subject, to cause to have printed and distributed to the voters a complete report of all the facts pertaining to the investigation, and to report their findings and make recommendations not later than the next Annual Town Meeting. Per petition of Delano M. Kennard and others.

Article Thirteen. To act on any other business that may legally come before said meeting.

And you are hereby directed to serve this Warrant by posting attested copies thereof, one at the Bulletin Board on Main Street, one at the Chapel on Maple Street, one near the Wenham Neck Church, and one near the residence of the late Addi-

son Williams in the eastern part of the Town, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk at the time and place of the meeting aforesaid.

Given under our hands this twenty-fifth day of January in the year nineteen hundred and forty.

SAMUEL S. CONARY,
JAMES R. REYNOLDS
ELMER E. CLARKE
Selectmen of Wenham.

It is recommended that the Assessors with the approval of the Tax Commissioner be authorized to use Free Cash in the Treasury in determining the tax rate for 1940.

Under Article 4 it is recommended that the Town Treasurer,

with the approval of the Selectmen, be authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1940, and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Under Article 5 it is recommended that the Town accept the Cemetery Trust Funds which have been received since January 1, 1939, as printed in the Town Report.

Under Article 6 it is recommended that the Town authorize the Board of Public Welfare to appoint one of their members as Agent of Public Welfare and Old Age Assistance.

Under Article 7 it is recommended that the Town authorize the Assessors to do their own clerical work.

Under Article 8 it is recommended that the Town raise and appropriate the sum of $700.00 for the extension of the Permanent Highway on Topsfield Road, providing that the Commonwealth of Massachusetts and the County of Essex will appropriate the sum of $6,300.00 for the same purpose.

Under Article 9 it is recommended that no action be taken, in accordance with the request of Mr. Libby.

Under Article 10 it is recommended that the sum of $2.000.00 be transferred from the Overlay Surplus Account to the Reserve Fund as provided in Chapter 40, Section 6 of the General Laws.

Under Article 11 it is recommended that no action be taken. The petitioners had no plans or figures ready to present to the committee.

Under Article 12 it is recommended that no action be taken.

ARTHUR D. PRINCE,
Clerk.

The Commonwealth of Massachusetts

DEPARTMENT OF CORPORATIONS

AND TAXATION

DIVISION OF ACCOUNTS

REPORT OF AN AUDIT

OF

THE ACCOUNTS

OF THE

TOWN OF WENHAM

FOR THE PERIOD FROM

JUNE 5, 1935 TO JULY 5, 1939

Made in Accordance with the Provisions of
Chapter 44, General Laws

October 9, 1939

REPORT OF AN AUDIT OF ACCOUNTS

THE COMMONWEALTH OF MASSACHUSETTS
DEPARTMENT OF CORPORATIONS AND TAXATION
DIVISION OF ACCOUNTS

STATE HOUSE, BOSTON

October 9, 1939

To the Board of Selectmen
Mr. Samuel S. Conary, Chairman
Wenham, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Wenham for the period from June 5, 1935 to July 5, 1939, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL

TNW : O

Director of Accounts

REPORT OF EXAMINER

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the accounts of the town of Wenham for the period from June 5, 1935, the date of the previous audit, to July 5, 1939, and report thereon as follows:

The records of financial transactions of the several departments receiving or disbursing money for the town, or committing bills for collection, were examined and checked in detail.

General ledger accounts were compiled and the appropriation accounts kept by the board of selectmen were checked with the town clerk's record of town meetings and with the accounts of the town treasurer. A balance sheet, showing the financial condition of the town on July 5, 1939, was prepared and is appended to this report.

It is recommended that the money received annually from the county on account of the dog fund be appropriated each year for the use of schools or libraries, in accordance with Section 172, Chapter 140, General Laws.

The books and accounts of the town treasurer were examined and checked in detail. The recorded receipts were analyzed and checked to the records of the several departments collecting money for the town and with other sources from which money is paid into the town treasury. The payments were checked with the selectmen's orders authorizing the disbursement of town funds.

The cash book additions were verified and the cash balance on July 5, 1939, was proved by actual count of the cash in the office

and by a reconciliation of the bank balances with statements furnished by the banks in which town funds are deposited.

The savings bank books representing the investment of the trust funds in the custody of the town treasurer were examined and listed, the income being proved and the transfers to the town being verified.

The recorded payments on account of maturing debt and interest were checked with the amounts falling due during the period covered by the audit and with the cancelled securities on file.

The records of tax titles held by the town were examined and checked. The taxes added to the tax title account were compared with the collector's records, the recorded redemptions were checked with the receipts as shown on the treasurer's cash book, and the tax titles on hand were listed and proved.

The books and accounts of the former tax collector were examined and checked. The tax accounts outstanding at the time of the previous examination were audited, and all subsequent commitments were proved. The collections as recorded on the cash books were checked in detail to the commitment books, the abatements, as recorded, were checked with the records of the assessors, and a table showing the settlement of the former tax collector with the town is appended to this report.

The books and accounts of the present tax collector were examined and checked. The amounts recommitted from the former tax collector were proved and all subsequent commitments were verified and reconciled with the assessors' warrants for their collection. The recorded collections were compared with the payments to the treasurer, the recorded abatements were checked with the records of abatements granted by the assessors, and the outstanding accounts were listed and proved.

Verification of the outstanding accounts was made by mailing notices to a number of persons whose names appeared on the books

as owing money to the town, the replies received thereto indicating that the outstanding accounts, as listed, are correct.

The records of departmental accounts receivable were examined and checked. The recorded payments were compared with the treasurer's cash book, and the outstanding accounts were listed and proved.

The records of licenses issued by the selectmen, town clerk, and health department were examined and checked, and the payments to the State and to the town were verified.

The surety bonds furnished by the officials bonded for the faithful performance of their duties were examined and found to be in proper form.

In addition to the accounts mentioned, the records of all departments collecting money for the town or rendering bills for collection were examined and checked in detail.

There are appended to this report, in addition to the balance sheet and reconciliation of the former tax collector's accounts referred to, tables showing a reconciliation of the treasurer's cash, summaries of the tax, tax title, and departmental accounts, as well as schedules showing the transactions of the trust funds.

While engaged in making the audit, coöperation was received from the officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE
Assistant Director of Accounts

Fifty-fifth Annual Report

OF THE

Trustees of the Public Library

OF THE

Town of Wenham, Mass.

FOR THE

YEAR ENDING DECEMBER 31, 1939

SALEM, MASSACHUSETTS
NEWCOMB & GAUSS CO., PRINTERS
1940

REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY

Your Board of Trustees of the Wenham Public Library herewith submits its annual report.

It seems to have been rather an uneventful year, with nothing more than routine matters to report.

At Mr. John Whittier's suggestion and through Miss Bessie Buker's co-operation the series of Story Hours heretofore held at the Library were given at the Center School on alternate Friday mornings from January through March. This proved very successful inasmuch as only twenty-five or thirty children from the center of the town attended a Story Hour at the Library, while at the School approximately seventy children heard the stories.

For a number of years the Library has given a course of instruction to the pupils of the seventh, eighth, and ninth grades on the "Use of the Library." This course has been given every three years, so that the pupil would have it once during the Junior High grades. This year Mrs. Edna F. Hurlburt of the Beverly Public Library staff, who had done it so capably in the past, was unable to give it due to illness. The course was given by Miss Helen Aylward.

The bulletin of new titles formerly issued quarterly was discontinued. The cost of the printing seemed greater than the interest in them warranted. It was decided to have a shorter list issued every two months in mimeographed form. These are very satisfactory; the cost is about one-half of the former amount, and they are used by the public a great deal more than the others were.

Children's Book Week in November was celebrated with gay blotters, flowers, new books, and a contest, this year, for the

older grades. This contest consisted of questions about books and characters from books. The winner was given a book of his own choice.

Several gifts of books have been received and we are very grateful.

Throughout the year the Library has had most attractive posters and exhibits. A gardening one in the spring and a Back-to-School one in September are only two of the many colorful and attention-drawing displays, which the Librarian and her assistants have planned. By means of these exhibits and through articles in the local papers we have tried to make the townspeople more Library-minded. We are very fortunate in having a light, attractive room, a good collection of books, and a librarian and assistants who are genuinely interested in their work. For all these things we are very appreciative.

Respectfully submitted,

HELEN M. AYLWARD
Chairman of the Board.

ANNUAL REPORT

OF THE

SCHOOL COMMITTEE

OF THE

TOWN OF WENHAM

FOR THE

YEAR ENDING DECEMBER 31, 1939

SALEM, MASSACHUSETTS
NEWCOMB & GAUSS CO., PRINTERS
1940

REPORT OF SCHOOL COMMITTEE

To the Citizens of Wenham:

Although marked by several important changes, the school year in 1939 was a most satisfactory one from many points of view. A fine spirit of coöperation between members of the committee, even on controversial matters resulted in a most harmonious year with the faculty and others on the school staff working together with the school committee that Wenham children might have every possible educational advantage.

The outstanding change in our school system was the single session, begun in January, and after a six months' trial accepted by your committee as a permanent improvement. This session, discussed in detail by the Superintendent's and Principal's report has in the minds of your committee proved extremely beneficial to both teachers and pupils. Reports from homes and classrooms have shown this to be a fact in almost every case. The only improvement which might be considered at this time would be some method of serving hot lunches to pupils at cost, a project which unfortunately at this time is made impossible because of physical limitations of the school building.

New Detailed Budget

The committee wishes to call attention to the more detailed budget used for the first time for an accounting of school expenditures. Recommended by your chairman, and set up through the coöperation of the superintendent and committee, this budget now presents a clearer picture of the costs of maintaining your schools, the largest single item in the town budget.

Until one actually sees a breakdown of the costs of maintaining the school program, the total expenditure may appear large; one has only to spend several long nights trying to reduce this figure without impairing our educational program to appreciate the necessity for this seemingly large appropriation.

Our individual costs per pupil may appear high in relation to some other systems, but consideration must be given to the financial disadvantage of small classes. This is particularly true in our Junior High school where classes in certain subjects might be doubled in size without a cent of additional cost. To assure our pupils every advantage comparable to those of the larger systems, this is sacrifice which we must make. It is gratifying to your committee that last year a resident of one neighboring town was willing to pay tuition that his child might be enrolled in our system, and that this year we are receiving tuition from an Ipswich resident, a compliment to our system and faculty.

Superintendency Union Meetings

Affairs of Superintendency Union 46 of which we are a member with Hamilton, Lynnfield and Topsfield occupied considerable attention at the outset of the year, with numerous meetings held during the first quarter. The question of the dissolution of the Union was finally settled by compromise at the annual meeting held in Wenham in April, as those present voted "To agree to dissolve the Union at the April 1941 meeting, dissolution to be effective June 30, 1941 (subject to the approval of the Commissioner of Education as provided in the statutes) if a majority of the then members of any school committee vote at that time in favor of withdrawing from the Union."

School Enrollment

Enrollment figures shown elsewhere in this report show about the same totals, but unusual distribution lifted costs during the past year. The first grade, during 1939 numbering some 28 pupils at one time, completely threw out of gear the program whereby first and second grades are in one room, necessitating the employment of a second grade teacher. While the first grade that entered in the fall of 1939 was back to the normal number of about 15, the oversized entering class of the previous year created the same problem of a single teacher in the second grade, a situation which will undoubtedly continue throughout its school career. Additional numbers in high school also create increased financial burdens, as more pupils continue through their high school career, and others seek post-graduate courses. Your committee feels that while post-graduate students incur additional tuition costs for the town, it is money well spent, providing the recipients maintain the honor ratings demanded of them, a condition which we are pleased to report all of this year's post-graduates have maintained.

Increased enrollment in vocational schools also bring increased tuition costs, but here again your committee considers it money well spent, for in these days of unemployment and difficulties encountered by young persons seeking work, the boy or girl with a trade or technical education is much less likely to find his or her way to the relief roles than one with less skilled training. Furthermore, the Commonwealth, appreciating this fact reimburses the town to a considerable degree for these pupils, as figures attached herewith show.

Changes in Teaching Staff

At the conclusion of the school year in June, it was found that the special class, most valuable for the past few years,

had temporarily outlived its usefulness as the majority of members went on to other schools, and the others were ready to return to their respective classrooms. Dudley Briggs, who has most acceptably held that position this past year, was therefore not rehired.

Certain funds made available in this way were in part distributed in slight increases in the new contracts, a procedure questioned by one member of the finance board, but upheld by the majority at a special session to which the school board was summoned. In connection with salary increases it might be well to point out that the state reimbursed the town to the exent of $1720 based on the training, experience, and salaries paid our staff. Only by expressions of appreciation of a teacher's efforts may we expect to maintain a high morale and a desire for increased educational training on the part of our present staff, at the same time making our system attractive to the highest type of candidates when changes become necessary.

Two other changes were made in our staff in the fall of 1939, Miss Florentina Long resigning following her marriage, and her position in the third and fourth grade being taken by Miss Evelyn Woodason, a Wenham girl who came to us highly recommended after serving in the Rowley and Lynnfield systems. Joseph Hoyt, our ninth grade teacher, resigned to accept a position in the Beverly school system, and he has been succeeded by Charles Warner, a graduate of Amherst college in June, 1939, who also presented fine qualifications for his position.

Dental Work at School

Your committee is pleased to report that it has been most fortunate in having Dr. Laurent Bouchard of Salem, a recent graduate of Tufts Dental School, assist in a dental program

for some years desired by the committee. Dr. Bouchard, after presenting the highest of recommendations, examined free of charge the teeth of every pupil in school; following this, for a nominal charge paid by the parents, he did considerable work, with the result that more dental certificates should be found among the pupils than for some years.

School Band

With Mr. Briggs leaving our system, the school band has suffered for the loss of a leader. Your committee is glad to report, however, that Mr. Everett L. Wescott was finally located and is now reorganizing the group. This is particularly fortunate, inasmuch as last spring the Beverly Rotary Club most generously purchased and loaned two fine instruments for the use of our band work.

Repairs and Improvements

This item has been kept at a minimum by your committee in an effort to offset increases in other sections of the budget. As a result no work was done outside of the barest of routine repairs. Two days after the school opening in the fall, however, the first grade ceiling which had given no previous indication of weakness, loosened, and immediate investigation showed emergency repairs necessary. Replacement of this and subsequent painting took some $175 your committee had not anticipated. To prevent a repetition of this, a careful survey of all other ceilings in the building was made at once, and upon recommendation the committee will this year spend about $50 necessary to put all in first class condition.

Plans for the coming year include a covering for the exterior basement stairway to prevent children carelessly playing

on the guard rails from which a second grade pupil fell this past year; also it is hoped to move the swings from the front of the building to the side as a safety measure, and to improve the appearance of the approach to the building, both of these projects held over from 1939 because of the lack of funds.

School Calendar

A case of scarlet fever in a family where several children had been in close contact with large groups of pupils caused your committee as a precautionary measure to move the 1939 midwinter vacation ahead two weeks, a move which seemed justified as no further cases developed outside of the one family. An additional vacation was inserted in the spring, and this year your committee felt it advisable to return to the two vacation periods between Christmas and June as compared with the single week scheduled for 1938 and 1939.

Safety Patrol

A school safety patrol set up by Police Chief M. Edward Hall proved most successful last spring, student patrolmen being stationed at certain important intersections to guide pupils across the streets. While there have been instances of some pupils and student officers abusing the program, the project has definitely tended to make all pupils more safety conscious.

Parents' Night Programs

Two programs for parents were well received during the past year. At the first, Robert O. Small of Beverly, deputy commissioner of the State Department of Education, spoke on "Vocational Guidance" early in February before a large audience. In December, Ernest R. Caverly, Superintendent of

Schools in Brookline, gave a fine address before another sizeable audience. Both talks were followed by refreshments attractively served by Miss Snow of the Domestic Science department, with parents and teachers given the opportunity for informal get-togethers.

Building Committee

Last year a plan for a possible addition to the school building in the form of an auditorium which would make the present assembly hall available for additional classroom space at the same time providing the town with an auditorium was discussed, but no action taken. The idea grew out of a proposal that the town build a memorial building, members of the school committee feeling that before any such building program was entered upon, some thought to combining it with the school should be considered.

To Superintendent Whittier, members of the faculty, and all school officers who have worked with us in any way, the committee wishes to extend its thanks. To Miss Bessie Buker, principal, goes our especial appreciation for the efficient manner whereby she quickly readjusted the entire school program on short notice to assist in the ironing out of difficulties which arose at the outset of the single session program.

The 1939 expenditures and the requested budget for 1940 are as follows:

Educational opportunities are now afforded to pupils as follows:

In town—Center School	156
Out of town	54
Total	210

It is occasionally remarked that our school "is growing." I believe the activities of the school are due to increase as demanded by the times, that our school, though small, may be up-to-date in all that pertains to the school life of the child. Offerings for the educational, physical, and social life of the child must continually undergo changes. Many of these changes are brought about by changes in texts and in methods of presenting the same as teachers through their readings, lectures and educational courses learn new methods.

The figures on school census and elementary and high school enrollment do not show that there has been any material growth in numbers to greatly affect the school. The distribution of children in the grades will of course vary over a period of years.

The average number of children between five and sixteen years of age as recorded in the annual school census over a period of seventeen years shows that there were 189 children. The school census of 1939 shows that there are 191 children, which is but two more than the average.

The average school enrollment over the same period of time was 154. The school enrollment of grades one through nine for 1939 is 156, which is but two more than the average.

At the present time there are enrolled in schools of secondary school level 54 pupils, which is 13 more than the average number over a 17-year period. This number is approximately 25 per cent of our total school enrollment of 210 pupils enrolled in public elementary, high and trade schools. Only twice previously in the period of 17 years has our secondary school enrollment equalled or exceeded that of the present.

Teachers

Mr. Joseph B. Hoyt, who had taught in the Junior High School the past two years, resigned in June to accept a posi-

tion at the Briscoe School in Beverly. The position vacated was filled by the election of Mr. Charles Warner, a graduate of Amherst College in 1939.

Miss Florentina Long, who had taught grades three and four about five years, resigned to be married. Her position was filled by the election of Miss Evelyn Woodason, who is a graduate of Salem State Teachers College and has had three years' teaching experience.

The services of Mr. Dudley Briggs were dispensed with at the close of school in June as the small enrollment in the special class did not warrant the expenditure for the maintenance of the same.

Music

Miss Bessie Cleaveland, who was elected to her present position as supervisor of music in 1921, has rendered most excellent services in instructing the pupils in the fundamentals of music, chorus singing and the appreciation of music. Her services have also been available for many who desired to take private piano lessons.

Her chorus of thirty pupils from Wenham who participated in the Massachusetts Rural School Festival held in Boston last March were considered one of the best-trained choruses in the Festival in which over 700 pupils participated.

With the termination of the services of Mr. Briggs as Special Class Teacher it became necessary to secure an instructor for the band which was formed two years ago.

Mr. Everett L. Wescott, who was highly recommended by Mr. Claude Phillips of Salem, was secured to give instrumental music lessons.

Mr. Wescott is now giving private lessons weekly to twelve

pupils. Doubtless this number would be considerably increased if instruments could be provided.

If a few instruments could be provided the schools which might be loaned the pupils our instrumental group would be greatly benefitted and thereby instrumental music would become an important part of music work.

Donations of musical instruments by individuals or organizations are desired.

Conservation

As an outgrowth of the Essay Contests on Conservation held in several junior and senior high schools in this vicinity in 1938 there has been inaugurated a course in Conservation Teaching in grades three through six.

The services of an instructor for semi-monthly talks is provided from a fund contributed by a group of citizens of Hamilton, Wenham, and Topsfield, who are particularly interested in conservation and who feel that the best method of disseminating knowledge on conservation is through the schools.

Lectures are given on Trees, Insect Study, Seeds, Winter Birds, Hibernation, Evergreens, Predators, Soil, Water Pollution, Forms of Fresh and Salt Water Life and Wild Flowers. Field trips will be taken during the spring in the immediate vicinity of the school. If there is sufficient interest on the part of the pupils it is hoped to take some if not all to one of the Bird Sanctuaries.

Teachers report the pupils are much interested in the lectures and are bringing exhibits and printed articles to the classroom for the benefit of the class.

The work is so valuable that I trust it may be continued as a part of the regular school curriculum.

Dental Clinic

The services of Dr. Laurent Bouchard, a practicing dentist of Salem, have been secured to conduct our Dental Clinic. This clinic has been in operation since November and will doubtless be closed in February with all work requested by parents completed.

This has been the most satisfactory Dental Clinic maintained in our schools. A large number of pupils have taken advantage of the clinic and I am led to believe that Dr. Bouchard has done an exceptional piece of dental work and built up a desire among pupils to care for their teeth regularly and consult a dentist as necessary.

If our dental work is to be continued it is very necessary that a suitable dental chair should be provided.

Single Session

The single session plan as outlined in my report of last year has now been in operation one full year which has given all concerned an opportunity to determine whether the plan is advantageous or not over the double session plan. My conclusion is that the single session plan is advantageous.

The inconveniences arising from serving a hot drink to the lunch pupils together with supervising them on the grounds have been overcome. Pupils now have sufficient time for lunch and reasonable relaxation following which they complete the day's school work and can then be free to engage in seasonal sports at the school or otherwise enjoy themselves in their chosen activities in the fresh air and sunshine. Teachers can complete their educational duties under less strain than previously and also enjoy relaxation which is fully as necessary to them as to the children.

From an economic point there is also saving. Less heat and light are used and the building has less hard usage for when pupils are in the building they are under formal control of teachers practically all the time.

Apparently parents are quite generally in accord with the present schedule of hours as none have expressed themselves otherwise.

State Wide Study

Problems of Youth

At the present time the State Department of Education is requesting about 12,000 young people to coöperate with the department in a study of the problems of youth. The purpose of the State Department of Education in conducting this study is to discover means for assisting the youth of Massachusetts.

Twenty of these young people coöperating in the study are from Wenham. They are filing information regarding their Home Life, Educational Activities, Employment Status and Personal and Recreational Interests.

In so far as the local survey has been conducted by your superintendent it shows that a majority of these young people continued their education beyond the secondary school, that most of them have been able or expect to find employment in the type of work for which they have trained, that they have enjoyed and still continue to participate in worthwhile clubs and organizations in the community in which they now reside, that they enjoy the best radio programs, the best magazines and that they do read the most worthwhile modern literature.

These young people express a very high appreciation of the educational advantages offered, both public and private.

Of these young people being interviewed there is a strong

consensus of opinion that there should be provided a recreational center for the benefit of the community and that the Commonwealth should assist the young people to secure positions for which they are trained.

Doubtless the next General Court will be requested to give attention to the results of the survey and to assist through legislation in making effective the recommendations of the Survey Committee.

When the report of the survey committee is available it is hoped that the school committee or some already organized group of citizens interested in the youth of the town may study the report and in so far as possible endeavor to put into effect the recommendations of the survey committee.

Neither the Commonwealth nor the community has fulfilled its obligation to youth until he is provided an opportunity to earn an honest living and enjoy the benefits of society.

Appended Reports

May I call your attention to the statistical information and to the reports of Miss Buker, the principal of our school, and of Miss Stobbart, the school nurse.

Conclusion

In conclusion I wish to express to those who have in any way contributed to the support of the schools or who have assisted in carrying on the work of the schools my appreciation for their assistance and support.

Respectfully submitted,

JOHN D. WHITTIER

January 26, 1940.

PRINCIPAL'S REPORT

To the Superintendent of Schools,

Dear Sir:

I herewith submit my seventeenth annual report of the Wenham Center School.

We opened school in September with two new members on the teaching staff. Miss Evelyn Woodason had been elected teacher of the third and fourth grades. Mr. Charles Warner of Williamsburg, Massachusetts, had been chosen to teach algebra, Latin and history in the Junior High. Miss Woodason and Mr. Warner are putting forth much effort to continue the high standard of work accomplished by Miss Long and Mr. Hoyt, who resigned last summer. It is also gratifying to be able to report that all other teachers in the system have the well-being of each individual child at heart. They strive constantly to bring out the best qualities of the child, and to guide him intellectually, morally and socially.

The first extra-curricula event which took place in 1939 was the school play. Peck's Bad Boy, coached by Miss Bullis, proved not only a commendable performance, but the greatest financial success in the history of the school. Of the seventy-nine dollars received from ticket sales, fifty dollars was net profit. Most of this amount has been expended for books, the beginning of a school library. Although we realize that the town library is adequate, and the librarians are very helpful, we have found that in many cases our school library is proving an asset. We hope to add to our list of books each year, thereby forming a substantial collection, adapted to pupils of early adolescent age.

During last winter, Miss MacDonald of the State Department of Education, requested that our school participate in the

Rural School Musical, which was to be given at the Music Educators' Conference in Boston, on the seventeenth of March. It was decided that to take part would be worthwhile, so thirty pupils from the fifth, sixth, seventh and eighth grades were selected to sing with a like number from Topsfield. This group formed the Indian Unit, and sang appropriate songs. The simple but effective costumes designed by Mrs. Eaton, the pantomime, planned and directed by Miss Davis, along with the music, which had been so well taught by Miss Cleaveland, gave us reason to be justly proud of our children.

Honorable Elbridge Anderson again sponsored a government speaking contest, which was held on May twenty-fourth, in the Community House. The constitutional amendments provided the themes for the papers. Wenham was represented by Dorothy Dodge, Shirley Jones, Mary Perkins, Constance Wildes and Robert Lovejoy. Although the first two prizes were awarded to Hamilton contestants, the third, fourth and fifth were won by Wenham speakers. The points thus made, with those granted the other two pupils, once more gave the cup to our school.

In October, 1938, a nature contest, conducted by the leaders of the Audubon Society, created much enthusiasm among our students. As a result of the interest shown, friends of the school have this year made it possible for all pupils in the intermediate grades to be given a regular course in conservation. Miss Rutter, a young lady trained along such lines, comes to our building on alternating Wednesdays. The children look forward to her coming with anticipation, and a much greater interest in birds, insects and flowers seems apparent. We hope that this training may be continued, so that such a knowledge of nature may be evolved that it will carry over to adult life. What better hobby could anyone foster than a love of nature.

Once in every three years our school committee provides for the Junior High pupils, a series of ten lessons on the use of a library. The course last spring was ably conducted by Miss Helen Aylward. The instruction given cannot fail to assist the children in finding any desired information, in any library, in a more intelligent manner.

The physical education work of the year terminated in an exhibition held on the playground on June eighth. Marching, folk dancing, calisthenics and games showed something of the varied type of training that is being given under the direction of Miss Davis.

Our shortened day has now been in use for about a year. The present schedule seems to be very satisfactory. The children of grades one and two have one-half hour for lunch and then one-half hour of supervised play, out-of-doors, weather permitting. The other pupils are divided into two groups for lunch. Each group has a twenty minute period, but we try to see that extra time is given to any child needing it. These hours necessarily shortened some teaching periods by a few minutes. Yet, the teachers feel that, through concentrated effort, they have accomplished the usual amount of work. We realize that there are advantages and disadvantages connected with these new hours. However, the children seem happy with them. The bus people, starting fifteen minutes earlier in the morning arrive home considerably earlier at night. The long noon hour which always presented a problem, particularly in winter and on stormy days, has been automatically abolished. Of course, it is for the townspeople and school committee to decide upon the hours in which school shall be in session. Your teachers are perfectly willing to teach at such times, and we hope that it will be understood that we are writing this for

the sole purpose of answering questions which were so often asked of us earlier in the year.

In closing, I take this opportunity to thank the parents for their coöperation, the superintendent and school committee for their assistance and support and the teachers for their faithfulness and loyalty.

Respectfully submitted,

BESSIE M. BUKER,
Principal

January 12, 1940.

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools,
Wenham, Massachusetts.

Dear Sir:

I herewith submit my fifteenth annual report as School Nurse in the Town of Wenham:

Total enrollment 155

Results of physical examination by Dr. John G. Corcoran, School Physician:

Defects		*Corrections*	
Tonsils	9	Tonsils	7
Posture	43	Improved	15
Heart	4		
Moderately enlarged glands	27		

Result of eye and ear examinations:

Defective vision	9	Corrected by glasses ...	4
Defective hearing	4	Under treatment	1
		(3 as result of mastoid)	

The ear testing has not yet been completed.

Dental Work

The dental work for the past year was taken care of privately up to October, 1939.

Number pupils that received dental certificates 31

A Dental Clinic was started this fall by Dr. Laurent A. Bouchard of Salem, Mass. All pupils were examined and parents were notified of findings.

Number pupils found not needing dental care	23
Number pupils found needing dental care	132
Number having work completed to date in the clinic	23
Number having work completed to date privately	19
Number classroom inspections	29
Number home calls	135
Number first aid dressings	120
Number immunized against diphtheria	12
Number consultations with teachers, pupils, parents, clinic doctors and other health agents	450

Summaries of Essex Sanatorium School Clinic:

Number having Von Pirquet test	10
Number reacting to test	1

Number having X-ray of chest:

Pupils	1
Teachers	3

Reports of all X-rayed being negative.

Number contagious diseases of the school population reported:

Scarlet fever	3	Mumps	1
Measles	1	Septic throat	3

Miscellaneous illnesses:

Ivy	12	Dog wood	7
Impetigo	2		

It is interesting to note how few cases of communicable or contagious diseases were reported for 1939. I feel sure by eliminating what appears to be the common cold we will also eliminate the epidemics of communicable and contagious diseases.

In closing I wish to thank the parents, teachers, pupils, school physician and other health authorities for their kind and considerate help in making our school system do its part in health education.

Respectfully submitted,

FLORENCE L. STOBBART, R. N.,

School Nurse.

January 11, 1940.

CLASS ODE

To you, oh Wenham Junior High
We bid our fond adieu,
To all the boys and girls we knew
And all the teachers true

We're finished yet beginning,
God guide us on our way,
We're laboring to reach the top,
And there forever stay.

Although the pitfalls lie ahead,
We'll conquer every strife.
We'll try to make you proud of us,
All through our earthly life.

We're finished yet beginning,
God guide us on our way.
We're laboring to reach the top,
And there forever stay.

AGE OF ADMISSION

Pupils entering school in September must have been at least five years of age on April 1st preceding entrance in September.

VACCINATION

Children who have not been vaccinated will not be admitted to school in September unless they present a certificate from a regular practicing physician, stating that they are not fit subjects for vaccination. Parents are requested to attend to this matter during the summer vacation, as certificates of vaccination or exemption must be presented at the opening of school to entitle children to admission.

ACCOUNTANT'S REPORT

To the Honorable Board of Selectmen.

GENTLEMEN:

In compliance with the provisions of Section 61, Chapter 41 of the General Laws, I submit my annual report for the year ending December 31, 1940. This report shows in detail the receipts, the appropriations, the expenditures, and is arranged in accordance with the classifications as prescribed by the Director of Accounts.

The cash in banks and on hand has been verified, the Collector's receipts and balances to be collected; also the Trust Fund cash and Savings Bank balances.

Respectfully submitted,

ROSCOE B. BATCHELDER,

Town Accountant.

REPORT OF AN AUDIT

OF

THE ACCOUNTS

OF THE

TOWN OF WENHAM

FOR THE PERIOD FROM

JULY 6, 1939 to FEBRUARY 3, 1940

Made in Accordance with the Provisions of
Chapter 44, General Laws

March 11, 1940

REPORT OF AN AUDIT OF ACCOUNTS

THE COMMONWEALTH OF MASSACHUSETTS
DEPARTMENT OF CORPORATIONS AND TAXATION
DIVISION OF ACCOUNTS

STATE HOUSE, BOSTON

March 11, 1940

To the Board of Selectmen
Mr. Samuel S. Conary, Chairman
Wenham, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Wenham for the period from July 6, 1939 to February 3, 1940, and of the installation of an accounting system, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL
Director of Accounts

TNW: FC

REPORT OF EXAMINER

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Wenham for the period from July 6, 1939, the date of the previous examination, to February 3, 1940, and have installed a system of accounts as petitioned for by a vote of the town and in accordance with the provisions of Chapter 44 of the General Laws, the following report being submitted thereon:

The books and accounts of the town treasurer were examined and checked. The cash book was footed throughout for the period of the audit. The recorded receipts were analyzed and verified by a comparison with the records in the several departments collecting money for the town and with the other sources from which money was paid into the town treasury, while the payments were checked to the selectmen's orders authorizing the treasurer to disburse town money.

The cash balance on February 3, 1940, was verified by a reconciliation of the bank balances with statements furnished by the banks in which the town funds are deposited.

The records of the several town trust funds, in the custody of the town treasurer, were verified. The trust fund balances on February 3, 1940, were reconciled with the savings bank books.

The records of tax titles held by the town were examined. The amounts added to the tax title account were compared with

the collector's records and the redemptions were checked with the receipts as recorded on the treasurer's cash book.

The appropriations voted by the town, as shown by the town clerk's records, were listed and compared with the charges against the appropriations.

It is recommended that in the future specific appropriations be voted for the purchase of such equipment as trucks.

The books and accounts of the tax collector's department were examined and checked in detail. The tax accounts outstanding at the time of the previous examination were audited, and all subsequent commitments of taxes were verified by a comparison with the warrants issued by the assessors for their collection. The recorded collections were checked to the commitment books, the payments to the treasurer were compared with the treasurer's cash book, the recorded abatements were checked to the assessors' record of abatements granted, and the outstanding accounts were listed and proved.

Verification notices were mailed to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The town clerk's records of sporting and dog licenses were examined, the payments to the State being verified with the receipts on file and the payments to the town treasurer being compared with the treasurer's cash book.

The surety bonds furnished by the treasurer, tax collector, and town clerk for the faithful performance of their duties were examined and found to be in proper form.

The records of the health, public welfare and of all other departments collecting money for the town or committing bills for collection were examined and checked. The recorded col-

lections were compared with the payments to the treasurer and the outstanding accounts were listed and proved.

General ledger accounts were compiled, and a balance sheet, showing the financial condition of the town as of February 3, 1940, was prepared and is appended to this report.

The balance sheet indicates that there were appropriation overdrafts aggregating $422.11 at the close of 1939, contrary to Section 31, Chapter 44, General Laws.

In addition to the balance sheet, there are also appended tables showing a reconciliation of the treasurer's and tax collector's cash, summaries of the tax, assessment, and departmental accounts, as well as tables showing the trust fund transactions.

The books and accounts under the new system of accounting installed for the town were opened as of January 1, 1940, and the financial transactions to February 3, 1940, were entered therein.

A list of the books and forms provided for the town, together with a brief description of their use and certain general instructions relative to the keeping of the accounts, follows:

Journal for town accountant.
Cash book for town accountant.
Ledger for town accountant.
Classification book for town accountant.
Cash book for treasurer.
Schedule of department bills payable.
Treasury warrants.
Schedule of collector's payments to treasurer.
Schedule of departmental payments to treasurer.
Schedule of treasurer's receipts.
Schedule of tax abatements allowed.

Schedule of motor vehicle excise tax abatements.
Voucher folder.
General department pay-rolls.
School department pay-rolls.
Monthly statements.

All of these books and forms are arranged so as to simplify the reporting and making possible a proper check on the accounting of public moneys; also to insure a classification of both receipts and payments. All moneys received from every source and paid to the treasurer are also reported to the town accountant, in whose book will be recorded all cash transactions in detail which will furnish an absolute check on the total.

Journal. This is a bound book of the ordinary two-column stock type. It forms, together with the cash book, the medium from which all entries in the general ledger are posted, as it is of vital importance that no entry shall be originated in the general ledger.

The journal is used for keeping a record of the debiting and crediting of items in the ledger, such as opening entries, budget appropriation entries, the entering of tax commitments, the abatement of taxes, accounts receivable, and all entries which are not strictly cash book transactions.

It is important that all journal entries state clearly the ledger accounts which are to be debited and credited; also that a full explanation of the entry be made, in order that the transactions may be fully understood by any one examining the accounts.

Cash Book (for Town Accountant).—This is a bound book similar to those used in ordinary commercial accounting; in this book should be entered all transactions involving the receipt or the disbursement of cash, in order that the total transactions for a given period may be shown at a glance.

All moneys received from every source will be reported to the town accountant; therefore, in the latter's cash book will be recorded cash transactions which are similar to those of the treasurer except in detail, and which will furnish an absolute check on the total.

Ledger.—This is of the loose-leaf type; when the several sheets are properly arranged and placed in the binder provided for the purpose, they form the general ledger, in which are recorded, in controlling accounts, all of the financial transactions of the town.

The accounts in the general ledger are separated and grouped in sections, as follows:

First, Assets and liabilities.
Second, Revenue Accounts.
Third, Appropriation accounts.
Fourth, Funded or fixed debt
Fifth, Trust funds.

From the ledger, information relative to the condition of the several appropriations may be obtained readily and the administrative officers may keep constantly informed of the amounts expended; also of the amounts available for the balance of the year. This information is very necessary in view of the statute which expressly forbids the incurring of liabilities in excess of the appropriations made for the use of the several departments; unless the work is well planned, it will be found that the appropriations will be exhausted before the end of the year, with much needed work still to be done.

Classification Book.—This book consists of loose-leaf forms with printed headings covering the chief sources from which revenue is received and objects for which money is expended, with blank spaces which allow for additional headings to cover

important items that may seem desirable. These sheets are arranged in functional order and placed in a binder provided for the purpose, thus forming the principal source of detailed information regarding the receipts and disbursements of the town. They are arranged in a classified form that is generally accepted and adopted by accountants and students of municipal affairs. Provision is made for the recording of the date of the receipt, from whom received and the source.

On the payment side will be shown the date of the bill, to whom paid, and the purpose or object of payment.

From this book definite information can readily be obtained of every cash transaction of the town, but its chief object is to furnish classification in a scientific manner, regardless of the method of making appropriations.

This book is also designed to bring the costs of each particular function or service together, so that by knowing the costs and intelligently comparing them with the service given, the taxpayer may judge of the efficiency or inefficiency of the administrative officers.

Cash Book (for Treasurer).—This is a bound book especially designed for the recording of all of the cash receipts and disbursements of the treasury department in one book.

Schedule of Bills Payable.—On these sheets each department should list all bills approved for payment, and should forward them, accompanied by the original bills, to the town accountant. From these the treasury warrants are prepared.

Treasury Warrants.—These are for listing the bills of the several departments. Warrants are submitted to the selectmen, together with the bills, for their approval, the bills first having been checked by the town accountant and compared with the several appropriation accounts to which they are chargeable.

The selectmen having signed the warrant, it is passed to the treasurer as his authority for payment.

Under the statute, the selectmen are required to approve bills before they are paid by the treasurer, and by using the treasury warrant they can give greater attention to the bills and appropriation accounts without consuming additional time.

Schedule of Collector's Payments to Treasurer.—These are especially designed forms for the reporting to the town accountant of payments made to the treasurer by the collector. From these reports the town accountant is enabled to classify properly the collector's receipts and verify the receipts reported by the treasurer.

Schedule of Departmental Payments to Treasurer. — This form is for the use of departments, except those for which special forms are prepared, for reporting payments to the treasurer.

Schedule of Treasurer's Receipts. — The treasurer will use these forms in reporting the cash receipts to the town accountant. They form the basis of the debit entries in the town accountant's cash book, and together with the schedules of payments to the treasurer, serve as an automatic check on the cash account, furnishing the accountant with the necessary information for keeping his accounts up to date at all times, and also enabling statements to be drawn off showing actual cash transactions. By the use of printed forms for the reporting of all items involving cash, but little time is required for reporting the same.

Schedule of Tax Abatements Allowed.—This form is for the use of the assessors in reporting abatements to the town accountant so that he may credit the collector with these items in addition to his cash payments to the treasurer. On the town account-

ant's book, the collector is charged with the commitment and credited with collections paid the treasurer; if to the collections are added abatements allowed, the town accountant's ledger will show in his collector's account, the exact amount of outstanding taxes.

Schedule of Motor Vehicle Excise Tax Abatements.—This form is for the use of the assessors in reporting to the town accountant the abatements granted on account of motor vehicle excise taxes.

Voucher Folder.—This form is for the use of the town accountant and is designed for the purpose of securing uniformity in the filing of bills.

General Department Pay-Rolls.—These are to be used by all departments, except the school departments, in making up their weekly or monthly pay-rolls, and are designed for the purpose of securing uniformity in the pay-rolls of all departments.

School Department Pay-Rolls.—These are especially designed for the use of the school department, provisions being made for showing the gross amount of salary due each teacher or employee, the amount of deduction on account of retirement fund, the net amount received by each person, and the total amount to be sent to the treasurer of the retirement fund.

Monthly Statements.—These forms are used by the town accountant in notifying each department of the warrants drawn against its appropriation and the balance subject to draft.

Revenue.—Upon receipt of notice from the town clerk of appropriations voted by the town to be raised by taxation, a journal entry should be made debiting revenue and crediting the proper appropriation accounts. When the warrant for poll and property taxes is delivered to the collector, this account

should be credited and taxes debited. Revenue should also be debited with the amount of the State taxes, county taxes, and overlay raised, and the respective accounts credited.

At the close of the year, a journal entry should be made debiting all unexpended appropriation accounts (the object for which the appropriation was made having been completed) and crediting revenue. The estimated receipts account should also be closed out into the revenue account at the close of the year, and the revenue account closed into the excess and deficiency account.

Estimated Receipts.—The amount of estimated receipts deducted by the assessors in determining the amount to be raised by taxation should be debited to the estimated receipts account and the revenue account credited; as cash is received, estimated receipts should be credited and cash debited.

Taxes. — (Poll and Property). — Upon the delivery of the assessors' warrant for the collection of taxes, a journal entry should be made debiting taxes with the total amount of the commitment and crediting revenue.

As money is paid into the town treasury, cash should be debited and the tax account credited. When poll or property tax abatements are granted by the assessors, a journal entry should be made crediting taxes and debiting overlay.

Commonwealth of Massachusetts, State Aid.—This account represents the amount due from the Commonwealth for State Aid disbursed during the previous year. Upon receipt of money from the State, cash should be debited and State Aid credited. At the close of the year, a journal entry should be made debiting State Aid due from the Commonwealth and crediting the Departmental Revenue with the amount of State Aid disbursed during the year.

Public Welfare Department Accounts Receivable.—When bills are sent to the State, cities and towns, or individuals, for aid rendered persons not having settlement in the town, a journal entry should be made debiting the public welfare department accounts receivable and crediting departmental revenue with the amount of the charge; as cash is received, the accounts receivable account should be credited and cash debited.

The same procedure should be followed in the case of accounts receivable of all departments rendering bills for amounts due the town.

Overlay.—Whenever poll or property tax abatements are granted by the assessors, a journal entry should be made debiting overlay and crediting taxes for the amount of the abatements. Any balance in the overlay account in excess of the amount of the warrant remaining to be collected or abated should, by journal entry, be transferred to the overlay reserve fund.

Overlay Reserve Fund (Overlay Surplus).—This account represents the surplus or difference between the overlay and the abatements granted by the assessors, and should be reserved for extraordinary or unforeseen expenses, as required by Section 25, Chapter 59, of the General Laws.

Revenue Loans.—Whenever loans are issued in anticipation of revenue, the cash account should be debited and the revenue loan account credited; when the loan is paid, a warrant should be drawn, revenue loan account debited, and cash credited.

Departmental Revenue (Not Available Until Collected). This account represents revenue of the several departments on account of charges for services rendered or materials furnished. At the end of each month the amount of cash received on account of departmental charges should be credited by jour-

nal entry to the estimated receipts account and departmental revenue should be debited.

Net Bonded Debt.—When debt is incurred by the issue of bonds or notes (for other than temporary loans), a journal entry should be made debiting net bonded debt and crediting the specific loan account. When the bonds are paid, the specific loan account should be debited and net bonded debt credited.

Trust Funds.—When money is received, the income of which is to be used for some specific purpose, cash should be debited and the special fund account credited. A warrant should be drawn authorizing the treasurer to deposit the amount in the savings bank, cash should be credited, and trust funds (cash and securities), debited.

As income is withdrawn from the bank, cash should be debited and the specific purpose for which the fund was created (such as library, cemetery, etc.), credited. At the end of the year, the income in excess of the withdrawals should be entered on the books by debiting trust funds (cash and securities), and crediting the specific fund account.

While engaged in making the audit and installing the system, coöperation was extended by all town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE
Assistant Director of Accounts

REPORT OF THE SELECTMEN

The Selectmen are pleased to report that on the whole the year of 1940 passed without any untoward happenings which would reflect in any other way than favorable to the Town, and they feel that their efforts have been directed to the best of their ability in maintaining the Town on a basis which they believe has been consistent with the maintainence of our low tax rate and the advantages that we enjoy.

This year for the first time we have been able to watch with interest the working of the new system of bookkeeping installed by the vote of the Town at the last annual meeting. We believe that all of the Town officials are in agreement that the system as installed by the State has been highly successful and that our Town records today are not only in as fine shape as they could possibly be but also in such shape that many interesting comparisons can be made with the figures of other towns who also use the system. It was a job of some magnitude for the Selectmen to estimate the annual budgets of the departments directly under their charge under the new system which did not handle certain of the accounts in the same way that they had been handled in the past. However, it was gratifying to find that no serious mistakes were made, in fact it would have been possible to have gone through the year without the necessity for raising more money through a special Town meeting, could the cost of the Topsfield Road damage have been known.

The benefit that was anticipated as the result of the Beverly Gas and Electric Company's reduction in our rates, as well as

the increased candle-power of all of the street lights in Town, has been realized to the benefit of all of our citizens. Cedar Street is now lighted as far as the Topsfield Road and the judicious change of location of several of the lamps has greatly improved night conditions.

The change instituted this year whereby the janitor of the Town Hall has also been made responsible for the Town Hall grounds seems to have been a worth-while improvement. The Selectmen wish to take this opportunity to congratulate the janitor on the improved appearance of the Town property.

Certainly all the citizens of the Town must be very conscious of the new building that is going on and perhaps have anticipated with pleasure what appears to be considerable increased revenue for the Town. Although at first thought this may appear true, still further study will show that property in Town which has been torn down has to a large extent offset the new property which may be assessed. This new building also has brought to the attention of many thoughtful citizens the real need in Town for some sort of building and zoning regulations. At the Town meeting in December a committee was authorized to investigate this problem and it is hoped that by the annual meeting that that committee will have something constructive to report.

The question of new building has also resulted in several proposed new building developments. This will call for the acceptance by the Town of several new streets. The Selectmen feel that it is well to call to the attention of the Town at this time that although new streets are a necessity, that dead-end streets are not desirable and wherever possible should be avoided.

The Selectmen have been very pleased with the way the Fire

Department has been conducted during the past year and feel that the morale within the department has never been better. It is most gratifying to hear that the engineers and certain members of the department have been interested enough to attend the Fire School held in Haverhill and the department may be assured that the Selectmen and the rest of the Town share with them the sincere desire for the discovery and prevention of the real causes of fires within the Town.

It is most certainly in order to congratulate the Chief of Police on the excellent manner in which that department has been conducted during the past year.

Working in conjunction with the Governor, a Defense Committee has been formed, consisting of the Selectmen, Chief of the Fire Department and Chief of the Police Department. The Norman Prince Post of the American Legion likewise has responded to the feeling of National Emergency and it is a great pleasure to have their coöperation in the formation of an Emergency Police Squad.

The Selectmen again have put in their plea with the State Public Works Department to have curbing installed on the Main Street from the fire house to Larch Row. This has not as yet met with the approval of the State Department.

It certainly is not out of place to repeat again this year the statement that the problem of our relief agencies is still present and growing. All kinds of public charity continue to increase. Again the number of persons eligible for Old Age Assistance has increased and again it may be expected to increase in 1941. Our charity funds are most helpful and the Board of Public Welfare again and again is reminded of the generosity and philanthropy of those kind citizens who established them. The Board wishes to assure you that it will continue to the best of

its ability to give every individual case its serious consideration.

May we take this opportunity to thank the other departments in the Town for their coöperation during the past year.

Respectfully submitted,

SAMUEL S. CONARY
JAMES R. REYNOLDS
ELMER E. CLARKE

REPORT OF THE BOARD OF HEALTH

The Board of Health herewith submits its annual report for the year ending December 31, 1940.

The Board was organized as follows: Joseph Harrington, Jr., Chairman; Delano M. Kennard, Secretary; Porter J. Perkins, Milk Inspector; H. B. Pulsifer, Meat Inspector; John G. Knowlton, Supt. of Burials; W. I. Cummings, Agent.

The routine work of the Board is divided into the following classes of activities:

1. Milk Inspection is conducted to insure that milk produced or distributed in Wenham is produced and processed under sanitary conditions. This is maintained by inspections of dairies and by sampling and analysis of milk. The report of the Milk Inspector is attached hereto.

2. Meat Inspection is conducted to insure that meat produced from animals slaughtered in this town is taken from healthy animals. This is maintained by the inspection of the carcasses for disease before applying the stamp, without which no meat can be sold legally.

3. The Agent of the Board receives notices of contagious diseases, conducts inspections and investigations as directed by the Board, and is responsible for the detection of violations of health regulations in the town. Attention is called to the fact that contagious diseases *must* be reported to the Agent of the Board by the head of the household in which the disease occurs. Failure to do so is a violation of a State Law and is punishable by a fine. If a physician has been called and gives such notice, it may be accepted in place of the householder's notice.

4. The Board is charged with the financial responsibility

of the costs of the Supt. of Burials, and the costs of maintaining welfare cases at the Essex County Sanatorium. The Town is largely reimbursed for these expenses.

In 1939 the Board of Health discussed immunization of pre-school children with the Hamilton Board of Health, but no action was taken. This year we went ahead alone and organized our own clinic. Eighteen children completed the course of treatments. The coöperation of the school nurse and the visiting nurse are gratefully acknowledged. The course will be repeated each year. No child should go unprotected against diphtheria through the pre-school years when he is most likely to contract the disease. Parents are urged to have their family physician immunize each child during his second year. If for any reason this is impractical, the immunization can be had free of charge at the Board of Health clinic. Notice of the clinic dates will be given in the newspapers and through the schools.

Probably the most important activity of the year has been the adoption of the Rules and Regulations, completed in legal form on the thirty-first of December, 1940. A copy of these rules is attached hereto. An examination of these regulations will show that they call only for adherence to a course of conduct normally pursued by anyone with respect for himself and his neighbor; and that they are in the best interest of the public health. They are, however, laws, and carry a penalty for non-compliance.

Respectfully submitted,

JOSEPH HARRINGTON, JR.
Chairman

DELANO M. KENNARD
HOWARD E. PERKINS

RULES AND REGULATIONS OF BOARD OF HEALTH TOWN OF WENHAM

VOTED: That the following rules and regulations for the control of disease declared to be dangerous to the public health, sale of milk, nuisance, offensive trades and practices, sale of ice, keeping of horses, cows, goats, swine and poultry, and conduct of public camps, be and hereby are adopted.

CHAPTER I

CONTROL OF COMMUNICABLE DISEASES

1. DEFINITIONS:

The following words as used in these regulations, unless a different meaning is required by the context, or is specifically prescribed, shall have the following meanings:—

"Board of Health" shall include the Board, Department or officer having like powers and duties in cities or towns.

"Carrier"—A person who, without symptoms of a disease dangerous to the public health, harbors and may disseminate the specific micro-organisms of that disease.

"Contact"—Any person known to have been sufficiently near an infected person or animal to have been presumably exposed to transfer of infectious material directly, or by articles freshly soiled with such material.

"Isolation"*—The separation of persons suffering from any disease dangerous to the public health, or carriers of the infecting micro-organisms, from other persons, in such places and under such conditions as will prevent the direct or indirect conveyance of the infectious agent to susceptible persons.

"Placard"—An official notice, written or printed, posted as a warning of the presence of a disease dangerous to the public health on the premises or in the apartment or room so placarded.

"Quarantine"*—The restriction to the premises, house or apartment of materials and persons that presumably have been exposed to a disease dangerous to the public health.

"Incubation period"—By "incubation period" is meant the usual period of time which elapses between the exposure of a person to infection and the development of the symptoms of the disease to which he may have been exposed.

* In view of the various ambiguous and inaccurate uses to which the words "isolation" and "quarantine" are frequently put, it has seemed best to adopt arbitrarily the word "isolation" as describing the limitation put upon the movements of an individual (or animal) known to be sick or to be a "carrier", and the word "quarantine" as describing the limitations put upon individuals exposed ("contacts") to disease.

"Susceptibles or Non-Immunes"—A "susceptible" or "non-immune" person is one who is not known to have acquired immunity to the particular communicable disease in question.

"Immunes"—An "immune" person is one who has had the disease or has been artificially immunized against it, and is, presumably, protected against another attack.

"Last Exposure"—By this is meant the date of the removal to a hospital, or the recovery or death of the patient, or the date on which the non-immune contact leaves and remains out of the house where the patient is isolated.

2. DISEASES DANGEROUS TO THE PUBLIC HEALTH:

The diseases known as

Actinomycosis
Anterior Poliomyelitis
  a. Paralytic
  b. Nonparalytic (preparalytic)
Anthrax
Asiatic Cholera
Chicken Pox
Cholecystitis of Typhoid Origin
Diphtheria
Dog Bite
Dysentery
  a. Amebic
  b. Bacillary
German Measles
Glanders
**Gonorrhea
Hookworm Disease
Infectious diseases of the eye:—
  a. Ophthalmia Neonatorum
  b. Supperative Conjunctivitis
  c. Trachoma
Infectious Encephalitis
Leprosy
Lobar Pneumonia
Malaria
Measles
Meningitis:—
  a. Meningococcus Meningitis
  b. Pfeiffer Bacillus Meningitis
Mumps
Paratyphoid Fever A
Paratyphoid Fever B
Pellagra
Plague
Psittacosis
Rabies
Rocky Mountain Spotted Fever
Scarlet Fever
Septic Sore Throat
Smallpox
**Syphilis
Tetanus
Trichinosis
Tuberculosis (all forms)
Tularemia
Typhoid Fever
Typhus Fever
Undulant Fever
Whooping Cough
Yellow Fever

having been declared to be diseases dangerous to the public health, are reportable under the provisions of the General Laws, Chapter 111, Sections 6, 7, 109, 111, and 112, as amended by Chapter 265 of the Acts of 1938, and notice of the occurrence of each case must be sent to the Board of Health in the manner required by the statutes.

** Gonorrhea and Syphillis should be reported directly to the State Department of Public Health on special forms provided and according to the rules and regulations of the Department made under Chapter 111, Section 6, as amended by Chapter 265 of the Acts of 1938.

3. PHYSICIANS TO GIVE NOTICE:

Chapter 111, Section 111, General Laws, as amended by Chapter 265, of the Acts of 1938,—"If a physician knows or has cause to believe that a person whom he visits is infected with a disease dangerous to the public health, or if either eye of an infant whom or whose mother a physician, or a hospital medical officer registered under section nine of chapter one hundred and twelve, visits, becomes inflamed, swollen and red, or shows an unnatural discharge within two weeks after birth, he shall immediately give written notice thereof, signed by him, to the board of health of the town where the patient is being attended by him. If the board of health which receives such written notice is the board of health of a town other than that where the patient dwells, it shall immediately upon receipt of such notice, send a copy thereof to the board of health of the town wherein the patient dwells; and, in addition thereto, the board of health which receives such written notice, whether or not it is the board of health of the town wherein the patient dwells, shall send a copy thereof to the board of health of the town in which the patient is known to have contracted such disease and to the board of health of each town in which he is known to have exposed any person to such disease. If a physician or such a hospital medical officer refuses or neglects to give the notice required by this section he shall be punished by a fine of not less than fifty nor more than two hundred dollars."

"The foregoing provisions of this section and the provisions of section one hundred and nine shall not apply to gonorrhea and syphilis, except in the case of eye infections in infants under two weeks of age. Any person having either of said diseases shall be reported to local boards of health, either directly or through the department, in accordance with such special rules and regulations as the department may make, having due regard for the best interests of the public."

4. HOUSEHOLDERS TO GIVE NOTICE:

When a householder knows that a person within his family or house is sick with a disease dangerous to the public health, he shall immediately give notice thereof to the board of health in the manner required by the statute, (General Laws, Chapter 111, Section 109, as amended by Chapter 265 of the Acts of 1938) provided, however, that in cases in which a physician has been called in, his notification will be accepted in place of the householder.

5. PERIOD OF ISOLATION:

A person who is sick with any of the diseases dangerous to the public health shall be isolated in the manner and for the periods

prescribed in the Rules and Regulations of the Massachusetts Department of Public Health.***

6. METHOD OF ISOLATION IN CERTAIN DISEASES:

Whoever is sick with anterior poliomyelitis (infantile paralysis), diphtheria, meningococcus meningitis, scarlet fever, smallpox, typhoid fever, or any other of the diseases declared dangerous to the public health that the Board of Health may designate, shall be immediately isolated in a place or room, approved by the Board of Health, or its agent, or shall be moved to a hospital set apart for the treatment of such diseases, and no person so isolated shall leave such room or hospital until the period of isolation for the disease with which he is sick shall have elapsed and until the Board of Health or its agent shall permit him to do so.

7. PLACARDS:

Houses or portions of houses*** in which there is a person sick shall be placarded for those diseases dangerous to the public health, for which placarding is required under the minimum Isolation and Quarantine Requirements of the State Department of Public Health.

The card shall not be removed except on the authority of the Board of Health.

8. WHO MAY ENTER PLACE OF ISOLATION:

No person except physicians, nurses, and those whose duty it is to minister to the patient, shall be allowed to enter the place of isolation during the continuance of the disease, unless permitted to do so by the Board of Health, or its agent.

9. NURSES, ETC.:

Nurses, and others caring for a person isolated as above, shall wash their hands thoroughly with hot water, soap and scrubbing brush immediately after handling the patient, his discharges or any article soiled by his discharges, before mingling with others. They shall change their outer clothing before going out.

10. DISHES, LINEN, ETC.:

All eating utensils and linen used by the patient shall be boiled for at least 15 minutes immediately after being taken from the room. Upon release of the patient, woolen articles shall be exposed to sunlight and air for at least 8 hours.

11. DISCHARGES, ETC.:

The discharge of a person sick with typhoid fever, paratyphoid

*** In the case of tenement houses, apartment houses or like structures, as much of the building shall be placarded as in the judgment of the Board of Health is consistent with the best interests of the public.

fever, or dysentery shall be mixed with chloride of lime or other disinfectant approved by the Board of Health and shall be kept in contact therewith for at least 30 minutes before being emptied into the hopper or privy vault.

12. QUARANTINE OF CONTACTS:

Contacts shall be under the restrictions prescribed in the Rules and Regulations of the Massachusetts Department of Public Health.

13. SCHOOL CERTIFICATES:

Children who have recovered from or have been exposed to any disease declared dangerous to the public health (see Section 2) may return to school only after certification by the Board of Health or after examination by the school physician as prescribed in Chapter 71, Section 55, of the General Laws, as amended by Chapter 265 of the Acts of 1938.

CHAPTER II

MILK REGULATIONS

1. No person, firm or corporation shall sell, exchange, deliver or have in his custody with intent so to do, milk from any cow unless said cow has within a period of 6 months passed without reaction a tuberculin test as established under the laws of the Commonwealth of Massachusetts, or unless said cow is in a tuberculosis-free accredited herd tested under the plan as adopted by the United States Bureau of Animal Industry.

This regulation shall not apply to pastcurized milk or milk intended for pasteurization.

2. All persons, firms, or corporations engaged in the sale, delivery or distribution of milk, skim milk or cream shall provide adequate facilities for the proper storage of said milk, skim milk or cream at a temperature not above 50 degrees F.

3. No person shall sell, exchangc, deliver or have in his custody or possession with intent so to do, milk, skim milk or cream with a bacterial content which exceeds the following figures as determined by the standard plate methods of the American Public Health Association in use at the time the examination is made.

a. Raw milk not more than 400,000 colonies per cubic centimeter.

b. Pasteurized milk not more than 40,000 colonies per cubic centimeter.

c. Cream not more than 500,000 colonies per cubic centimeter.

State regulations provide the following additional limits:

a. Raw milk intended for pasteurization not more than 400,000 per cubic centimeter.

b. Pasteurized milk until time of delivery from pasteurizing establishment, not more than 40,000 per cubic centimeter.

c. Raw milk intended for pasteurization as Grade A milk, not more than 100,000 colonies per cubic centimeter.

d. Grade A milk not more than 10,000 colonies.

4. Every person engaged in the production, storage, transportation, sale, delivery or distribution of milk for sale shall notify the Board of Health, on the occurrence of any case or cases of communicable disease, either in himself or his family, or among his employees or associates, or within the building or premises where milk is stored or handled, and shall at the same time suspend the sale or distribution of milk until authorized to resume the same by the Board of Health. No utensil which is used or has been used on the premises where a communicable disease exists shall be used to hold or convey milk until it has been sterilized in a manner satisfactory to the Board of Health or its representative.

5. All persons, firms, or corporation engaged in the sale, delivery or distribution of milk shall furnish annually to the Board of Health a list of names and locations of the dairy farms from which the milk so distributed or sold is obtained and shall notify the Board of Health before making any changes in their supply.

6. No person shall sell, or offer, or expose for sale, milk produced on a dairy farm, unless as to such farm, a certificate of registration has been issued by the Director of the Div. of Dairying and Animal Husbandry of the State Dept. of Agriculture, and is in full form and effect after an inspection clearly indicating satisfactory compliance with the regulations.

7. All dealers, except licensed storekeepers, engaged in the sale, processing, and distribution of milk and cream shall provide a separate room or rooms, well lighted, ventilated, and properly screened, in a location approved by the Board of Health, in which the handling, bottling and storing of milk shall be carried on. All such milk rooms or plants shall have a smooth, tight floor with sewer connections if possible, and smooth, clean walls and ceiling. The entire room or rooms and all appliances shall be kept clean at all times and be used for the handling of milk only. All bottles, cans or other receptacles used for holding milk shall be sterilized insofar as practicable and shall be protected from contamination between the time of such sterilization and the time when they are filled. All bottles shall be filled at the place of production or processing of the milk and shall be capped with a machine capper.

8. No persons shall serve or allow to be served any milk to be consumed on the premises where served unless such milk is contained in individual sealed receptacles, each receptacle to be filled at the place of production or processing of the milk, and to contain only the quantity of milk intended for the use of the person served.

9. Milk or cream shall not be shipped from any dairy farm if there is a case of contagious or infectious disease thereon, or among

the employees or families thereof, and the owner of such farm shall immediately report any such case to this Board of Health and to the dealer and shipment shall not be resumed until authorized by the Board.

CHAPTER III

NUISANCES

1. Any person or persons owning, or having control of any building or premises shall keep the same in a cleanly condition and any such person having control of any building or premises, in or upon which there is any substance or material, or any condition, which is or may become a source of danger to the public health or a nuisance, shall, when ordered by the Board of Health in writing, remove or abate the same within the time specified in said order.

2. Any person or persons owning or having control of any premises abutting on a private way, and having the right to use such private way shall, when ordered by the Board of Health in writing, remove or abate from that part of said private way adjoining such premises, any substance, material or condition, which is, or may become a menace to the public health or a nuisance, and such removal or abatement shall take place within the time specified in said order.

3. No person or persons shall place or cause to be placed or left in or upon any public or private street or way, enclosure or grounds, or in any body or stream of water within the limits of this town, the body of any dead animal, fowl, or any substance or material that is or may become offensive or cause a nuisance, or may tend to obstruct the flow of any stream.

4. The owner, agent or lessee of any land or enclosure, used as a dump, either public or private, shall cause all offensive matter dumped thereon to be immediately covered, and all other refuse matter dumped thereon to be kept leveled, and the premises kept in such a manner as to cause no nuisance during the process of filling. No person shall dump any offensive material upon any dump unless permitted to do so by the Board of Health, and all such offensive materials shall be properly disposed of to the approval of the Board of Health. All possible care shall be used in preventing the escape of dust and papers from the dump and from the vehicle used in conveying waste materials to the dump.

5. No owner, occupant or agent of any building or premises shall permit any sewage, garbage, contents or drainage of a privy vault, cesspool or water closet or sink drain or any other filth to empty on the surface of the ground or enter into any ditch, brook, stream or body of water.

CESSPOOLS, PRIVY-VAULTS AND PUBLIC SEWERS

1. The owner or other person or persons having control of any existing building or buildings hereafter erected or converted into one or more stores or other places of business, and in which one or more persons are employed, shall provide sufficient toilet facilities.

2. No cesspool, permanent privy-vault, or other means of sewage disposal shall hereafter be constructed or installed in this town until a permit has first been obtained from the Board of Health.

3. All cesspools hereafter constructed shall be of approved material and unless otherwise specified by the Board of Health shall be located not less than twenty (20) feet from any dwelling, not less than five (5) feet from line of any street, court or passageway, not less than five (5) feet from line of adjoining lot, all measurements being taken from the nearest outer circumference, and shall be not less than six (6) feet in depth, measuring from the lower rim of the inlet pipe, not less than six (6) feet in diameter, (inside measurements to point of drawing in) and shall be provided with an iron cover and rim laid in cement. Overflow cesspools may be entirely covered with earth.

4. All permanent privy-vaults, hereafter constructed shall be of approved material, and shall be fly proof, and unless otherwise specified shall be located not less than twenty (20) feet from any dwelling, not less than twenty (20) feet from line of adjoining lot, and not less than twenty (20) feet from line of any street, court or passageway, all measurements being taken from nearest outer point of vault.

5. Temporary privy-vaults for the convenience of contractors or their employees may be erected or installed without a permit, but only under the following conditions. The vault must be at least two feet in depth and must be so located as to cause no annoyance to persons residing in the vicinity. The owner, contractor or agent shall cause the contents thereof to be treated in a sanitary manner, and immediately upon completion of the contract the contractor shall remove the privy, shall fill in the vault and leave the premises in a condition satisfactory to the Board of Health.

6. No indoor toilet or water closet, except that which is provided with proper means of flushing with water at time of using, where water is available, shall be hereafter installed on any premises in this town. Where water is not available for flushing indoor chemical toilets of approved material and construction may be installed under special permit of the Board of Health, if proper provision is made for the final disposal of the contents thereof.

7. Whenever a water closet, privy-vault, cesspool or drain becomes offensive or obstructed, the owner, agent or occupant of the premises shall cause same to be cleared and made free or otherwise corrected.

8. Every owner, occupant, or agent of premises in which there is any private sewer, drain, privy-vault, or cesspool shall keep the same in a sanitary condition and shall have every privy-vault and cesspool emptied and cleaned when necessary or at such times as ordered by the Board of Health. No privy-vault or cesspool shall be emptied except by such parties and in such manner as shall be especially authorized by the Board of Health. If the owner or occupant fails to comply with such order, the Board may cause the nuisance, source of filth, or cause of sickness to be removed and all expenses incurred thereby shall be paid by the person who caused or permitted same, if he has had actual notice from the Board of Health of the existence thereof.

HORSES, COWS, GOATS, SWINE AND POULTRY

1. The owners or persons in control of any buildings or premises, in which cows, goats, live fowl or swine are kept, shall keep the buildings and premises clean and free from decaying food, filth, dirt and stagnant water. The buildings and pens shall be white-washed or disinfected and put in such condition as may be ordered by the Board of Health.

2. The owner or other person or persons having control of any existing building or buildings hereafter erected or converted into a barn for the stabling of horses or other domestic animals shall keep their barns, stables and yards clean, and shall provide a pit constructed of cement or other suitable material for the reception of manure and other refuse matter. Wherever a public sewer is accessible, the Board of Health will decide as to the advisability of connecting such building with such public sewer.

OFFENSIVE TRADES, OCCUPATIONS AND PRACTICES

1. The Board of Health may prohibit the exercise of the following trades or employments, viz: Those of slaughtering animals, of rendering animal matter, of manufacturing fertilizers or soaps, of mixing or storing of refuse or vegetable substances, of smoking fish or meat, of refining oils, of making egg dressing, varnish, glue, gas, gasoline or any burning fluid, except at the place or places where such trades or employments are now lawfully established or which may hereafter be assigned by the Board, such trades, or employments being either nuisances or hurtful to the town, attended by noisome odors or otherwise injurious or dangerous to the public health.

2. No old rags, old papers or other refuse material shall be brought into or allowed to remain within any building used as a dwelling if gathered from any source outside of such building.

3. No person shall sell or offer for sale any second-hand wearing apparel, bedding, household furniture or household utensils that

have been exposed to any communicable disease, or that is infected with vermin until the same has been cleansed and disinfected in a manner satisfactory to the Board of Health.

ICE

1. No person, by himself or by his agent, or as the servant or agent of any other person, firm or corporation shall sell, exchange or deliver, or have in his or their possession with intent to sell, exchange or deliver, any ice from polluted sources, or ice which upon chemical or bacteriological examination shows evidence of sewage or other objectionable contamination, or which is visibly polluted or soiled by dirt, or ice in or upon which there is any visible foreign matter.

CHAPTER V

CAMPS

The management of every organized camp covered by Chapter 416 of the Acts of 1939 shall annually apply for a license in writing to the Board of Health. This application shall state the location and type of camp, the approximate maximum number of persons by whom it is to be used, the probable duration of occupancy, the proposed sources of water and milk supply for the camp and the proposed method of sewage and garbage disposal. If the camp is used the year around, such application shall be made annually not later than January 1 or, if used during only a portion of the year, at least 30 days in advance of the date when the requested license is desired to take effect.

GENERAL

1. Whoever violates any of these rules and regulations shall forfeit a sum not exceeding one hundred dollars ($100) except when otherwise provided by law or by these regulations.

2. All previously adopted rules and regulations contrary to the foregoing are hereby repealed.

At a meeting held this eighteenth day of December nineteen hundred forty, these rules and regulations were adopted by the Board of Health of Wenham, Mass., all members being present and voting.

JOSEPH HARRINGTON, JR., Chairman,
DELANO M. KENNARD, Secretary
HOWARD E. PERKINS
Board of Health.

Attest:
Delano M. Kennard, Secretary.

Wenham, Jan. 20, 1941.

Board of Health, Town of Wenham,

GENTLEMEN:

I herewith submit my report of communicable diseases reported to the Board of Health during the year ending Dec. 31, 1940, as follows:

Measles 5, scarlet fever 1, whooping cough 3, chicken pox 10, bacillary dysentery 1, dog bite 1; all cases reported complete recovery.

Two cases of violation of the General Laws relating to nuisances were investigated and the remedial measures suggested were quickly acted upon.

Very respectfully,

WILLIAM I. CUMMINGS,
Agent.

REPORT OF MILK INSPECTOR

January 1, 1941.

Board of Health, Wenham, Mass.

GENTLEMEN:

The following is a report of your Milk Inspector for the year 1940.

Nine (9) licenses were issued for the sale of milk and cream in Wenham.

Thirty-seven (37) dairy inspections and one (1) ice cream plant inspection were made.

Two (2) ice cream and one (1) cream sample were taken and analyzed.

One hundred and eight (108) milk samples were taken and analyzed.

Paid to the Town Treasurer $4.50 for milk licenses.

In closing may I take the opportunity to thank our local dairymen for their cooperation during the past year.

Respectfully submitted,

PORTER J. PERKINS,
Milk Inspector.

REPORT OF THE SURVEYOR OF HIGHWAYS

To the Citizens of the Town of Wenham:

The following report of the Highway Department for the year 1940 is submitted.

The regular patching, oiling, etc. on the town streets was carried out as in former years.

During the year the following improvements were made:

Linden Street: a new catch basin was built.

Monument Street: a new catch basin was built.

Friend Court: two catch basins were rebuilt.

Arbor Street: one catch basin was rebuilt.

Larch Row: The unfinished curve was completed during the summer by the WPA and makes a very good improvement. The culvert over Miles River has been widened on the easterly side making the road wider and straighter. Work had to be stopped on account of the cold weather but will be finished during the summer.

Cedar Street: Beginning at the corner of Mr. Cogswell's house for about 250 feet, the road was rebuilt and straightened, making a very much needed improvement. I wish to thank Mr. Cogswell for so generously giving the land to the Town for this purpose.

Regwill Avenue: Was partly graded and graveled so that we could get to the last house with the snow plow. We intend to do some more this year.

Corner of Cherry and Main Streets: We moved the wall back about five feet and put a curbing around the corner as

per plan by the County Commissioners and Massachusetts Public Works Department.

Cherry Street: We moved about 300 feet of stone wall back to the Town line on Mr. Erhard's property. I wish to thank Mr. Erhard for his kindness in giving us the land.

Under Chapter 90 Maintenance, the following streets were sealed with emulsion and pea stone: Part of Topsfield Road, about 1400 feet; part of Essex Street, about 1700 feet; part of Grapevine Road, about 1400 feet; part of Rubbly Road, about 1700 feet.

A seal coat of tar and sand was put on the Beverly end of Topsfield Road on the unfinished section.

The easterly corner of Cedar Street and Topsfield Road was raised and a curbing made with mixed stone.

A catch basin was put in on the corner of Maple Street and Topsfield Road and graded to take care of the drainage.

On the upper end of Topsfield Road, the right-hand side was raised from two to six inches for about 150 feet to level it up.

Sidewalks: We put in about 300 feet on Pleasant Street and about 150 feet on Arbor Street from the Chapel to Mr. Gray's house.

New directional street signs were placed on the following streets and are a vast improvement over the old signs: Cherry Street and Main Street, Topsfield Road and Cherry Street, Main Street and Larch Row, Linden Street, Perkins, Porter and Arbor Streets, Arbor and Main Street, Friend Court, Monument Street.

The following is the Town property in charge of the Highway Department:

4 1½-ton dump trucks	3 striking hammers
4 sheer snow plows	2 axes

1 Fordson tractor
10 sets of tire chains
3 snow plow edges
4 horse plows
10 snow shovels
1 road machine
1 steel brush drag
1 brush drag
1 road mixer
2 tar kettles
1 cement mixer
1 steel contractor's plow
10 long handle shovels
8 short handle shovels
12 square shovels
12 picks
6 steel brushes
4 brush brooms
4 road signs
3 steel bars
4 lanterns
4 street bombs
3 6″ planks
1 weed burner
5 draft chains
2 scythes and snaths
3 steel rakes
2 hay rakes
1 18-ft. extension ladder
1 stone hammer
3 hand saws
4 barrels of asphalt
3 barrels K. P. tar
6 9-ft. cedar posts
10 granite bound posts
10 cement guard posts
3 cistern frames and covers
1 catch basin grate
250 ft. steel wire cable
3 wooden horses
100 ft. used guard rails
3500 ft. snow fence
300-400 fence posts
2 gravel screens
2 sanding machines
1 hand roller
2 steel rim rollers
1 whirlwind mower
1 horse mower
30 ft. of granite slabs
1 pipe guard fence
6 bags of salt
25 tons of sand
50 gals, winter oil
50 gals, summer oil
75 ft. drain clean. pipe rods
100 ft. of 1″ rope
100 ft. of ½″ rope
5 spot lights for trucks
1 V-tractor snow plow (unusable)

I wish to thank the citizens of the Town and the officers for their coöperation during the year; also the Wenham Village Improvement Society and Mr. and Mrs. Fowle for their kindness to the men who work all night on snow storms for the use of the Barn, the hot coffee, sandwiches and doughnuts. It means a lot.

Respectfully submitted,

JOSEPH F. LYNCH,
Surveyor of Highways.

REPORT OF THE POLICE DEPARTMENT

To the Honorable Board of Selectmen and Citizens of Wenham:

I herewith submit my report for the year 1940:

Number of arrests—drunkenness	3
Attendance in Police Court by Wenham officers	3
Automobile licenses suspended	10
Automobile registrations revoked	4
Summons served for out-of-town officers	5
Transfers of motor vehicles	29
Motor vehicle accidents	4
Number of complaints investigated	35

I would like at this time to thank the townspeople for the complete coöperation and the confidence placed in their Police Department.

Respectfully submitted,

M. EDWARD HALL,
Chief of Police.

REPORT OF THE DOG OFFICER

In my report as dog officer during the year 1940 I wish to state that all dog license fees due the Town were collected; that seven dogs, including strays and vicious dogs, were killed; that homes were found for two good dogs; that all complaints about dogs or damages caused by them were investigated and adjusted; and one dead dog was removed from the street.

In giving this report I wish to publicly thank Mr. Fred Vickers of the Society for the Prevention of Cruelty to Animals for his helpful assistance and coöperation in this work.

ROBERT C. JONES,
Dog Officer.

REPORT OF THE FIRE ENGINEERS

To the Honorable Board of Selectmen,

GENTLEMEN:

The Board of Engineers respectfully submit the following report:

The Department has answered a total of 46 alarms, which are as follows: 22 grass and brush, 8 buildings, 8 still, 4 chimneys, 1 oil burner, 1 auto, 2 out of Town, 1 Topsfield, 1 Hamilton and Essex. We have lost 250 feet of 2½-inch hose this year, leaving us with 2600 feet of 2½-inch hose and 950 feet of 1½-inch hose.

The following is the property of the Fire Department: 1930 Dodge pumper, 400 gal. Howe piston pump, 100 gal. water tank, 200 feet booster hose ¾-inch, 1 booster nozzle, 4 lengths suction hose, 1 foam extinguisher, 3 soda and acid extinguishers, 1 pyrene type extinguisher, 1 hand light, 1 crow bar, 1 axe, 1 plaster hook, 1 35-foot extension ladder, 1 18-foot roof ladder, 1 double gate valve, 2 hydrant reducers, 1 life rope, 2 pails, 2 lanterns, 4 pairs rubber boots, 1 gas mask, 100 feet 1½-inch hose, 1000 feet 2½-inch hose, 1 nozzle, 1 stone hammer, 8 rubber coats, 3 helmets, 1 shovel, and other small equipment.

1928 Stewart hose truck, 9 S. & A. extinguishers, 2 Indian pump cans, 7 rubber coats, 5 helmets, 6 pairs rubber boots, 3 pails, 1 axe, 1 28-foot extension ladder, 1 14-foot roof ladder, 4 brooms, 800 feet 2½-inch hose, 50 feet 1½-inch hose, 1 nozzle, 1 gas shut-off wrench, 2 shovels, 1 first-aid kit, 3 electric hand lights, 1 salvage can.

1938 Dodge 150 gallon pump, 200 gal. booster tank, 400 feet booster hose and nozzle, 4 lengths suction hose, 1 all service gas mask, 1 plaster hook, 1 axe, 1 foam extinguisher, 1 S. & A. extinguisher, 2 Indian pump cans, 3 rubber coats, 1 helmet, 1 large electric hand light, 1 small electric hand light, 1 24-foot extension ladder, 1 12-foot roof ladder, 1 life rope, a pair rubber boots, 8 brooms, 1 crow bar, 500 feet 2½-inch hose, 750 feet 1½-inch hose, 2 fog nozzles, 1 iron rope, and other small equipment.

1 diaphone whistle and equipment, 3 gal. sulphuric acid, 1 hose expander, 1 battery charger, 1 roll-top desk, 1 metal file case; 17 cisterns: one on Walnut St. near Hale estate, Maple St. near Burley St., West End school house, junction of Cedar St., Porter St. opposite Perkins St., Larch Row near H. A. Prince's house, junction of Larch Row and Walnut St., Larch Row near W. P. Dodge estate, near the house of Fred Batchelder, Main St., near the house of Frank Tarr, Main St., opposite Town Hall, junction of Main St. and Larch Row, near the Pingree house, Main St., junction of Grapevine Road and Hull St., on property formerly owned by the Street Railway which can be used, near the James H. Perkins house, Main St., Arbor St. near School St., School St. near schoolhouse.

23 chemicals, located as follows: 2 at Addison Williams house, 2 at Town Hall, 1 at Harry Pulsifer's house, 5 at Center schoolhouse, 13 at Engine house.

Respectfully submitted,

FRANK G. SARGENT, *Chief*
ARTHUR COOK, *Asst. Chief*
NORMAN C. TARR, *Clerk*

REPORT OF THE MOTH DEPARTMENT

To the Board of Selectmen, Town of Wenham,

GENTLEMEN:

At the beginning of the year painting of gypsy moth nests was started on the Town trees. A large infestation was found at the west end of Town.

Spraying was done by the WPA under the supervision of the Moth Superintendent. Spraying of badly infested areas on private property along with the street trees was attended to.

Last year there was a very bad infestation of the pest known as the looper. This infestation covered a large area, from E. Gray's property off Pleasant Street west to Cherry Street through Wenham swamp. A border spray of about 150 feet was applied with very satisfactory results. It kept the pest confined to the swamp and by this method, next year, this infestation can be kept under control.

The elm leaf bettle along the Main Street and the streets in the center of Town was very bad last year. The Main Street, of which this department has no control, was the breeding grounds of this infestation. In the coming year by applying two sprays and complete coöperation with the State, this infestation can be severely checked.

In the late fall a mile and one half of brush cutting work was done in the east end of Town. This work is a great help in keeping the gypsy moth under control.

Respectfully submitted,

NELSON T. BAGNELL, JR.,
Moth Superintendent.

PROPERTY OF THE MOTH DEPARTMENT

1	1935 Ford truck	16	short brushes
1	power sprayer	30	gal. of creosote
25	ft. of suction hose	10	creosote pails
700	ft. 1-in. hose and nozzle	2	pr. of climbing irons
1	8-qt. pail	3	axes
4	red flags	1	14-ft. pruner
5	12-ft. poles and brushes	1	14-ft. pole saw
5	8-ft. poles and brushes	150	lbs. of arsenate lead

REPORT OF THE TREE WARDEN

To the Board of Selectmen, Town of Wenham,

GENTLEMEN:

During the past year all dead and dangerous wood has been removed from along Walnut Road and Dodge's Row, and all other dangerous limbs have been removed from the Town highways.

The following trees have been removed: 7 maples, 2 birch, 23 willows, 1 red cedar, 2 ash, 2 red oak, 1 locust, and 2 poplar.

There were 25 rock maple trees set out along Porter, Arbor, Cherry, Perkins, and Linden Streets.

Respectfully submitted,

NELSON T. BAGNELL, JR.,
Tree Warden.

PROPERTY OF THE TREE DEPARTMENT

6 pruning saws
1 two-man saw
1 one-man saw
3 pole saw heads
1 10-ft. handle
1 pruner head
1 12-ft. handle
1 1½-inch chisel
2 climbing ropes, 150 ft.
2 hand lines, 100 feet.
1 150 ft. by 5/8 line
1 tool box
2 gals. tree paint
1 16-ft. extension ladder
1 12-ft. ladder
2 4-lb. wedges
1 6-lb. striking hammer

REPORT OF THE PARK COMMISSION

To the Board of Selectmen, Wenham,

GENTLEMEN:

For the year 1940 the regular work and upkeep of the parks was accomplished.

At Pingree Park 210 feet of board fence was erected on the line of Mr. S. C. Gould. It is the hope of the Commission to finish the rest of the fence to the wall on Main Street this year, of which Mr. Gould will share half the expense.

Considerable work has been done in trimming and thinning the trees at Pingree Park, eliminating a dangerous fire hazard.

Respectfully submitted,

THOMAS J. LUXTON
PORTER J. PERKINS
KARL F. SMITH
Park Commissioners.

REPORT OF THE CEMETERY COMMISSIONERS

The Cemetery Commissioners have had one third of the main road in the Cemetery resurfaced with tar and pea stone at a cost of one hundred dollars, and we have also had one large tree removed which was struck by lightning.

We have had the entire cemetery newly surveyed and one hundred fifty new lots laid out. The Old Cemetery, which has never been surveyed, and of which we had no plan, has been done, and every gravestone has been copied, and name and date of death put on the plan, which can be found at the Town Hall in the vault. This work was done by Mrs. Joseph Harrington, Jr., and Mrs. Ethel B. Wentworth of the Wenham Historical Association.

NORMAN C. TARR, *Chairman*
ETHEL B. WENTWORTH, *Sec'y*
CHARLES J. TROTT
Cemetery Commissioners.

FEDERAL WORKS PROGRAM

The unemployment situation in this Town remains practically the same as in the past few years. Some of the younger men have been employed in industry. The older men, ages averaging 45 years or older, find private employment has little room for them, especially the unskilled group, which predominates here in Wenham. Consequently the Federal Relief roll is still at a maximum.

Starting in January there were 20 men employed on the Insect Control project, which continued until June. When the number of men were substantially reduced during the summer months, they were transferred to the road project on Larch Row, in July.

Beginning in the middle of September and continuing until December, employable men were added to this project, so that when the Insect Control project started again in December, their number had reached its highest point.

The following projects have been written and submitted for approval:

1. New insect control project for 1941 and 1942.
2. Road project.
3. Cemetery wall project.
4. Regrading school grounds.
5. Tree trimming and tree planting project.
6. Fire cistern project.

Of these submitted the fire cistern project is the only one that has the official approval at the writing of this report.

The Selectmen, who are the sponsor's agent, invite suggestions from the townspeople relating to new projects, and they wish at this time to thank everyone for their splendid coöperation in this type of work.

Respectfully submitted,

SAMUEL S. CONARY
JAMES R. REYNOLDS
ELMER E. CLARKE

REPORT OF W. P. A. COMMODITY CLERK

More than one hundred eligible persons have received the surplus commodities during the year.

The total distribution amounted to over eighteen tons net weight, and a list of the food and clothing received from the commissary is printed below.

Measuring, weighing and packing these various articles requires considerable time as well as the purchase of containers, hence a considerable increase in cost of maintenance of this department.

Government regulations and requirements are constantly increasing the amount of clerical work of this branch also.

COMMODITIES RECEIVED AND DISTRIBUTED

Apples	3658 lbs.	Ham (smoked)	802 lbs.
Bacon	643 lbs.	Lard	2040 lbs.
Beans	500 lbs.	Mackerel (frozen)	262 lbs.
Butter	678 lbs.	Milk (evaporated)	816 cans
Cabbage	2065 lbs.	Oranges	1370 lbs.
Carrots	540 lbs.	Peaches	144 lbs.
Cereal	686 lbs.	Pears	675 lbs.
Corn meal	1200 lbs.	Prunes	1625 lbs.
Eggs	1800 doz.	Potatoes	5395 lbs.
Flour (graham)	3810 lbs.	Raisins	1750 lbs.
Flour (wheat)	5243 lbs.	Rice	300 lbs.
Grapefruit	1105 lbs.	Salt pork	299 lbs.
String beans	25 lbs.	Tomatoes	576 lbs.

CLOTHING

23 cotton blankets	47 men's shirts
6 crib blankets	5 men's overalls
18 women's dresses	19 men's pants
20 men's dungarees	6 children's pajamas

33 cotton sheets

Respectfully submitted,

F. GUY COLE,
Commodity Clerk.

ARTICLE SIX

"WELFARE AND OLD AGE ASSISTANCE AGENT"

Voted—That the Town authorize the Board of Public Welfare to appoint one of its members as Agent of Public Welfare and Old Age Assistance.

ARTICLE SEVEN

"ASSESSORS CLERICAL WORK"

Voted—That the Town authorize the Assessors to do their own clerical work.

ARTICLE EIGHT

"PERMANENT HIGHWAY ON TOPSFIELD ROAD"

Voted—That the sum of seven hundred dollars ($700.00) be raised and appropriated for the extension of the permanent highway on Topsfield Road to the Beverly line, provided that the Commonwealth of Massachusetts and the County of Essex will appropriate the sum of sixty-three hundred dollars ($6300.00) for the same purpose.

ARTICLE NINE

"ACCEPTANCE OF PROPOSED STREET OF MR. L. E. LIBBY"

Voted—That no action be taken. (This in accordance with the request of Mr. Libby.)

ARTICLE TEN

"TRANSFER OF MONEY FROM OVERLAY SURPLUS TO RESERVE FUND"

Voted—That the sum of two thousand dollars ($2000.00) be transferred from the Overlay Surplus Account to the Reserve Fund as provided in Section 6, Chapter 40, General Laws.

ARTICLE ELEVEN

"MODERNIZING FIRE ENGINE HOUSE"

Voted—That no action be taken.

ARTICLE TWELVE

"APPOINTMENT OF COMMITTEE TO LOOK INTO MATTER OF A TOWN WATER SUPPLY"

Voted—That no action be taken.

ARTICLE THIRTEEN

"MISCELLANEOUS"

The following Resolve was offered by Mary Q. Cole in favor of W. Arthur Trowt:

Be It Resolved: That it is the sense of this meeting to express to W. Arthur Trowt our sincere appreciation of his thirty-four years of faithful and efficient service as Town Auditor, manifested by a rising vote, and that this Resolve be spread upon the records of this day's meeting and a copy sent to W. Arthur Trowt. (Unanimous by a Rising Vote.)

A Rising Vote of thanks was tendered to the Wenham Village Improvement Society for the bountiful dinner so generously provided to the voters.

Voted—That this meeting be dissolved.

ROSCOE B. BATCHELDER,
Town Clerk.

SPECIAL TOWN MEETING

December 16, 1940

ARTICLE ONE

"OLD AGE ASSISTANCE"

Voted—That the sum of two hundred dollars ($200.00) be raised and appropriated to be added to the amount already raised for Old Age Assistance for the current year.

ARTICLE TWO

"PUBLIC WELFARE"

Raymond K. Tarr, Perkins Street	Civil Engineer

* Drawn.

WARRANT FOR THE ANNUAL TOWN MEETING

March 3rd, 1941

Essex, ss.

To either of the Constables of the Town of Wenham in said County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify the inhabitants of said Town qualified to vote in Elections and Town affairs, to meet in the Town Hall in said Town on Monday, the third day of March next, at six o'clock in the forenoon, then and there to act on the following Articles:

Election of Officers by Official Ballot from Six A. M. to Eleven-thirty A. M.

Article One. To bring in their ballots for Moderator and Town Clerk for one year. One Selectman and member of Public Welfare for three years. Town Treasurer, Tax Collector, Tree Warden, three Constables, all for one year. One Assessor, one member of the Board of Health, one member of the School Committee, one Cemetery Commissioner, One Park Commissioner, one Water Commissioner, two Trustees of the Public Library, all for three years. One Surveyor of Highways for one year.

Article Two. To act on the reports of the Selectmen, School Committee, Trustees of the Public Library, Cemetery Commissioners, and other Town Officers and Committees.

Article Three. To raise such sums of money as may be necessary to defray the Town expenses for the ensuing year, make appropriations for the same, and determine the manner of collecting the same.

Article Four. To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1st, 1941, and to issue a note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article Five. To see if the Town will vote to accept the Cemetery Trust Funds received since January 1st, 1940, as printed in the Town Report.

Article Six. To see if the Town will vote to authorize the Board of Public Welfare to appoint one of their members Agent of Public Welfare and Old Age Assistance.

Article Seven. To see if the Town will vote to raise and appropriate the sum of Four Hundred Dollars to defray the cost of installing proper and modern toilet and heating facilities in the building occupied by the Lieut. Norman Prince Post American Legion or act anything thereon. Per petition of J. Russell Crosby and others.

Article Eight. To see if the Town will vote to authorize the Assessors to do their own clerical work.

Article Nine. To see if the Town will vote to raise and appropriate the sum of Fifty Dollars for the purpose of maintaining during the ensuing year the Mosquito Control Work

as estimated and certified to by the State Reclamation Board in accordance with the Provisions of Chapter 112, Acts of 1931.

Article Ten. To see if the Town will vote to raise and appropriate the sum of Seven Hundred Dollars for the extension of the Permanent Highway on Topsfield Road providing the Commonwealth of Massachusetts and the County of Essex will jointly appropriate a sum of money for the same purpose.

Article Eleven. To see if the Town will vote to raise and appropriate the sum of Seventy Dollars for the salary of two School Committee members for the year of 1939.

Article Twelve. To see if the Town will vote to transfer the sum of Twenty-five Hundred Dollars from the Overlay Surplus Account to a Reserve Fund as provided in Chapter 40, Section 6 of the General Laws.

Article Thirteen. To see if the Town will accept the proposed street of Lester E. Libby as laid out by the Selectmen.

Article Fourteen. To see if the Town will vote to continue the Committee appointed at the Special Town Meeting held December 16th, 1940, to revise the Town By-Laws.

Article Fifteen. To act on any other business that may legally come before said meeting.

And you are hereby directed to serve this Warrant by posting attested copies thereof, one at the Bulletin Board on Main Street, one at the Chapel at Mapleville, one near the Wenham Neck Church, and one near the residence of the late

Addison Williams in the eastern part of the Town, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk at the time and place of the meeting aforesaid.

Given under our hands this twenty-ninth day of January in the year Nineteen Hundred and Forty-one.

SAMUEL S. CONARY
JAMES R. REYNOLDS
ELMER E. CLARKE
Selectmen of Wenham.

RECOMMENDATIONS OF THE FINANCE AND ADVISORY COMMITTEE

Under Article 3 the following amounts are recommended to be raised and appropriated for the several departments:

Moderator (Salary for Annual Town Meeting $10.00 and for each Special Town Meeting $2.50)	$ 15 00
Selectmen (Salaries $6.00 per day for time spent)	1,000 00
Town Accountant (Salary $600.00)	625 00
Treasurer (Salary $750.00)	1,000 00
Collector of Taxes (Salary $700.00)	933 00
Assessors (Salaries $6.00 per day for time spent)	1,068 00
Town Clerk (Salary $200.00)	322 00
Election and Registration (Salaries $6.00 per day for time spent)	320 00
Town Hall	1,800 00
Police	700 00
Dog Officer	75 00

Town Reports	400 00
Incidentals	400 00
Cemetery ($100.00 of this amount for resurfacing avenues)	750 00
Interest	40 00
Town Clock	75 00
	$78,472 18

It is recommended that the Assessors with the approval of the Tax Commissioner be authorized to use Free Cash in determining the tax rate for 1941.

Under Article 4 it is recommended that the Town Treasurer with the approval of the Selectmen be authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1941 and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Under Article 5 it is recommended that the Town accept the Cemetery Trust Funds which have been received since January 1, 1940 as printed in the Town Report.

Under Article 6 it is recommended that the Town authorize the Board of Public Welfare to appoint one of their members as agent of Public Welfare and Old Age Assistance.

Under Article 7 it is recommended that the sum of $400.00 be raised and appropriated for providing suitable heating and toilet facilities in the Legion headquarters, the work to be done under the supervision of the Selectmen.

Under Article 8 it is recommended that the Assessors be authorized to do their own clerical work.

Under Article 9 it is recommended that the sum of $50.00 be raised and appropriated for the purpose of maintaining during the coming year the Mosquito Control Work as estimated and certified by the State Reclamation Board, in accordance with the provisions of Chapter 112, Acts of 1931.

Under Article 10 it is recommended that the sum of $700.00 be raised and appropriated for the improvement of Topsfield

Road, said money to be used in conjunction with any money which may be allotted by the State or County or both for this purpose.

Under Article 12 it is recommended that the sum of $2,500.00 be transferred from the Overlay Surplus Account to the Reserve Fund as provided in Chapter 40, Section 6 of the General Laws.

Under Article 13 it is recommended that the Town accept as a public way the street laid out by the Selectmen in accordance with a plan now on file submitted by Lester E. Libby, said street leads off Main Street near Cherry Street.

Under Article 14 it is recommended that the same committee be continued to make further investigation and report at some future town meeting.

ARTHUR D. PRINCE,
Clerk.

Fifty-sixth Annual Report

OF THE

Trustees of the Public Library

OF THE

Town of Wenham, Mass.

FOR THE

YEAR ENDING DECEMBER 31, 1940

SALEM, MASSACHUSETTS
NEWCOMB & GAUSS CO. PRINTERS
1941

REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY

The Board of Trustees of the Wenham Public Library herewith submits its annual report for the year ending December 31, 1940.

The report of the Librarian, attached hereto, indicates that the past year has shown a sizable increase in the number of books circulated, particularly in the number of adult books. The fact that the latter has been the largest in a number of years indicates to the Trustees that the present facilities and equipment are meeting with increased approval and appreciation by the reading public in the town. The Library Staff is especially commended for their activities in locating books for those who place their names on the waiting list. The Trustees would be pleased to receive any recommendations for books or magazine purchases, either directly or through the Librarian.

We wish to thank Mr. Arthur Prince for his services in providing transportation for books to and from the place in which they are mended. This work of mending is carried on continually by the Staff and members of the Board, and Mr. Prince has for a long time been most helpful in its execution.

The Library was pleased to receive many books as gifts in the course of the year, and wishes to take this occasion to thank the donors.

During the year, the Chairman of the Board, Miss Helen Aylward, was married and moved out of town. Her resignation from the Board of Trustees was a great loss to the Library and to the Board, inasmuch as Miss Aylward was a trained Librarian and most competent in the management of the Library. She had been on the Board for nearly six years and had been Chairman nearly five years.

The Trustees commend to the people of the town the further use of their library. A great many magazines are available, including those specializing in homes, styles, hobbies, cooking, handicraft, farming, and current events; a great many reference books, encyclopedias, etc. are readily available; and the Librarian, Mrs. Burton, or her assistants, Miss Duffy and Miss Porter, are always available to assist in locating material. You are cordially invited to drop in and get acquainted with your Library. It is open every Tuesday, Thursday, and Saturday afternoons from 2 to 5 p. m., and Tuesday evening from 7 to 9 p. m.

Respectfully submitted,

JOSEPH HARRINGTON, JR.
Temporary Chairman
NELLIE A. DODGE
ELOISE L. GARDNER
ALFRED A. MULLIKEN
JOHN D. WHITTIER

LIBRARIAN'S REPORT

To the Board of Trustees:

The Librarian herewith submits the following report for the year 1940:

GENERAL STATISTICS

Number of days the library has been open	151
Number of volumes circulated at the library	12,360
Largest delivery was in March	1,195
Smallest delivery was in July	839
Average monthly circulation	1,030
Number of children's books circulated	3,441

USE OF LIBRARY

Librarian.

ANNUAL REPORT

OF THE

SCHOOL COMMITTEE

OF THE

TOWN OF WENHAM

FOR THE

YEAR ENDING DECEMBER 31, 1940

SALEM, MASSACHUSETTS
NEWCOMB & GAUSS CO., PRINTERS
1941

REPORT OF SCHOOL COMMITTEE

The past year has been notable because of the large number of changes in the teaching force in the Wenham schools. Ordinarily our teachers remain with us for quite a period of time and usually only one or two changes in the force result. In 1940, however, there were several changes and new teachers had to be elected to fill the vacancies.

Mr. Paul Bridges, who has handled our Manual Training Department in a very satisfactory manner, resigned to accept a position in the High School at Dover, New Hampshire, at a considerable advance in salary. Miss Phyllis Snow, teacher of Domestic Science, resigned after two years of successful experience, because of her approaching marriage.

Mrs. Mabel Preston, who has taught our beginners in the first grade in an excellent manner for the past eleven years, resigned because of home duties. We have been very fortunate in the first grade, and over a period of twenty-seven years, have had only three teachers.

Mr. Charles L. Warner resigned after a year's experience in our Junior High School in order that he might accept a Principalship in Grafton, Massachusetts, to which he had been elected.

The Committee held several meetings and interviewed numerous candidates who were presented by Superintendent Whittier. We believe that we have been very fortunate in our selection of teachers to fill these vacancies.

Mr. Harlton Burr, an experienced teacher of manual training in the Yarmouth, Maine, school system, was elected to fill the vacancy caused by Mr. Bridge's resignation. Miss Helen A. Walker, a graduate of Framingham Teachers College with two years' experience in extension service in Essex County, succeeded Miss Snow.

Mr. A. D. Simonds was appointed to succeed Mr. Warner. Mr. Simonds has had seven years' experience in the Woodbridge County Day School in Ansonia, Connecticut. Miss Ruth Shaw, a graduate of Lowell Teachers College, and formerly a teacher in Warwick, Rhode Island, has taken over the teaching of the first grade.

It will be noted from reading the reports of the Superintendent and Principal, which follow this report, that all the new teachers are taking hold of their duties in an excellent manner.

It did not seem necessary to have a special teacher of physical training this year so this work has been taken over by two of the new teachers, Miss Walker and Mr. Burr. It is necessary to teach typewriting in Grade 9 and Mrs. Bessie Dane of Hamilton has been engaged on a part-time basis to carry on this work.

The teaching force in 1940 had a very commendable record for attendance. During the entire year, substitutes were employed for only five days.

Under the experienced guidance of Supt. John D. Whittier, school matters progressed very smoothly throughout the entire year. A coöperative spirit was manifested by the pupils and the teachers had no unusual problems to face. Much credit is due to the Principal, Miss Buker, for her wise handling of school matters. We believe we have an excellent corps of loyal teachers and that our teaching force will compare very favorably with any in the state.

The reports of the Superintendent and of the Principal, which follow, show that our teachers have continued to take professional improvement courses and that leaders in their

respective fields of education have met with our teachers so that they may have the latest knowledge of educational methods and movements.

The Superintendent's report also mentions the extra-curricular activities among the scholars like the drum corps, the course in Conservation and the Junior Red Cross.

The subject of a new County Trade School mentioned in the Superintendent's report has many ramifications and is being studied by the School Committee to see if we should recommend it. The advantages of the proposed Trade School from an educational standpoint and the financial cost of the plan are set forth in the Superintendent's report.

The reports following show that virtually all graduates of our Junior High School continue their studies at other institutions. In December there were thirty-four pupils from Wenham attending Beverly High School, four at Hamilton High, three at Beverly Cooperative Trade School, five at Essex Agricultural School, one at the Lynn Vocational School and one at the Boston Trade School for Girls. We are pleased that there is no break at our Junior High School graduation, but it is really a Commencement to further study.

Matters of health have been given careful attention. We have been fortunate in having Dr. John G. Corcoran as our school physician and Miss Florence Stobbart, R. N., as school nurse for many years. The report of the nurse, which appears in the pages following, deserves careful reading.

The Committee has not overlooked the matter of a Dental Clinic. We believe if there is to be one at the School it should be of very high grade, and started only after we are positive that we have a very competent dentist to conduct it.

Among the school gatherings at which the parents and townspeople were invited were the Junior High graduation in June and the Education Week program in November. In each case, the guest speaker was from Marblehead. Carl B. Wetherell addressed the Junior High graduates and Superintendent of Schools J. W. Vose spoke of current educational problems at the meeting in November. Both addresses were much enjoyed by those present.

The Committee is pleased to report that it did not spend the entire amount of the appropriation of $29,000, but left in the Town Treasury an unexpended balance of $373.35 at the end of December. The changes in the teaching force were to a considerable extent the cause of the unexpended balance as the resignations came principally from teachers enjoying higher salaries and the newly-elected teachers are starting at lower salaries; also, the cost of tuition at out-of-town schools was a little less than was anticipated.

Bids for the coal were called for as usual and five coal dealers submitted bids, the lowest of which, $7.90 per ton, was from the Danvers Coal Co. and the contract was awarded to this concern. The janitor reports the coal to be of excellent quality.

A steel covering has been installed over the stair well to the basement to avoid future accidents to pupils. The school roof had to be renewed. The twenty year guarantee on the old roof expired a year or so before the roof gave out. These two items were the main repair items proposed.

The School Committee hopes it will not be necessary to make any heavy repairs to the building in 1941 and therefore is submitting to the Finance Committee a requested budget of $28,855, which is under the 1940 appropriation of $29,000. The proposed budget follows.

The 1940 expenditures and the requested budget for 1941 are as follows:

General Expenses	1940 *Expenditures*	*Recommended Budget for* 1941
School Committee		
Salaries	$120 00	*$190 00

* To cover 1939 salary account not included when new bookkeeping system set up.

** This reimbursement included in "Income Tax Receipts" in accountant's books.

The school bus contract, which is made for a three-year period, will expire in June. The Committee does not now anticipate any increased cost for this service, but plans to review the whole matter of transportation of pupils to see if any improvements in schedule can be made.

The citizens of the town have shown their customary support and coöperation with your School Committee which is much appreciated. The Superintendent, teachers, pupils, and

parents and school employees all did their part to make 1940 a happy and successful year in the Wenham schools. We extend our thanks to all concerned for their help, assistance and coöperation.

Respectfully submitted,

EDMUND S. COGSWELL, *Chairman*
ROGER R. WHITTIER, *Secretary*
DELANO M. KENNARD

who have the honor to be members of the School Committee of the Town of Wenham.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Members of the School Committee,

Gentlemen:

I herewith submit my eighteenth annual report.

Total	141.28	100.0	155.50	100.0

A comparison of state and local expenditures per pupil discloses the fact that in the items of teachers' salaries ond operation local expenditures exceeded that of the state. Other items were the same or lower.

Teachers

During the summer vacation four teachers resigned. After eleven years' service in our system Mrs. Mabel Preston resigned to devote her time to her home. Miss Ruth Shaw, a graduate of Lowell Teachers' College, with two years' teaching experience was elected to the position as teacher of grade one.

Miss Phyllis Snow, who had served as teacher of Domestic Arts for two years, resigned to be married and was succeeded

by Miss Helen A. Walker, a graduate of Framingham Teachers' College, with two years' experience in the County Extension Service.

Paul A. Bridges, teacher of Manual Arts for two years, resigned to accept a position in the Dover, New Hampshire, school system. Mr. Harlton Burr, who had taught four years in the Yarmouth, Maine, school system, was elected to fill the position in the Manual Arts Department.

Mr. Charles Warner resigned after one year's experience in the system to accept the principalship of a graded school at Grafton. Mr. Arthur Simonds, who had seven years' experience to his credit in Woodbridge County Day School at Ansonia, Connecticut, was elected to fill the last position vacated.

There being no teacher in the junior high school trained to teach typing, it became necessary to secure the services of Mrs. Bessie Dane to teach two divisions in typing four days weekly.

The position as physical training instructor vacated by Miss Gertrude L. Davis was not filled, but the duties were assigned other teachers in the system.

We were most fortunate in securing for these positions teachers of successful experience. Because of this fact and the splendid organization of the school, worked out by Miss Buker, classroom instruction and participation in the many activities of the school have gone along most satisfactorily.

Professional Improvement

One of the important duties of the school administration is to encourage teachers to keep professionally fit. During the past year several teachers have pursued formal educational courses, while others have availed themselves of opportunities to attend lectures for self enjoyment and improvement.

Miss Buker attended the two-day Elementary School Principals' Conference at Amherst.

Professor W. K. Burton of the Harvard Graduate School of Education visited all schools and addressed the teachers in conference at the close of the day.

Miss Ida Curley, State Supervisor of Safety Education, gave a talk supplemented by the use of a moving picture on street and highway safety.

Miss Martina MacDonald, State Supervisor of Music, held a conference on music and musical instruments for the early elementary grades.

Mr. Daniel J. Kelley, State Supervisor of Physical Training, met with the principals, coaches and physical education instructors for a round table discussion on problems related to junior-senior high schools.

Miss Caroline H. Wilson, assistant, field of household arts schools and departments, held a conference with the household arts teachers.

Four reading demonstrations were given by specialists in the field of reading.

All teachers attended two one-day Teachers Institutes at Beverly at the invitation of Supt. Starr King and of the Beverly Teachers' Association.

Two conferences to arouse interest in Junior Red Cross have been held.

In addition to the above your superintendent has attended several conferences from which he has endeavored to obtain new ideas for the improvement of the schools.

Reading System

The Child Story Basal Reading System, which had been used for ten years, has been replaced by adoption of the Alice and Jerry Basal System. This system was recommended by the teachers of the primary grades after a thorough examination of several systems.

The Alice and Jerry System had been published and used sufficiently long in many of the so-called progressive schools to convince us that it should fulfill our need of an up-to-date and workable system for our school.

The Mental Health of the Child and The Child Guidance Clinic

The services of Dr. Henry Elkind and of Miss Bernice Henderson have been available without charge to the department for a series of lectures on the Mental Health of the Child and for consultations with the teachers on individual cases.

Where parents have been interested, it has been possible to refer cases to the Child Guidance Clinic held under the direction of the Division of Mental Hygiene of the Massachusetts Department of Public Health, at the Lamson School in Hamilton, on the second and fourth Wednesday of the month. The service of the Clinic, which deals with personality and health problems, conduct problems and scholastic problems of the child up to his fourteenth year, is free.

The clinic staff, which is composed of a social worker, a psychologist, psychiatrist and the services of the school physician as necessary, coperates to study the whole child physically, emotionally and socially, as well as to create among adults a general understanding of what the child needs for a healthy mental and physical development.

Appointments for the Clinic can be made upon request to the principal or school nurse.

Instrumental Music

On May twenty-fourth the combined school drum corps of Hamilton, Topsfield, Wenham held an open air practice session at Hamilton. The pupils of Wenham participating were: Richard Patch and Kingsbury Harwood, trumpets; Ruth Hale and Martha Burton, bugles; Norman Crawley, drum; Robert Richard, alto; and Donald McCormack, symbols.

Although a few of the above have dropped out of the corps others have joined and weekly instruction is being given by Mr. Wescott.

The practice scheduled for the combined drum corps to be held in the Community House at South Hamilton during January will be held in February with another during May, if possible.

The local Girl Scout Committee kindly gave a bugle to promote this important work in the school.

Conservation

My report of last year mentioned the course in conservation provided by several friends of the school and conducted under the auspices of the Massachusetts Audubon Society. At that time this course was only conducted in the schools of Hamilton, Wenham and Topsfield, with Miss Rutter as instructor. Through the assistance offered by friends of the school and by the Village Improvement Society the work has been continued through this year with much added interest under the leadership of Mr. Pike.

Much interest in this course has been aroused by trips to the pond and swamps to study flowers and birds, by trips to a sheep ranch and large dairies to study domesticated animals,

by use of lantern slides, moving pictures and by specimens brought to the classrooms for study.

It is interesting to note that five other towns in this county have accepted the service offered by the Audubon Society with a possibility that many towns in the state will set up a similar course in their schools another year.

Dental Clinic

Efforts have been made to secure the services of a suitable dentist to conduct a Dental Clinic. Dentists who do have the time to devote to such a clinic do not have portable equipment and they refuse to undertake the work with the few pieces of rather antiquated equipment we are able to secure for use. Until it is possible to secure adequate equipment with which to do the work, parents are requested to assume full responsibility for the dental care of their children.

Proposed County Trade School

The school superintendents of the County have formulated a tentative bill to be presented to the State Legislature now in session. If said bill passes steps will then be taken to have the following question placed on the official ballot at the next state election of County Commissioners of Essex County:—"Shall the County of Essex establish and maintain a County Independent Industrial School or schools for the education of its youth as now defined and provided for in Chapter 74, General Laws, as amended?" Said independent industrial school would cost $250,000 and said cost would be met by issuing bonds for a term not exceeding twenty years. Each town and city would meet its obligation on these bonds as is done on other county assessments.

Under the "George Deen Act" such a school is eligible to receive sufficient funds to defray all the salaries of teachers during its first two years of operation, 75% the third year, 50% the fourth year, and 25% the fifth year.

Such a school would fulfill a need for all cities and towns not maintaining such a school. It would also maintain courses to supplement those now conducted in a few of the high schools of the county.

The voters of Wenham are urged to give serious consideration to the enactment of legislation making it possible to provide training in the trades to the youth of the county. At the present time we are requiring many to pursue an academic training who prefer to be trained for industries. By pursuing such a plan we are wasting money and the valuable time of youth.

Provision of trade school facilities for the youth of the county would be one of the greatest educational advances made by this county.

Secondary School Training

It is to be noted in the "Enrollment" list that our pupils who have left our school are now pursuing courses according to their choice in six different school systems. I believe decisions as to what school will be attended after leaving our local junior high school have been very wisely made. Being privileged to make their own decision and attend these schools at no expense to themselves assures us that practically every pupil remains in said school until his course is completed. Following completion of the secondary school work a large per cent of the pupils continue work in other educational institutions or secure work for which their secondary school training has fitted them.

Conclusion

In closing may I express to the Committee, employees of the department and to others who have in any way contributed to the proper functioning of the schools my sincere appreciation.

Respectfully submitted,

JOHN D. WHITTIER

January 24, 1941.

PRINCIPAL'S REPORT

To the Superintendent of Schools,

Dear Sir:

I herewith submit my eighteenth annual report of the Wenham Center School.

Four changes in the teaching staff of a small school system such as ours was, perhaps, ample cause for the concern of some of the people of the town. We had become confident that under Mrs. Preston's kindly guidance and able teaching, our first grade pupils would be well started on their school careers. Miss Snow, Mr. Bridges and Mr. Warner, whose coöperation in any undertaking was certain, not only at school, but in the affairs of the community, were bound to be missed. However, Miss Shaw has proved herself to be well adapted to the teaching of small children. Miss Walker, Mr. Simonds and Mr. Burr have an interest that is commendable. They, like those longer in service, are constantly striving for the betterment of our school.

Last January a study hall was conducted to benefit any junior high pupil who might desire extra help or a quiet place for study. This project proved both interesting and enlightening. For the first few days a goodly number of the children took advantage of the opportunity, but the majority of them were pupils whose work was usually prepared anyway. As time went on, this number decreased until only pupils who had been asked by the teachers to remain, made up the group. There were doubtless several reasons for such a reaction, but the teachers regretted that more of the pupils did not avail themselves of the chance to improve their scholastic standing. We do not now have any blanket scheme of giving special aid,

but we would like the parents to understand that each teacher is willing and glad to assist any child at any time.

In spite of inclement weather our school play, The Promoters, given on February seventeenth and eighteenth, was a success. Each member of the cast gave willingly of time and effort that the performance might do credit to Miss Bullis and our school. Some of the sixty-two dollars net profit has been used to purchase new books for our library. We plan to spend the remainder for the much needed re-covering of our scenery.

As members of the Junior Red Cross, our school last year gave more active service than at any time previous. The pupils of grades five and six made an afghan, while those of the junior high knitted scarfs, made layettes and, at Thanksgiving, sent attractive favors to the Beverly Hospital. During the holiday season clothing was collected to help the needy in the nursing district. Along with service, another main objective of the American Junior Red Cross is to give children a sense of neighborliness with other children of the world. To accomplish this the children must receive a fuller appreciation of the modes of living among their "neighbors" in foreign lands. With this objective in mind, the teachers of the elementary grades decided to base their Christmas program on holiday customs in other countries. Customs of England, Holland and Mexico were portrayed as the "Red Cross Lady" told the story of her travels there. In these times of world-wide stress and suffering, it seems desirable that children realize the need of friendliness and service to the people of foreign lands as well as to our own.

That the parents might know more of what constitutes our course in drawing, an art program was given on June fifth. Different types of work that had been done throughout the year were on display in each room, but the main feature of

the afternoon was the portrayal, by the children, of several masterpieces of art. The outstanding qualities of each painting, together with a few facts about the artist, were described, surely proving to all of us that our pupils were making at least a beginning of a real appreciation of beautiful paintings.

Due to the continued interest of friends of the school, and the assistance of the Village Improvement Society, the nature course is still being given to the children of the middle grades. Mr. Pike of Jamaica Plain has replaced Miss Rutter, the instructor of last year. Mr. Pike has proved to be particularly apt in adapting his teaching to the level of those ages. His lessons are seasonable, varied, interesting and educational.

It seems to me a regrettable fact that some arrangements can't be made for a dental clinic in our school. The work done last year seems to have been very satisfactory, but dentists do not care to return to us because of the lack of proper room, light and equipment. Many of our pupils visit their family dentists regularly, but there are quite a number of families who need, appreciate, and take advantage of a good school clinic. I wish that steps could be taken whereby some scheme for a permanent school clinic could be devised.

The teachers appreciate the coöperation that has been given them throughout the year. It is gratifying to realize that a parent is willing to work with us in the solving of a problem concerning his child.

In closing, I wish to thank the superintendent and school committee for the aid and support which they have given, and the teachers for their steadfast loyalty.

Respectfully submitted,

BESSIE M. BUKER,

January 17, 1941. *Principal.*

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools,
Wenham, Massachusetts.

Dear Sir:

I herewith submit my sixteenth annual report as School Nurse in the Town of Wenham.

Total enrollment 153

Results of physical examination by Dr. John G. Corcoran, M. D., School Physician:

Defects		*Corrections*	
Tonsils	7	Tonsils	5
Posture	59	Improved	27
Heart	3		
Mod. enlarged glands	19		
Mod. enlarged tonsils	11		

Result of eye and ear examination:

Defective vision	7	Corrected with glasses	5
Defective hearing	3	Under treatment	1

Report of Dental Clinic by Dr. Laurent J. Bouchard of Salem to June, 1940:

Number examined	153
Number found not needing dental care	23
Number found needing dental care	130
Number having dental work completed at clinic	66
Number having dental work completed privately	45
Number having some work done but not completed	19

From September of this year a dental clinic has not been established. To the end of December, 1940, the number of dental certificates received from private dentists, 12.

Number classroom inspections	51
Number home calls	143
Number first aid dressings	134
Number school children immunized against diphtheria	12
Number pre-school children immunized against diphtheria	17
Number consultations with teachers, pupils, parents, clinics, doctors and other health agents	457

Number contagious diseases of the school population reported:

Scarlet fever	1	Chicken pox	16
Measles	6		

Miscellaneous illnesses:

Dogwood	9	Impetigo	5
Ivy	6	Fracture	3
Appendectomy	1	Mastoid	1
Pediculosis	3		

The general health of the school population has been very good. I still feel the need of stressing the fact that we must exclude all children or teachers showing signs of illness, even though it may seem to be only a common cold. In this way only can we keep from having serious epidemics. I hope some day I may be able to erase from my report the list of contagious diseases.

In closing may I thank all members of the school faculty, parents, pupils, school physician and all other health authorities for their kind and considerate help and coöperation.

Only by the continuation of such coöperative help can we hope to maintain a high standard of health.

Respectfully submitted,

FLORENCE L. STOBBART, R. N.,
School Nurse.

TWENTY-THIRD GRADUATION EXERCISES

OF THE

WENHAM JUNIOR HIGH SCHOOL

Assembly Hall

Friday, June Twenty-first at Two-thirty O'clock

1940

PROGRAM

March

Treasurer	Ernest D'Amato

CLASS MOTTO

Seek the Eternal Goal

CLASS FLOWER

Gardenia

CLASS ODE

Though our school is over
And our studies through,
We will seek our guidance
Thru our thoughts of you,
And we'll all be grateful
For a school so true,
As we hymn our praises
In a song to you.

Chorus
God bless our Wenham School
Bless it today;
As we leave you, and believe you
As the one to be honored this day
Our studies and our honors
We'll remember always.
We seek the Eternal Goal
This parting day.

We will seek thee ever
As a ray of light,
Coming from the distance
Shining through the night,
Many years have passed with thee;
Years so bright and gay
Leave us with a mem'ry
Which now seems to say.
Chorus

Alice May Bixby

To the tune of "God Bless America"

HOME READING WITH SCHOOL CREDIT

Public Schools and Public Library Co-operating

The following pupils received certificates for having read ten or more books from the approved list:

Grade 2

David Amory
Pio Angelini
Constance Crehore*
Ann Gouzie*
Kenneth Hitchings
Barbara Jenness*
Delano Quincy Kennard*
Charles McCarthy*
Janice Meade****
William Moran**
Philip Richard*
Philip Robinson
Charlie Summit
John S. Amory, Jr.
Judith Bell*
William Flynn**
Doris Harwood*
Elisabeth Hollander**
Robert W. Johnstone, Jr.
Marcia Killam**
Mary McEnaney
Doris Merrill
Bessie Noyes
Gerald de B. Robbins, Jr.*
Mary Spiliotis*
Phebe Swaine
Carol Tracy**

Grade 3

Nancy Amory***

Phyllis Wildes

Grade 9

Ernest D'Amato
Alice Bailey
Dorothy Dodge
Dorothy Jones
Robert Jones
Shirley Jones
Muriel Landers
Marshall Nielsen

Clifton Page
Millicent Scotten
Warren Stevens
Elizabeth Richard
Robert Smith
Walter Wilson

* A star is given for the reading of each five books in addition to the ten required for a certificate.

JUNIOR HIGH HONOR ROLL

The following pupils were on the Honor Roll during the entire year 1939-1940:

Alice Bixby
Mildred Day

PERFECT ATTENDANCE

The following pupils, grades one to nine, were perfect in attendance during the school year 1939-1940:

Neil Landers
Mary McEnaney
Edna Peabody
Alistair Gouzie
Joan Peabody
Clayton Summit
Priscilla Wildes
Donald McCormack
Laurence Perkins
Pio Angelini
Joanne Hicks
Emily Currier
Dana Noyes
June Begg
Priscilla Summit
Martha Burton
Calvin Perkins
Phyllis Wildes

Ernest D'Amato

PENMANSHIP

The following pupils received certificates for improvement in penmanship during 1939-1940:

Elizabeth Cook
Duane Johnstone
Pio Angelini
Robert W. Johnstone, Jr.
Janice Mead
Alice Cook
Joanne Hicks
Maria Therese Patch
Joseph Angelini
Lucy Angelini
Jean Mitchell
Peter Bell
Richard Patch
Mildred Day
Joseph Crehore
Neil Landers
Elisabeth Hollander
Roland McCormack
Carol Tracy
Theresa D'Amato
Sally Cunningham
Edna Preston
Florence McCormack
Edna Mead
Evelyn Seaver
Martin Dunn
Priscilla Summit
Charles Spiliotis
Phyllis Wildes

AGE OF ADMISSION

Pupils entering school in September must have been at least five years of age on April 1st preceding entrance in September.

VACCINATION

Children who have not been vaccinated will not be admitted to school in September unless they present a certificate from a regular practicing physician, stating that they are not fit subjects for vaccination. Parents are requested to attend to this matter during the summer vacation, as certificates of vaccination or exemption must be presented at the opening of school to entitle children to admission.
